It is hoped that all the people will cooperate with us in working for the betterment of our town and community during the evangelistic campaign in which Bro. Lantrip is to do the preaching. If there is any selfishness, or prejudice in us, let us not quit praying until we get it out, then let us line up and try to create a better environment and a more wholesome spiritual atmosphere in which to bring up our children. Let us not leave Gainesboro to look for a better town or community, but let us make a better one here.

Let each Christian and each citizen of Gainesboro realize that he is going to be held partly responsible for the success or failure of the church in this town, for no one can escape responsibility under God, except the infants and the idiots. Let us lend our support and cooperation to those who are earnestly and zealously trying to lift up humanity, make the joys of life deeper, and the destiny of man secure.

Pray for the meeting, work for the meeting, and lend your cooperation to every enterprise that has for its purpose the proper development of the country and the salvation of the people from sin.

It has been said that "service is the rent you pay for the space you occupy on earth." If that be true, "Uncle" Scott has been paying his part of the rent. We trust that the future holds in store for him much happiness.

Total Value of Property in County \$7,220,350.

The county equalization board finished their work last week, after two weeks of hard work. The total value of all property in the county, as fixed by the board for 1920 is \$7,220,350. Compare this with the 1919 assessment of \$1,900,000, with a tax rate of \$2.33, and it will be seen that the tax rate for 1920 will be cut down to more than two-thirds of the old rate. The county court at the regular July session which is Monday will fix the new rate.

There are no great men in this world except good men who love God and their fellow men. I have been out in Arizona, out where the paths are trad only by the evening and the morning and the feet of God's angels, to forget, if I might, the things I have seen and get a finer grasp of things eternal. In the old days life meant a capacity to eat, drink, smoke, and do business. To-day, if life be worth the living, it means the consecration of service to the cause of humanity. The war has given a new definition to old words. All men must heed the uplifting call to undertake the great adventure of the spirit. They must push out, pledging their sacred honor their lives, and their fortunes to their State and country, that these may be God's State and God's country, the home of the free Americans."—Vice President Thomas R. Marshall.
