The readers of this paper will be pleased to
learn that there is at least one dreaded disease
that science has been able to cure in all its
stages, and that is Catarrh. Hall's Catarrh
is the only positive cure now known to the med-
ical fraternity. Catarrh being a constitutional
disease, requires a constitutional treatment.
Hall's Catarrh Cure is taken internally, acting
directly upon the blood and mucous surfaces of
the system, thereby destroying the foundation
of the disease, and giving the patient strength
by building up the constitution and assisting na-
ture in doing its work. The proprietors have
so much faith in its curative powers that they
offer One Hundred Dollars for any case that it
fails to cure. Send for list of testimonials.

WHAT CATARRH IS

It has been said that every third
person has catarrh in some form.
Science has shown that nasal catarrh
often indicates a general weakness
of the body; and local treatments in
the form of snuffs and vapors do little,
if any good.
To correct catarrh you should treat its
cause by enriching your blood with the
oil-food in Scott's Emulsion which is a
medicinal food and a building-tonic, free
from alcohol or any harmful drugs. Try it.

**Can Beat Hands
Shucking Corn**

AT LEAST HE WOULD BET SO
AFTER BEING RELIEVED
BY TANLAC

"My wife and myself have had
stomach trouble, and have both been
nervous and all run down. We could
not eat anything, and could not sleep
at night regular nervous dyspeptics.
We tried many remedies without per-
manent benefit until we heard of Mr.
Cooper and his Tanlac. I got the
medicine and we began taking it.
We noticed immediate results. We
are both greatly improved by Tanlac.
We give all credit for our change of
health to Tanlac. It is a remarkable
medicine.

"I, personally, feel so good that I
told my hands a day or two ago that
I could beat any of them shucking
corn. I meant it, and believe I could
have beat 'em all."

The above statement was made by
J. A. White, residing on the Leestown
Pike. R. R. D. No. 6 near Lexington,
Ky.

"Of all the maladies that afflict hu-
manity, chronic dyspepsia, such as
Mr. and Mrs. White evidently suffer-
ed, is probably the most prevalent,"
declared G. F. Willis, southern dis-
tributor of Tanlac, in commenting up-
on Mr. White's statement. Its causes
and characteristics" continued Mr.
Willis, are diverse. The most skilled
physicians have been unable to cope
successfully with this almost univer-
sal malady; but mother nature, her-
self, from great natural forests, aid-
ed by what I deem the best skill in
chemistry, has compounded in her
wonderful laboratory the most benefi-
cial remedy ever discovered for this
ailment. Hours might be con-
sumed in describing the sufferings,
mental and bodily, of the victims of
chronic dyspepsia, and their absolute
failure heretofore to get relief. A
morbid, unreal, whimsical and mel-
ancholy condition of mind, aside from
the nervous physical sufferings, is
the usual state of the average dys-
peptic, and life seems scarcely worth
the living. Tanlac was designed for
the purpose of overcoming this dis-
tressing condition, in order that peo-
ple suffering from this trouble might
become like oldtime people—strong
sturdy and well."

Over a million bottles of Tanlac
have been sold in the last nine months.
Tanlac is sold in Cookeville exclu-
sively by Wyley Drug Co. Adv.
