WILL THE INFLUENZA RETURN?

PUBLIC HEALTH AUTHORITIES PREDICT ITC RECURRENCE.

GUARD AGAINST IT BY BUILDING UP THE BLOOD.

PEPTO-MANGAN CRETES RICH RED BLOOD AND INCREASES STRENGTH.

Surgeon General Blue, of the United States Public Health Service, in a recent statement from Washington, warns the public that the much-dreaded influenza epidemic will probably return this fall and winter. All medical authorities agree that the weak, bloodless, run-down individual is more likely to contract this (as well as any other infectious disease) than is the strong, robust, red-blooded man or woman. In view of these facts, it is wise to use every to build up the blood and thus increase the bodily resistance to the invasion of the germs of the disease. Gude's Popto-Mangan is an absolutely dependable red-blood builder in conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks, and creates new hope and ambition in those who have become pale, weak and listless. Physicians recommend Gude's Popto-Mangan. When you order, be sure the word "Gude's" is on the package. Without "Gude's," it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.—advertisement.

STONE.

School at this place is progressing nicely under the management of Misses Nora Spivey and Ora Smith. At the end of the second examination there were some excellent grades made. Those making the highest average in each grade were given rank one. They are as follows:

- 8th grade, Iva Jenkins
- 7th grade, Oka Roberts.
- 6th grade Myrtle Heady.
- 5th grade, Grace Polson.
- 4th grade, Dymple Vanhoover.

Misses Margaret Spivey and Kate Shoulders have promised their mothers they would join the "Old Maids Convention," but when they see a Ford pass, they will flag it down, as the temptation is hard to resist.

Edna Lynn has had palpitation of the heart since Monday week. Thursday she received a letter from Free State, then her heart was normal. She did not have a smile for life, but from ear to ear.

Bonnie Shoulders is especially noted for "puppy love" on Sunday afternoon.

Ernest Poteet, the little infant (age 16), on coming home from church one night, had to stop and get a piece of bread from a neighbor.

Rooster McCain said he would like to be in company with the girls but he hasn't the "NERVE."

If any one ever sees Freman Crowder when he isn't eating chestnuts, please report it at

once.

Oka Roberts is crazy about lavender shirts and stiff collars. On a recent Saturday night, Joe and Judia visited a molasses mill in "Butler Town" and reported a nice time.

Mark Spivey is always saying to Lela Stone "That girl don't want to go with me," and Lela replied "you don't know you little crazy fool, you've never ask her.

We are wondering if Iva Jenkins can describe an oak tree.

Mildred Spivey is attracting the attention of Henry Shoulders and J Fowler Sadler.

When you want a nice hair dress come to Mrs Aulty Shoulders.

Harvey Butler says he had much rather kiss a pumpkin than a girl. Lookout! some pumpkin.

Mary Jane Lock says she wants to turn back and forget the whole business of "bowing neckties."

Lela Stone says, "Believe me boys it is a sure bet that you'll have to put up a dollar for each dollars worth of love you get."

Ora Smith says the more she sees some boys, the more she's convinced that a creature doesn't necessarily have to have four legs to be a donkey.

Mark Spivey says he hates to take a bath because it makes the holes in his socks show so plainly.

Mrs. Roberts says she will have to send her daughter, Oka, to a cooking school, for everybody thinks she will have to take the job right soon, as they cant empty the garbage can without throwing dust into Bed Bilbrey's face.

Miss Nora Spivey is expecting to leave for Mississippi real soon and she is always singing to her Tennessee beau, "Till we meet again."

Come on you P. M. H. folks of Free State and tell us whether you are dead or living, we know you are heart broken and grief stricken. You are in need of sympathy, just sympathy.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Goston, of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., unless something is done, serious troubles may result.

Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theodor's original and genuine. **219**
