

## GRANVILLE DEPARTMENT.

Walter Cooper has returned from Nashville.

Luther Sutton made a pleasure trip to Carthage Sunday.

P. P. Anderson, of Gainesboro, was here on business Wednesday.

Tom Maddux and J. T. Lee, of Martins Creek, were in town Saturday.

John Butler and Elden Draper, of Salt Lick, were in town on business last week.

Misses Winnie Page and Sallie B. Jones spent the week-end as the guests of friends at Trinity.

Charley Williams, who is attending T. P. I. at Cookeville, is making a star player on their foot ball team.

Miss Darthena Duke spent the week-end as the guest of her sister, Mrs. Walter Vaughn, near Buffalo Valley.

H. F. Page, of this city, has returned after helping the local exemption board at Gainesboro for a few days. The Board will finish their work sometime this week.

Granville responded very patriotically to the cause of the Y. M. C. A. The donations made by our good people in the district amounted to about \$500, of which Granville gave \$300.

Prof. H. L. Huffines, who is teaching at Corinth near this place, was in town Saturday shopping. He purchased a penny pencil, saying he didn't want to be extravagant as the war is on.

The following from Gainesboro motored to Granville and delivered patriotic speeches in the interest of the Y. M. C. A. Sunday evening: P. J. Anderson, Byrd Lee Quarles, Jr., John McCawley and Ridley Draper.

Mr. and Mrs. Leslie Hargis and little son, Joe Cummins, of near this place, were the weekend guests of Mrs. Hargis' parents, Mr. and Mrs. S. L. Pate of Gainesboro.

Walter Cooper and John Watts made a business trip to Elmwood last week.

Dr. Steinberg, of Nashville, was here shaking hands with friends last week.

John Hargis, one of our local traveling salesmen, spent the week-end at home.

Arrington Ditty and King Ferrell, of Enigma, were in town on a pleasure trip Sunday.

Dr. Simmons and son, Lewis, Jr., have returned from Nashville, after being there a few days on business.

C. G. Gailbreath and R. E. Daniel have returned from a two weeks business trip to Ky. Mr. Gailbreath represents Gray and Dudley Hardware Co., Nashville, and is regarded by that Company as being one of their very best salesmen.

The public school at this place continues to progress under the competent and untiring instructions of Prof. and Mrs. M. E. Gray, and in addition to this the music department has accomplished much since the arrival of Miss Ova Boyd from Cookeville.

A wedding of much interest to their many friends was that of Miss Zephie Pharris and Mr. Dewey Bockman, Sunday evening. The bride is the charming, attractive and accomplished daughter of Mr. and Mrs. A. J. Pharris of near this city, and the groom is the son of Mr. and Mrs. Herbert Bockman of Smith county, a prominent farmer of that section. It is through the Sentinel that their many friends desire to express their many and best wishes, and may happiness and prosperity ever be theirs.

## The Churn That Mother Wants.

The above illustration shows the difference between the Reliable Churn and the old stick and dasher churn. It is built on the same principle as the old churn, but all of the hard labor is eliminated. Churning with the Reliable is made easy and a pleasure, and is accomplished in much shorter time.

These churns can be seen at Brooks Bros. store, Gainesboro, and the women are cordially invited to call and see them. This churn must be seen to be appreciated. Don't fail to see this churn.

**W. V. BROOKS, GAINESBORO.**

### RED CROSS CHAPTER ORGANIZED.

The Jackson County Chapter of the American Red Cross was organized Sunday at a meeting held in the courthouse with a membership of 150. The following officers were elected: B. L. Quarles, chairman; Mrs. W. F. Sadler, vice president; Mrs. W. T. Gaaret, secretary; W. M. Gailbreath, treasurer.

Material has been ordered and the work of knitting socks, scarfs, sweaters etc for the soldiers will be taken up at once.

Dr. W. S. McClain, of Cookeville, was present and addressed the meeting.

Martin Myers

"Kentucky Belle" is one of the funniest comedies written. See it at the school auditorium Tuesday night, Nov. 27.

The following can be made to look like new by having them cleaned the McEwen way.

I will pay the best cash price possible for furs this season. See me before selling.—J. H. Harley, Gainesboro, Tenn.

garded as the Universal System Purifier and Tonic, and one of the best and most popular medicines ever put on the market for the relief of suffering humanity.

