### Cookeville Cemetery

February and March are the months for sodding. Any one desiring such work can give their orders to John White or J. M. Haynes. We will sod graves with round mounds. We do not care to fix any more graves with square mounds. The square mounds are hard to keep in shape the grass dies easily and the work is not satisfactory.

I am so far away and have so little time in Cookeville I cannot look after the cemetery as I would like to do. It seems that no one else will take it. So I am doing the best I can.

GEO. W. NACKLES.

### Card of Thanks.
