

An Easy Answer

WHAT MAKES more noise than a pig under a gate? The answer to that question was found a long time ago. Two pigs, of course. What causes more satisfaction than the dollar safely deposited at the Bank? Why two dollars on deposit, to be sure. And in time the two dollars grow to four, the four to eight and so on up the line, and the satisfaction increases in proportion as the dollars mount. That's the way fortunes are made. Ask any wealthy man this and then follow his advice.
