

WHY KNOCK?

The good book says, "Knock and it shall be opened unto you," but it didn't apply to the "knocker" of today. It is better to be a poor booster than a good knocker. Get into the business game. Be a good fellow. Have a smile and a cherry word. It will be the best asset you can have next to an account at our bank. If you have never given our bank a trial, how do you know we can't help you? Come in and talk it over. We appreciate the business of all our old customers, but we can't GROW without getting NEW ones. We aim to boost. Do you?

AS TO PHYSICIANS

Some Important Duties Required By Law.

Dr. J. B. Cox, the Carroll county health physician, has issued the following:

To the physician of Carroll county—I have mailed to each physician in the county a sufficient number of post cards for the year 1912 to make a monthly report at end of the month to the county health officer, in compliance with chapter 519, acts 1905, the number of contagious, infectious or communicable diseases occurring within your practice. Please fill out cards and mail to me promptly on last day of month, which will enable me to make a correct monthly report of these diseases and deaths of our county to the state board of health, and oblige.

J. B. Cox,

County Health Officer.

Following is a full text of resolutions bearing upon the enforcement of chapter 519, acts 1905, adopted at a meeting of the state board of health, Tuesday, July 25, 1911:

"Whereas, under the provisions of chapter 519, acts of 1905, it is made the duty of practitioners of medicine throughout the state to make prompt and immediate report of any and all cases of contagious, infectious or communicable diseases occurring within their practice, to the respective county or city board of health concerned; and

"Whereas, from reports on file in this office it appears that a large per cent. of the medical profession either neglect or refuse to comply with the statute above mentioned; and

"Whereas, this continued neglect or refusal upon the part of practitioners of medicine to obey the law requiring prompt returns of said contagious or communicable diseases has occasioned frequent and widespread epidemics; in many instances necessitating the closing of schools, both public and private, not to mention the untold suffering and loss of life; now, therefore,

"Resolved, That the respective county and city boards of health concerned, be and they are hereby authorized and directed to without delay proceed, and if necessary with the assistance and co-operation of the state board of health, to institute legal proceedings and vigorously prosecute violations of the above mentioned law in any county, city or town of the state where such violations may occur."

Germol is for indigestion and stomach trouble. It relieves where others fail.

The mayor and aldermen reserve the right to reject all bids.

J. F. LEACH, Recorder.

Nineteenth District.

Uncle Dock Jones is confined to his bed again. We are very uneasy about him.

Oscar Black happened to a very serious accident last week while hauling. He was struck in the eye by a limb, but we hope the eye can be saved. He has suffered greatly from the wound, which is in the sight of the eye.

Charlie Cooper, who hauls for Argo, broke the record last week by carrying to Trezevant the biggest load of chickens ever carried to that market. The load brought \$125.

Norman Leach and wife, of Trezevant, visited in our neighborhood Sunday.

We are not likely to have more than six candidates for magistrate this time. Somebody will get left.

Argo & McGinnes has bought a canning outfit. They will put out about three acres of tomatoes. There is some hard and warm work attached to the operation of this enterprise, but good profits. We need more of this kind of work and less cotton.

Scates & Argo has sold two car loads of fertilizer in this district. It looks like we aim to plant if the weather permits.

George Bouldin and family were welcome visitors in our community. Mr. Bouldin says he will bed thirty bushels of potatoes and put out ten acres. He knows what a good thing is when he sees it. FOR PROGRESS.

Annual Memorial Service.

The annual memorial services will be held at Carter's Chapel Saturday, May 11, 1912. There will be a memorial sermon and memorial addresses by Rev. L. C. DeShazo and Elders Deaton and Orman. Speeches by J. T. Biggart, C. E. Drummond, B. F. Colvitt and others. Singing will be led by Profs. Monroe Hall and J. A. Brown. Come and bring dinner and song books. All those interested are requested to meet Saturday, April 27, if it is suitable weather, if not a favorable day come Saturday, May 4, and bring tools to clean off ground. COMMITTEE.

Ask your druggist for Germol. Take no other.

KING DULUTH

THIS FINE STALLION

is six years old this spring and is a fine saddle and harness horse. He is out of a splendid Proctor Knott mare by Old King Duluth. He is a fine color, good size and one of the best quality horses I ever owned. I purchased him at Milan. He will make the present season at my barn 4 miles south of Huntingdon at \$10 to insure a living colt. Money due when fact is ascertained or mare traded. All care will be taken to prevent accidents but not liable should any occur.

I also have two fine jacks I will stand at the same place under the same conditions as my horse, except the price, which will be \$8.00 each.

BOB HILL, my Middle Tennessee jack, 8 years old, jet black with white points, 15 hands high tape measure, has proven himself as fine a breeder as there is in West Tennessee.

My other jack is known as the Nath Spellings' jack. I bought him from Mr. Spellings upon the recommendation of the people who knew him and his breed, and who said he could not be beaten. I thank you one and all for past favors and will appreciate any favors you may show me in the future.
