Great Pictures.

The eighth number of Great Pictures is now ready for delivery and contains the following beautiful pictures:

Vision (C. Duran.) Youth as pictured in the memory of age, appears against the dark background of the hermit's cell scattering from soft fingers the ruddy roses of life's June time.

Cupid as Pilot (Coomans.) A figure redolent with the "langours and lilies of love." The pose of the female figure, the relaxed mouth, the round full chin and dreamy eyes all tell the story of the surrender, and love holds a firm hand on the helm.

The First Sorrow (Bouguereau.) The first man and the first woman are for the first time confronted with a great tragedy of death. Evolved in the atmosphere of sorrow, and thrilled with the tremendous touch of tragedy, this painting tells the story of rage, envy, death and grief.

Mission of San Antonio de Padua one of the most famous of W. H. Jackson's photographs, as is also View of the Lake Front, one of his celebrated World's Fair pictures.

Price by mail 15 cents at all book stores, or from the White City Art Co., publishers, 611 Manhattan Building, Chicago, Ill.

No cough remedy equals DR. BELL'S PINE TAR HONEY for anybody of any age, from infancy on through life until they are as old as Good Old Granny Metcalf. All good druggists sell it.

In a street duel at Waco, Tex., J. W. Harris, editor of the Times-Herald, was fatally wounded and W. A. Harris, his brother, was seriously wounded by shots from W. A. Harris' pistol. The shooting grew out of the recent mobbing of W. C. Braan at Waco.

Kitchen Economy.

A stationary wire soap dish attached to the side of the scrubbing pail will prevent bits of soap wasting in the water.

Husks taken from the green corn may be torn in narrow strips, dried and used to stuff vermouth or hammock pillows.

Soft soap, made from half pound of hard soap and two quarts of boiling water, is more economical for laundry purposes than ordinary washing soap.

Some heavy, unbleached muslin should always be placed over the flour barrel, under the lid, to keep out the dust and insects.

A variety of bags of assorted sizes, labeled and fastened to the pantry door to hold kitchen towels and dish cloths, prepared and ready for use, is a feature in kitchens where the cook's convenience is attended to.

The yolks of eggs dry almost as soon as they come in contact with the air, but if dropped at once into a cup of cold water will keep in good condition for three or four days.

Buclien's Arnica Salve.

The best salve in the world for cuts, bruises, ulcers, salt rheum, fever sores, chapped hands, chilblains, corns and all skin eruptions and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by McFarland & Co.

Tetter, Salt-Rheum and Eczema.

The intense itching and smarting, incident to these diseases, is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and a favorite remedy for sore nipples, chapped hands, chilblains, frost bite and chronic sore eyes. 25 cents per box.

Dr. Cad's Condition Powders, are just what a horse needs when in bad condition. Tonic, blood purifier and vermifuge. They are not food but medicine and the best in use to put a horse in prime condition. Price 25 cents per package.

Yellow Fever Germ bred in the bowels. Kill them and you are safe from the awful disease. Casarets destroy the germs throughout the system and make it impossible for new ones to form. Casarets are the only reliable safe-guard for young and old against Yellow Jack. 10c, 25c, 50c. All druggists.

REFLECTIONS OF A BACHELOR.

A baby is a little pink bunch of yell.

Even the women haven't the nerve to claim that Cupid ever got married.

The more a woman thinks she knows about politics the less fruit she cans.

The more I think about getting married the oftener I make up mind not to.

A woman loves her husband for her children; a man loves his children for his wife.

If some folks were the devil on a visit to heaven they would get awfully homesick.

When a woman cries till her eyes and nose get all red and is said to have been weeping her heart out.

Every man reflects a lot about women, but the married men's reflections are generally not fit to print.

A girl spends lots of time wondering what she would say if she got kissed, and then doesn't say anything.

When a woman takes to wearing a man's collar and necktie it is time for her husband to sew lace frills on his night shirt.

A woman never wishes she could wear trousers so much as she does when she tries to go up stairs two steps at a time.

Just because a man won't cheat a lreect car company out of a nickel is no sign that he won't lie about the amount of money his vacation has cost him.—New York Press.

The jury at Somerset acquitted James Hollars of the charge of murder, the defendant making the remarkable defense that the crime was committed by his aged father, who is now dead.

OUR COMPOUND OXYGEN IDEA

That our Compound Oxygen (not its worthless imitations) will do this, we can convince any well person who is able to believe other people, or any sick person who is able to believe his own feelings. Do you need better health? Write for Treatise, and Prof. See, or call and see us. We treat patients at our office as well as at home.

THE AMERICAN MONTHLY REVIEW OF REVIEWS

It is impossible to promise particular features that will appear in the "AMERICAN MONTHLY" during the coming year, for it is, as the Bookman says, "a great monthly newspaper." As such, it prints for its readers an illustrated account of the notable things which make the history of the month, and literary happenings which are of value to intelligent men and women. The Editor's "Progress of the World" tells succinctly an illustrated story of the month. The "Leading Articles" give the best thought and information of the current magazines in five continents; the contributed articles furnish the character sketches of the man of the month, and give timely discussions by authorities on any question of immediate serious import.

The result of this comprehensive effort to edit in one monthly volume the information needed by intelligent people of "five" instincts is best gauged in the opinions which the readers of the AMERICAN MONTHLY have seen fit to express. These are thinking business men, clergymen, editors, lawyers, professors, engineers, the wide-awake women of America. They write that the AMERICAN MONTHLY "is indispensable"; "is simply invaluable"; "is a generous library in itself"; "is a historical cyclopaedia of the world"; "the best means of aid for a busy man"; "the best periodical of the kind we have ever had"; "a triumph of editorial genius"; "the world under a field-glass," etc., etc.
