

Obeys City

Dear Editor—I enjoyed your nice little paper so much that I thought I would write a few lines.

Sickness is taking its way in this community. Mrs. Alice Miller is reported better. Mrs. Dora Ashburn and Joe Wilson are very low at this writing.

The revival meeting will begin at Cliffsprings the third Sunday in this month.

Mr. and Mrs. R. M. Tudor and Mrs. Belva Milton visited R. C. Ashburn of Spring Creek, last week.

Vanus Bilbrey entertained a number of young people last Saturday by means of a quilting.

A large number of people from this place attended the Childrens Day at Sunk Cane last Sunday Everybody reported a good time and plenty of dinner.

Uncle Arch W., papa received your letter and will answer soon.

You people of Foyil, Okla., wake up and write to us.

Miss Cora D. of Green Tree, Winnie said tell you she would answer your letter at once. We are going to school and do not have time to write much.

Aunt Poda, I wish you were here to help us eat watermelons.

OVA WILSON.

Comanche, Okla.

As there seems to be no one writing from this place, I will give a few items especially for the sake of my dear old father and mother, sisters and friends in Tennessee. Crops are looking fine here now, as the drouth is over. Cotton is opening, and lots of people are picking.

I havent picked any yet, but think I will when it opens more. I told my husband the other day, I was going to try my luck on picking this year, and he said you can't pick 10 pounds a week.

But there isn't anything like trying. Mrs. Ada Palk, I wish you were out here. I am sure I could pick over 10 pounds a week, as you could show me how. Dear, have you gorgotten the time you visited sister and I at Eschite, Okla. and the fun we had? those were happy days and they are as fresh to my memory now as if it had been only yesterday. But they are gone never to be called back. But I hope if we all never meet here on this old earth a gain I hope we will meet in the great beyond.

Hattie B. I received your long sweet letter several days ago and will answer in a few days.

From all reports Tennessee is going to beat the record on corn crops this year. I hope how well every body may do back there this year, and in the year to come.

Tennessee holds many dear friends of mine. and it is there I have spent my happiest days.

Time changes everything; yes, it is time that bears us remorselessly on never back to the old pleasant times, but always on and on, to lose itself at last in the eternal unknown, whether, for better, whether for worse, who shall venture to say?

AVO LINDSEY ODUM.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

Obituary

Matilda Catherine Smith was born at Nettle Carrier, Overton County, Tennessee, on July 27, 1847, and died August 28, 1911. Her parents were Rawlins and Matilda Johnson. She was married in early womanhood to Allen Smith whom she survived a number of years. Of the six children born to them only two sons, D. M. and John O. Smith are living, both of whom were with her and cared for her in her last sickness.

Her only living brother, T. F. Johnson of Putnam County, and her sister, Mrs. Center Brown of Livingston, were also with her.

Mrs. Smith was converted in early life and became a member of the Cave Springs congregation of the C. P. Church, and for more than forty years had lived a consistent christian life.

She has been a great sufferer, but bore all her afflictions with patience.

Her ill health has confined her at her home mostly for the last fifteen years, but she was always found cheerful and full of interest, being a woman of rare intelligence.

On the eve of August the 29th, at the hour of sunset, her remains were laid to rest in the family burying ground upon a beautiful eminence overlooking the community she loved so well, and where her life had been spent.

A devoted mother, a kind neighbor, a true friend, a trusting Christian, has entered into that inheritance prepared for all those who do his will. A FRIEND.

Dyspepsia is our national ailment. Burdock Blood Bitters is the national cure for it. It strengthens stomach membranes, promotes flow of digestive juices, purifies the blood, builds you up.

Lone Oak

Health is reasonably good in this settlement, though there some sickness.

Free school is doing well under the management of Miss Georgia Alcorn.

The writer closed a good revival meeting at Lone Oak last week, with several conversions and additions to the church, seven being bapitized. I was assisted by W. L. Ray and Benton McDonald. The prospect is good for Lone Oak to come to the front and the prayers of all good people are much desired for the success of this work.

I would be glad to see and hear from my many friends and relatives, as I feel wearied with my work. May the Lord bless you all. Rev. M. Judd.

TELLS THE CAUSE OF APPENDICITIS

Swallows Drug Co. states that much appendicitis in Algood is caused by constipation, gas on the stomach or sour stomach. These troubles are almost INSTANTLY relieved and appendicitis guarded against by taking a SINGLE DOSE of simple buckhorn bark, glycerine, etc., as compounded in Adler-i-ka, the new German appendicitis remedy.

Great Bend, Kansas

It is rather dry here and crops are only fair. Wheat land is nearly all ready for sowing, and some have begun to drill. Lots of corn is being cut.

E. C. Gentry and family from north of town were over today.

The children have a time getting the sand burs out of their feet.

LEE JARED.

Card of Thanks

We wish to express our sincere thanks to our many friends for the kindness shown to us during the sickness and death of our loving sister, Melonee. May God bless each and every one of you and if ever in our power to show our appreciation in any way we are ever within and ready. They will be ever remembered by us.

ELDRIDGE and ELIZA GRIMES.

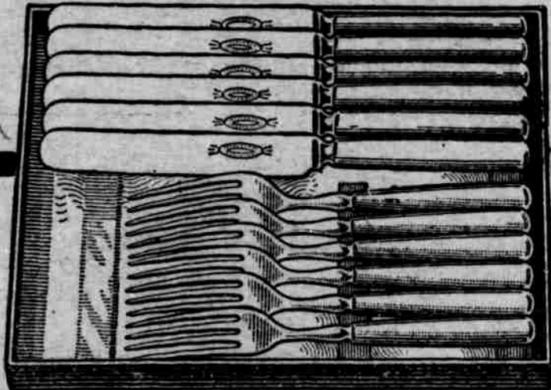

While at the Fair let us Show You how "WE DID IT"

One of the most interesting features of our exhibit will be an X-Ray Chassis. This Chassis is a stock touring car cut away in such a manner as to show EVERY MOVING PART of the Car and Motor.
