Think of our soldier boys being willing to give their lives for the freedom of our country and then we not being willing to help them win this war. Every Patriotic Man, Woman and Child

can now invest in the

United States Government

as small a sum as 25 cents

Help the Government and help yourself at the same time. Here is a patriotic service that all can share in.

THIS SPACE CONTRIBUTED BY

Here Is the Plan

THE Government is issuing during all of 1918 what is known as U. S. Thrift Stamps. These stamps are on sale at postoffices, banks, stores, factories and many other convenient places. A single stamp is sold for 25 cents.

When you buy your first stamp you will be given a Thrift Card with spaces for affixing sixteen stamps. This card will show at all times just how much money you have loaned the Government.

As soon as you have sixteen stamps on your card—\$4.00 worth—you can take them to any place where U. S. Thrift Stamps are sold and there exchange them with a small cash payment for a "War Savings Stamp" that will pay you 4 per cent interest.

What is a War-Savings Stamp? When affixed to a War-Savings Certificate, it is an obligation of the United States Government to pay the holder \$5.00 on January 1, 1923. All the wealth and security of the United States are behind it. It is as good as a Government bond, which is the safest investment in the world.

Now let's see how Thrift Stamps are changed into War-Savings Stamps.

Suppose you have a card full of Thrift Stamps—\$4.00 worth—and want to turn them into a War-Savings Stamp in March. All you have to do is to put fourteen cents with your card and take it to any place where U. S. Thrift and War-Savings Stamps are sold. There it will be exchanged for a Five Dollar War Savings Stamp, which will put you in the investor class.

If you exchange U. S. Thrift Stamps for War-Savings Stamps in April, it will be fifteen cents; and so on a cent a month up to December, 1918, when the added amount will be twenty-three cents. The sooner you buy the less the cost.

SAVE The Nickels The Dimes The Quarters Buy U. S. Thrift Stamps. Exchange Them for War Savings Stamps