The use of these good, old-time Nature remedies now as combined in Vin Hepatica is merely a perpetuation of the safe, reliable way our forefathers relieved the sick. The only difference is that you now get in Vin Hepatica the added benefit of these great curative and healing properties in their purest form. You don't have to drink it down by the pint like they did in those old days. You have it in the concentrated and pleasant-to-take form.

If you are feeling in a weak and run-down condition; if you are constipated, have indigestion, are nervous, can't sleep or feel knocked out in general, by all means go and get a bottle of Vin Hepatica and take it. You will feel like a different person. Not only does it go right to the very seat of such troubles, but it cleanses and tones up the system. That is why doctors are prescribing so freely.

We strongly recommend this great Nature remedy. Come in and get a bottle and try it, on our recommendation. We know it is a real medicine of the highest merit.

Vin Hepatica is being introduced and sold L. B. Anderson's, Gainesboro, Tenn. adv.

### STONE.

John Gipson, of Gainesboro, attended the meeting here Thursday night, and visited his friend Will Darwin.

G. Lee McGlasson, of Gainesboro, a traveling salesman, was in our midst last week calling on our merchants.

Most all of the corn will be gathered from the backwater bottoms this week.

Henry Roberts is going to Mississippi this week prospecting. He sold his farm to Alex Hanner last week.

John McCawley and Mr. Strode were here Saturday soliciting subscriptions for the Army and Navy Y. M. C. A. That is a noble work, and every one that can should contribute of their means.

Miss Iva Jenkins is visiting her uncle at North Springs this week.

Miss Sallie Gillock, of North Springs, visited Mrs. John Sadler Sunday.

S. A. D. Smith, of Cookeville, and Messrs Grigg, Strode, Young and Mr. and Mrs. Luke Dennis of Gainesboro, were here Sunday in the interest of the Army and Navy Y. M. C. A. campaign. Messrs Strode, Smith and Young made some very interesting talks.

A large crowd attended the services here Sunday at 11 a. m., 2:30 and 6 p. m. A number of people from Gainesboro, Whitleville, Free State, North Springs and Pacific attended. The meeting closed Sunday night and Bro. Gunn returned to his home at Sparta Monday.

Every Jackson county citizen should subscribe for the Jackson County Sentinel. You can read news from all sections of the county, also the letters from the soldier boys at the training camps, which are interesting, and most of us have a relative, friend, brother, husband, or sweetheart in the army and they all like to read them. Louis Botts, a boy all of us know, had an interesting letter in the Sentinel last week, as well as others.

The owners of the Sentinel are sending the paper to all the Jackson county boys at the camps free of charge, as they get their addresses. We ought to subscribe so that we can read the letters, and then we are helping the Sentinel to send them. Those in this neighborhood desiring to subscribe for this paper can hand their subscriptions to me, or mail them to the office. Only \$1.00, subscribe today.

would get into the blood, be carried into all parts of the system, producing headaches, nervousness, sleeplessness, rheumatism and various other dangerous ailments.

One of these herbs was the Hepatica plant, commonly known as liverwort and used for liver trouble; the other, Hydrastis, or yellow root, now prescribed so often by leading physicians everywhere. So these medical scientists have taken these same roots, herbs, barks and berries and extracted from them their curative and healing properties in all of their natural potency and have combined them in the most concentrated form into one great Nature medicine which they call Vin Hepatica, now re-

### NATURE'S WISE PROVISION FOR THE SICK.

In the days of our foreparents when any of the family got sick, the good old grandmother would go out into the garden, the fields or woods and gather certain herbs, barks, roots, or berries into which Nature had placed certain healing and curative properties for various human ailments.

From these barks, berries roots and herbs she would make a sort of tea which she would give to sick one as Nature's own remedy for whatever the ailment was. These good old mothers and grandmothers of that day and time knew just which root, herb berry or bark to use in any case.

Their knowledge of the medicinal virtues in each one had been handed down to them from generation to generation for centuries. She knew that a certain root or herb would act upon the bowels; another the kidneys; another the liver; another for nervousness, indigestion or weakened condition and so on.

In this day and time medical scientists, as then, realize that when the stomach, liver, kidneys or bowels become clogged up with a lot of poisonous waste matter, they should be reached with a medicine of the most reliable nature. Otherwise, if allowed to go on these poisons
