Ex-Passenger Agent for Northern Pacific Dis-cases Former Trouble—Unable to Work for Six Years.

Nearly everybody in Knoxville, especially railroad people, knows Captain F. S. Patty, for twelve years district passenger agent for the Northern Pacific railroad with local offices in Chattanooga and general offices in St. Paul Minn.

On account of generally failing health Captain Patty was forced to discontinue active work and for the past few years has been making his home in Knoxville, where he numbers his friends by his acquaintances. He is a kind, genial gentleman of the old school and is beloved by all who know him. The following interesting statement was made by him in person to the Tanlac representative:

"I am 69 years old and always enjoyed good health up to about six years ago, when I suffered a nervous breakdown and my general health gradually failed me. My principal trouble was indigestion and catarrh, but my whole system seemed to be out of shape. My condition finally got so bad I couldn't sleep at night and always after eating I would suffer so from indigestion and heart burn that I felt just like there was a coal of fire in my stomach. My hearing and vision were also affected. I consulted several doctors here in Knoxville and other cities and they helped me considerably and I finally got so I could go around, but somehow I just couldn't feel right and could not sleep at night, which made me awfully nervous and nothing I would eat seemed to agree with me.

"I began reading about this Tanlac when you first came here, but did not decide to try the medicine until I talked with a friend of mine who had actually used it. He said it was the best thing he had ever taken, and that was sufficient proof for me.

"I have just finished my first bottle and came here this morning, not only to buy the second bottle, but to tell you just what it has done for me. I began enjoying my meals from the first few drops. My nervousness is all gone and I can sleep like a child and always wake up in the morning ready for breakfast and feeling refreshed. I am very fond of onions, but was almost afraid to eat them, because they always disagreed with me so; I could taste them for hours afterwards. I ate one for dinner the other day and it agreed with me perfectly and I felt no bad after effects whatsoever. I tell you I am beginning to feel like a biferent man and am always going to keep this Tanlac on hand. It has done me more good than any thing in the medicine line I have ever taken. I certainly recommend it to my friends. It is really remarkable."

Tanlac is sold in Gainesboro, exclusively by L. B. Anderson, and by W. M. Boyd and Son, Defeated, Route 1.
