### Must Increase Wheat Acreage

The Government is asking Tennessee to greatly increase the number of acres of wheat to be sown this fall over the number of acres sown last fall. The

increased acreage asked of Tennessee has been divided among the counties of the State on the fairest ground that could be found. The allotment for Jackson county is 2940 acres. This means that Jackson county should sow in the fall of 1918 2940 acres more wheat than was sown in 1917.

Unfortunately Jackson county at this time has no County Agent and this work has been thrown upon the County Food Administrator, with instructions to appeal to the people of the county through the press, through its district and community organizations and by every other agency at his command. We must increase the wheat acreage of our country not less than 20 per cent in order to make provision against a possible crop failure and to assure the Allied World sufficient bread during the next year. The Government is endeavoring in every possible way to win the war next year and a failure of 1919 wheat crop would be a calamity. It is the patriotic duty of every farmer to provide a gain this and an increased acreage is the only method by which the amount of wheat needed can be assured. We wish to call your attention to the recent proclamation of President Wilson guaranteeing a price of \$2.20

per bushel for the 1919 crop and promising further increase should the cost of production justify it. We have only about six weeks to get this increased wheat acreage sown. Let every one make it their principal business. Let every district and community organization get busy and we feel assured that at the close of the campaign it will be shown that Jackson county has done her part.

According to Secretary of Commerce Redfield, 30,000 factories in the United States have been turned over to war work. A great many things that it was once deemed impossible to secure outside of Germany are now in wholesale production in the United States. Among these commodities are dyes, and our own factories have made such progress that Germany will never again be recognized in the industry. All our optical glass was imported from Germany before the war. Now there are two plants in the United States, and we are forever free from Germany for our lenses and other fine glass.

September 28th is the beginning of the Fourth Liberty Loan campaign. Our boys have got the Hun on the run, buy bonds and keep the Huns running.

## LOCALS

Marlin Young, of Jacksonville, is at home for a short stay.

Gore Sadler left for Murfreesboro, where he will enter school.

THE WHITE HOUSE  
WASHINGTON

*Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential investment. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first and are now dedicating both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.*

*Woodrow Wilson*

## SERVICE CLOTHES

YOU

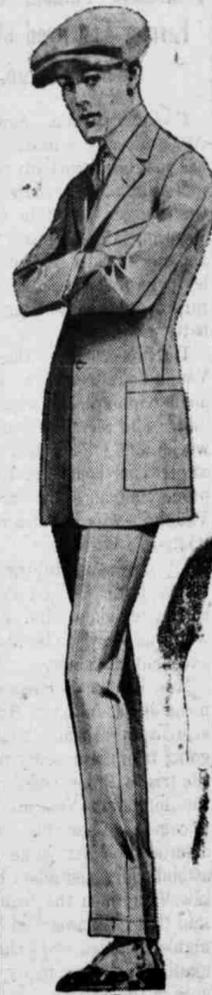

Can make your clothes-money go farther this Fall if you buy

Curlee Clothes.

They're tailored in the most economical manner possible, consistent with quality--they're tailored to wear--they're guaranteed to wear.

Stylish, mannish designs, fine tailoring and pleasing, wearable fabrics are Curlee Clothes' reasons for a trial.

\$20 to \$37.50

Quarles & Sadler  
Dry Goods Co.

George Dudney, who has been making his home in the western states for the past 14 years, is visiting his mother and other relatives in this county.

Elder S. B. Shrigley, of Nashville, was in Gainesboro Monday en route home from Whitleyville, where he had been conducting a week's meeting. The meeting was a most successful one, there being 13 who obeyed the Gospel and several reclaimed.

The ferryboat at Fort Blunt has been re-established by the enterprising citizens of the Salt Lick community. A new boat has been purchased, the banks on both sides of the Cumberland put in excellent condition, and the ferryman is always there, ready to serve the traveling public.

B. M. Hatcher, who is serving in the commissary department at Camp Gordon, was in Gainesboro Tuesday en route to camp from a visit with his father, W. P. Hatcher, at Boles, Ky. He was called home last week by the serious illness of his father, who is in the last stage of dropsy, and is not expected to live but a few days.

### Questionnaires Being Sent Out.

Local board of Jackson county began mailing out questionnaires last Thursday to all men between the ages of 19 and 36 years, both inclusive, who registered September 12.

The men within these ages

comprise the first age group to be called up for classification under the new law, which extended the age limits of the selective draft to include all men between the ages of 18 and 45, both inclusive.

The questionnaire forms will go out at the rate of 10 per cent a day of all those registrants, who, on the day they registered September 12, were between 19 and 36 inclusive.

Under the regulations the registrant is given 7 days within which to fill out the questionnaire and return it to his local board. It is however the earnest hope that the registrants will not require as much time as this, and that every effort will be made to turn the questionnaires in, properly answered, as promptly as possible. Under the maximum time allowed the local board in mailing out the forms, and the registrants in filling them out and returning them, the questionnaires for the entire age group should all be back in the hands of the local board within 3 weeks from Sept. 19.
