FRIDAY, MARCH 25, 1921

The Progressive Farmer says that
the usual March survey of grains
held on farms in Tennessee, shows
that there was next to the largest
amount of corn held on the farms
of the state on March 1, ever
known in Tennessee. The amount
on farms on March 1, 1918, was
the largest. The mild winter which
has kept feed down to a minimum,
and heavy decline in prices with
slow movement, are the chief factors
in the large holdings this year.

No farmer should have less than
50 hens. It seems that this should
be the standard for the ordinary
size farm. Poultry raising is a
valuable asset to successful farm
work, and should be given more
attention. There is opportunity
for the farmers of Carroll county
to make much more money out of
poultry raising than they are mak-
ing, and this is a splendid year to
make an advance along this line.

No farmer should attempt to dis-
grace an honorable profession by
calling himself a farmer when he
is nothing more or less than a
flunky for some credit merchant.
The farmer who goes to a credit
merchant year after year to buy
bacon, lard, corn, etc., on credit
and dumps all of his cotton on the
market in the fall to satisfy his
creditor and thereby forces the
price below the cost of production,
is a disgrace to the farming pro-
fession.—Progressive Farmer.

It is up to the farmers of the
south to raise enough food to
supply their needs. If they do
not do this some of them are liable
to go hungry next winter if they
depend on their cotton to buy such
things.

Many a man can give the im-
pression that Job was a mere piker
when it comes to exercising pa-
tience.

A man is willing to accept a dis-
tribution of almost anything that
is coming to him except retribu-
tion.

State Wide Attendance

Another state-wide Sunday
school attendance campaign will be
conducted in Tennessee this year
under the auspices of the Y. M. C.
A. It probably will be held in
July and August when attendance
is usually lowest.

Memphis led last year with an
increase of 21,396. That city won
the state banner, while the Chelsea
Methodist Sunday school of
Memphis was given the banner
offered to the Sunday school hav-
ing the largest attendance.

More Sunday schools are ex-
pected to participate this year.

In The Spring
Take Gude's
Pepto-Mangan

Restores the Quality of Blood.
Drives Out Impurities. Builds
Up the Red Corpuscles

IMPROVES THE COMPLEXION

A Standby Among Physicians for
30 Years. In Tablet as Well
as Liquid Form

You notice complexions in the
Spring. People who have plenty
of rich red blood have lips a deep,
rosy red, eyes bright and clear.
Good complexions are based on
the solid foundation of good blood,
plenty of red corpuscles. When
blood becomes clogged with im-
purities, when the red corpuscles
are not absorbing enough oxygen
from the lungs and distributing it
to the cells throughout the body,
good complexions fade. Not only
that, but you feel tired and ex-
hausted all the time. Your
shoulders droop and you lounge
around and lean against anything
handy. You lack energy because
your blood is weak and thin—not
enough red corpuscles.

People call it "Spring Fever."
Call it what you will, it is bad
blood. It weakens powers of re-
sistance.

If you feel that way you should
take that exceptionally good blood
tonic, Gude's Pepto-Mangan, for a
while. It will make rich blood.
For thirty years it has been a
standby among physicians. It will
help you to build up this Spring.
All that comes from having good
blood with plenty of red corpuscles
will come to you.

When you go to your druggist's
be sure to get the genuine Gude's
Pepto-Mangan with the name
"Gude's Pepto-Mangan" on the
package. It is sold in both liquid
and tablet form. Both have the
same medicinal value.—Advertisement.

Mrs. J. W. McMillins with son,
Basin, transacted business in Hun-
tingdon Saturday.

K. D. Lowrance and family of
Henderson spent the week end
with relatives here.

Mrs. Ed Joyner, of Hunting-
don, visited her mother, Mrs.
Brewer last Friday.

Miss Willie Dickerson, of Hol-
low Rock, visited her sister, Mrs.
C. C. Cole last week.

Miss Ruth King, of Hollow
Rock, spent the week end with
relatives at this place.

Miss Gladys Grissom, of Hol-
low Rock, was a social visitor in
our town Saturday and Sunday.

James Cary and family of West-
port have moved to our town.
We are glad to have them with
us.

Misses Ethel and Ava Pickler
entertained the young people of
Buena Vista Saturday evening.
The large crowd present reported
an enjoyable time.

Herschel Watson and family
left here recently for the west
where they plan to make their
future home. With them go best
wishes from Buena Vista.

The W. O. W. Lodge of this
place will meet Saturday night,
March 26, at 7:30 o'clock. All
members are urged to be present
as there is important business to
be looked after.

Mrs. J. W. Wood entertained
last Tuesday afternoon in honor
of the birthdays of her daughters,
little Misses Carmen and Lilah
Woods. A number of little folks
were present and enjoyed games of
various kinds. Delicious refresh-
ments were served. The honorees
were presented with pretty re-
membrances of the occasion.

It is claimed that the Lexington
levee is almost in an impassable
condition. Dr. H. D. McGill in
coming to town a few days ago
in an automobile came very nearly
being the victim of a serious ac-
cident on account of the bad condi-
tion of this levee. If it is nobody's
business to keep this levee in
passable condition the business
men of the town and those people
who are constantly hauling over it
should look after it and have it
repaired. The Chamber of Com-
merce might find in this something
to talk about.

LIGGETT & MYERS TOBACCO CO.

PROFESSOR HASKINS.

WAS A kindly soul.
BRIGHT ON some subjects.
BUT SO absent-minded.
THAT ONE day at the barber's.
HE TOOK off his collar.
TO GET shaved.
AND FORGOT where he was.
AND KEPT right on.
TILL THE cash-girl screamed.
AND A barber stopped him.
HE WAS a great smoker.
BUT HE'D often put.
THE BURNT match in his mouth.
AND THROW away.
THE CIGARETTE.
HIS STUDENTS loved him.
HE WAS so full.
OF FUNNY surprises.

ONE DAY he had a tub,

OF RADIUM and he told.
THE STUDENTS all about it,
AND FINALLY, by mistake,
INSTEAD OF the tube,
HE PULLED out one,
OF HIS cigarettes,
AND ASKED the class,
"WHAT IS the one thing."
WHICH DISTINGUISHES.
THIS MARVELOUS substance,
FROM ALL others on earth?
AND THE class roared,
"THEY SATISFY."

WHAT is it you've always wanted
a cigarette to do? You know the
answer. Chesterfields do it—they not
only please your taste, they satisfy!
It's all in the blend—a secret blend of
fine Turkish and Domestic tobaccos.
It puts Chesterfields where none can
touch them for quality and value.
