Germany lost the war but says an exchange, this about all that she has lost so far.

The proposed sales tax means that we will be taxed on outgo as well as on our income.

Politics may not be any cleaner with the woman voting but it will probably be noisier.

If others people would just do what we tell em to do what a fine world this would be.

If nature never made a mistake as the scientists claim, how do you account for potato bugs.

The modern girl, as compared to her old-fasion sister, probably regards herself as an edition de looks.

The fellow who is afraid of doing more than he gets paid for will never get paid for more than he does

There is a man out in Ohio who always remembers the text of the sermon. But he is not much good at anything else.

A Chicago man says he is going to buy a model newspaper. Well, here is one that he can buy if he is in earnest.

An exchange says lazy men do not go very far. Perhaps so, but they are mighty comfortable as far as they do go.

If it is true that W. D. Haywood and other I. W. W. leaders have gone to Russia, let us hope they will stay there.

There are hard times for the poor working girl remarks a Chicago newspaper. It is all she can do to make the top of her socks meet the hem of her skirt.

It is all right to want to get ahead in the world, but be careful you try to pass the other fellow in your automobile.

The young college graduates will now have to go out in the world and learn the difference between knowledge and wisdom.

Mr. Bryan may be politically dead as some of the newspapers claim, but he seems to think the report greatly exaggerated.

There are too many human flivvers in the world, remarks an exchange. Yes and something is always wrong with their carbureters.

Senator Knox's resolution declaring peace with Germany may be passed but he will not go down in history as having won the war.

A town in Connecticut has a wooden-legged policeman, says an exchange. But that's nothing. Some towns have wooden-headed ones.

Another man who doesn't get the credit that properly belongs to him is the one who edits the speeches that appear in the Congressional Record.

The Revival a Plan of God.

Man sinned and through his sin moral and spiritual death was the result. It looked as though God's plan had been defeated, that man whom he had created in his own image was doomed to destruction. God did not despare, but "Gave His Only Begotten Son that whosoever Believeth on Him should not perish, but have Everlasting Life" "For by one man came death, by one also came the resurrection from the dead."

Physical life is always interesting. It has its conditions of growth, though the germ itself cannot be defined. The conditions are warmth, culture and the refreshing showers. Likewise Spiritual Life has its conditions of growth. The church must have a warm heart, which expresses itself with love for humanity. It must have a program of nurture and training and special seasons of prayer and worship, which are always accompanied by the refreshing showers of blessings, referred to by Paul as the seasons of refreshing coming from the Lord. Then sinners hunger and thirst after righteousness.

The abundant life that Christ brought to men stands for purity of character. Sin means death today just as truly as in Adam's day. Forsaking sin is one of the conditions which must be met before the life of God can enter the soul. The power of the Gospel is deliverance from sin. When the abundant life begins in a man it is at once a force that worketh righteousness. Not merely serving as a safeguard against sin, and in that sense a negative force, but it is a positive force, finding expression in strong active righteousness in the life.

Let us work and pray, and who knows but that God will give us a great revival at this time. We invite the entire public to attend revival services at the Methodist church beginning Monday night, July 25th.

This ghost was a 1921 model

LAST MONTH, on a bet
WITH THE boys up home.
I SPENT a night
ALONE IN the old,
HAUNTED HOUSE,
AND WHEN I heard
MOANS AND groans,
I SAID "The wind."
AND TRIED to sleep,
I HEARD rappings,
AND SAID "Rats."
AND ROLLED over,
THEN I heard steps,
AND IN the light,
OF A dying moon,
A WHITE spook rose,
I WASN'T scared—much,
BUT DIDN'T feel like
STARTING ANYTHING,
BUT THEN I caught
JUST A faint whiff.

OF A familiar,
AND DELICIOUS smell,
WHICH TIPPED me off,
SO I gave the ghost,
THE HORSE laugh,
AND SAID "Ed,
YOU FAT guy,
MAKE BUM ghosts,
BUT BEFORE you fade,
LEAVE WITH me one,
OF YOUR cigarettes,
THEY SATISFY."

THAT spicy, delicious aroma of fine tobaccos, both Turkish and Domestic, makes you almost hungry for the "satisfy-smoke." And there isn't a ghost of a chance you'll ever find its equal anywhere—for the Chesterfield blend is an exclusive blend. It can't be copied.
