

There's a Special Ingersoll for Each of These Folks

DID YOU ever "get fitted" to a watch? We mean, did you ever figure out exactly your watch needs and then see if you were properly equipped?

There are a dozen or more different Ingersolls—varying in price, varying in purpose—small watches, jeweled watches, radium dial watches for night use, and so on. For instance, if you have an expensive watch, you probably would choose a Radiolite for \$3.50. If you haven't a good serviceable watch, you'd be likely to buy a 7-jewel Reliance. The dealer will help you to select just the one for you.

"Ingersoll" has always meant the *lowest-priced good timekeeper*. Today, with present day costs and the 1920 purchasing value of a dollar, \$2.50 is the lowest price at which we can make a watch while keeping up the Ingersoll standard of quality. "Ingersoll" means "money's worth" whether it's for the \$2.50 Yankee or one of the Radiolites that tell time in the dark, or for one of the jeweled watches.

Sentinel Goes To \$1.50 July 5th.

On and after July 5th, 1920, the price of the subscription to the Jackson County Sentinel will be as follows:

ONE YEAR \$1.50
Six Months85
Three Months45

We have slow in taking this step, but have finally been forced to by the fast advancing prices in everything that goes to make up a newspaper.

We are not doing this in order to make money, but in order that we may realize enough out of the business to justify a continuance of same.

We are giving notice of the change in advance, so that those who desire, may get on the list at the old price, and we hope many will take advantage of the opportunity. Subscriptions will be taken at the old price up to July 5th.

Thanking our readers for their past patronage, and asking a continuance or same, we are,

Sincerely yours,
Jackson County Sentinel.

Robbed While Sleeping.

Mat Beachboard, who lives in the 6th district, was robbed of \$265 and two shot guns one day last week. He was returning from a hunt, when he stepped into a barn by the side of the road to rest. While there he went to sleep, and on awakening his money and guns were gone.

He found the guns in the possession of Herman Goosby and Fowler Beachboard, but they denied having the money. Since then these boys have left the county, but none of the money has been recovered. This is the second time Beachboard has been robbed in the past few months.

DIRECTOR EXPLAINS RELIEF CAMPAIGN

Memphis, Tenn. (Special)—B. R. Thornbury of New York city, recently designated director for the state of Tennessee for the Jewish Relief Committee is in Memphis in the interest of an intensive campaign for funds to complete the fund for the relief of Jews and non-Jews in Eastern Europe—the area wherein there are 6,000,000 starving souls without a livelihood.

Mr. Thornbury explains the appeal of the Relief Committee to Jew and Christian alike, that it is not only to feed and clothe these suffering ones, but also to rehabilitate their homes and energies in order that they may become self-supporting.

Justification, in a measure, for appealing to members of all creeds and races is given by reason of the following facts as outlined by Mr. Thornbury:

"Our Joint Distribution Committee, which dispenses all funds, while primarily ministering to Jewish sufferers, have found everywhere large numbers of non-Jewish sufferers and have been moved to make no distinction in communities where they are found. About one-third of our funds are used to meet the needs of these non-Jews."

"In all wartime appeals made by our government, the Jewish people responded with patriotism to the extent of millions of dollars."

"The Jewish people gave more than 200,000 Jewish men to the American army in response to the call of the president and thousands of Jewish women enlisted in various war work organizations."

The campaign will be conducted over the state June 21-28.

MODERN EXODUS STAGED BY JEWS

Band of War Refugees From Egypt Suffer As of Old.

Nashville, Tenn. (Special)—How a band of Jewish war refugees have just staged a modern exodus from Egypt and suffered tribulations strikingly similar to those undergone by the band that Moses led of old is recounted in a Zionist report made public here.

The Twentieth-century wanderers traveled by special train instead of a-foot, and they did not cross the Red sea. Instead of Pharaoh and his hosts perverse fate pursued them. This group of unfortunate Jews are a few of the more than 6,000,000 who are being provided with emergency relief from funds raised by the American Jewish Relief Committee and kindred organizations. The story of their experiences, as told in the Zionist report from Jerusalem, is as follows:

"The big problem of the month has been that of caring for the refugees returning from Egypt. They have come back to Jerusalem, which is not ready to absorb them economically or to give them housing accommodations."

"Their return was accompanied with difficulties and tribulations. The train broke down on the line, and the refugees were left without food or care for twenty-four hours. Later it was stalled on a siding, when it experienced a head-on collision, which injured a number of refugees."

"Finally, when they did reach Jerusalem and were being cared for in the house which we had taken for them, some of their children found a Turkish bomb in the upper story of the house and played with it."

"The bomb exploded, killing one child and wounding four others."

"We are at present faced with the problem of adjusting the adults to Jerusalem economic life."
