... This paper has enlisted with the government in the cause of America for the period of the war.....

With the formation of the first American field army a milestone has been reached. The probable strength of the organization is 300,000 men, not counting the auxiliaries, and with 1,300,000 Americans in France would allow for the creation of four armies. The first field force is one of the largest in France.

A German submarine operating off the North Carolina coast has launched a gas attack against the coast guard station and lighthouse on Smith Island. The gas was released from oil spread over the surface of the water by the submarine. Six men were overcome by the fumes, but none of them is expected to die. Off the Virginia coast an American destroyer dropped seventeen depth bombs in an effort to get a raider. Oil was seen to rise and the U-boat didn't rise.

Raising and Conserving Food.

Mr. Hoover says Food will win the war and Jackson County is not only raising food but conserves it. Every family can attest how much wheat they saved this year by eating corn bread instead of biscuit. They can attest that where they did this they also saved the fat. On an average about half as much fat was used this year as on previous year. Some families quit wheat almost entirely.

They are now conserving sugar and all are entering into the spirit of the Food Saving campaign.

The Federal Food Administration has made an allowance of 50 pounds of sugar for each family, for canning purposes during the months of July and August. Those who failed to get their 25 pounds in July can buy 50 pounds in August, if needed, but must have only 25 pounds at a time. The fruit crop is small. Can and preserve all you have.

To buy canning sugar you must have canning and preserving pledges sworn to before a J. P. or Notary Public.

We may talk of the French and the Americans and William Jennings Bryan, but your true democrat is the cootie. He is the greatest ignorer of class distinction and leveler of mankind the world has ever known.

Two soldiers were sitting on the firing step of the first line. One was a lieutenant, the other a private.

"I wish," said the lieutenant, "I had a franc for every cootie on my shirt."

"So do I," said the private.

The conversation lagged for a minute.

"I guess," resumed the private, "everybody wishes that—even the colonel. You know, he's got 'em, too. He won't admit it, but I saw one on his neck."

Assistant Food Administrator.

B. L. Quarles, County Food Administrator, has appointed C. C. Gore as assistant. Mr. Gore has entered upon the duties of his office and ready to render every necessary assistance in this important work.

Buy's Garage in Nashville.

W. C. Roberts was in Nashville several days last week. While there he purchased the Union Auto Co., 514 McGavock St., from Messrs Young and Regenhart. The business will be conducted by Mr. Roberts' two sons, C. B. and N. T. Roberts who are experienced in this line. They will do general repairing and vulcanizing business.

War Notice.

V. E. Coapman.

Dr. Jay to Speak on Cholera.

Dr. Robert Jay, from the United States Department of Agriculture, who is a Hog Cholera Specialist, will address the farmers of Jackson County, and give a demonstration on the prevention of Hog Cholera at the Court House in Gainesboro, Tuesday August 20th., 1 o'clock P. M.

Everybody invited to come out and hear this talented man discuss a question that every farmer is vitally interested in. Admission Free. No collection taken, or subscription asked.

Removal of Wheatless Days.

For the present all restrictions on the the use of wheat products on Mondays and Wednesdays and at one meal each day, are hereby removed.

This regulation shall in no wise affect the fifty-fifty substitution rule or the obligation of households and public eating places to consume an equal amount of substitutes with every pound of straight wheat flour consumed.

It is probable that at an early date new regulations with reference to the consumption of wheat will be announced, but in the meantime the wheatless days and meals will no longer be compulsory in Tennessee.

Faithfully yours,
H. A. Morgan
State Food Administrator.

CARROLLTON COUNTY FARMER

PRaises VIN HEPATICA AS FINE NERVE AND STOMACH TONIC

Uses It For His Whole Family For Stomach and Nerves.

Mr. A. T. Tandy, farmer, Highland Avenue, Carrollton, Ky., writes under date of February 2, that after suffering from nervousness and stomach trouble he has found Vin Hepatica a fine medicine for such purposes.

"I have used several bottles of Vin Hepatica in my family the last three months," says Mr. Tandy, "and it is a fine medicine for nervousness and stomach trouble."

That is just the way thousands of others are talking about this famous Vin Hepatica, a prescription of eight of the finest all-vegetable stomach and nerve reme-

dies and tonics. It goes at once to the seat of the trouble, stops indigestion, arrests catarrhal conditions, acts on the liver, kidneys, stomach and bowels, enriches the blood, and tones up the entire system.

If you are nervous, have stomach, liver, or kidney trouble, or in a weak and run-down condition, and need a fine tonic, come in and get a bottle of this great Vin Hepatica prescription, and take it on our recommendation.—L. B. Andersn, Gainesboro, Tenn.
