A HAPPY NEW YEAR.

Yuby Dam, U. S. A.

Christmas is gone. I now wish you a happy New Year.

The fun is all done. Santa Claus has staggered in and out again. The sweet surprise that greeted the eyes, when the presents came, is gone.

And the tingling joys in the finger-tips as they slipped the strings from around the beautiful things, have passed away.

The turkey is eaten "up". The hash is swallowed "down". There are no goodies in the town today.

New Year is here. I am standing in Yuby Dam with a 1922 calendar in my hand, I will tuck it on my whalery wall, I will tuck it in easy reach, where my idle hand can tear it down and throw it to the winds. Throw away the precious months one by one, as I have so often done when I idled my time away.

1922 will not have so much for some of you, I guess, because you have things in such a mess. You cannot hope to knock out the middler, because you have not yet paid the fiddler, for 1921.

You should have cleaned your slate, if you mean to keep your gate and knock a homerun. You can't step down a primrose path and tramp down the posies, jonquils and roses, with gleeful step and happy heart unless you square up your old scores, before you start upon your way.

So I very much fear that many of you unfortunate jays will have to tread the thorny ways through 1922.

But in spite of all my doubt and fear I wish you a happy New Year, I do. I hope the wheel of fortune will turn again for you, may all your nibbles turn to bites and may you catch the fish by "sights" and catch no water dogs.

And every time you deal the "pack," I hope you turn the Jack and hold a winning hand.

May you never have to take the lean, but swallow down the cream every day;

Where-ever you whizz or zizz, Through sunshine, shawdow, hail or rain.

May you hear the rustle of of an angle's wing

As you step the tango down through 1922,

So farewell to YOU.

Slicker Snake.

WARTRACE SCHOOL CLOSSES.

Wartrace High School closed Friday night Dec. 23rd with an interesting program, followed by a Christmas tree for the whole community. The occasion was enjoyed very much by the large crowd that was present.

We wish to thank the pupils and patrons also, for the interest shown and the assistance rendered during the whole school. Without co-operation of both pupils and patrons the school would have been a failure. We especially wish to thank them for the interest shown during our subscription campaign for the flag. We are glad to state that we succeeded in getting the flag and also a large dictionary, which was offered as a grand prize for the school getting the largest number of subscribers to the Sentinel. The school was divided into two teams, with Mable Cassetty leading team no. 1, and Monella Carver leading team no. 2. Both teams were successful in securing 25 subscriptions. Although team no. 1 was the leaper, both teams deserves much credit for the work done.

We would not forget to thank Mr. Tardy for the interest shown in the school and we think it the duty of the citizens of the county to stand behind him.

Half Sick, Cross Husbands

Will Be Helped by Gude's Pepto-Mangan

Is he "cross as a bear" when he comes home? Is he nervous and a bit pale and always tired? You can help him back to health with Gude's Pepto-Mangan. He is run-down, and Pepto-Mangan, the wonderful blood tonic with the right kind of iron in it, will build him up. Help your husband get plenty of red blood and he will be well and good-natured again and stronger, too. Good blood, good health, makes happy good humor—that is the way it goes. If you don't give him some kind of a tonic he will probably get worse—they usually do. Go to the drug store and ask for Gude's Pepto-Mangan in liquid or tablet form. It is pleasant to take and works

Four Stills Destroyed.

Federal Prohibition enforcement officers H. J. Lynch, and Jenkins and Whitaker came in town Tuesday with four copper still pots tied to their automobile. All the stills were located on Pine Lick in the 13th district of this county, near the Clay county line. They arrested Millard Head, Clarence Langford, and his son, who looked to be about 12 or 13 years of age. Outside of various other distilling accessories the officers destroyed about 2000 gallons of beer.
