## LADIES AID SOCIETY

Mrs. Virginia Allison and Mrs. L. M. Bullington entertained the Ladies Aid Society Tuesday afternoon at their home on Oak St. Romans, first chapter was the lesson. \$12 was realized for the pipe organ fund. During the social hour the hostesses, assisted by Mrs. S. B. Anderson, served a delightful ice course. The next meeting will be with Mrs. Walter Carlen.

The annual egg hunt was discussed and plans were made for a larger attendance and better time than ever before. Hundreds of eggs are to be ordered for this occasion. The hunt for the larger children will be in the large pasture adjoining the Rest room, while the smaller children will be across the street at Walker Carlen's. The hunt will begin at 2:30 p. m., April 7. Admission 10c, proceeds to apply on organ fund. All children invited to attend. Come and try to find the gold and silver prize eggs.

The ladies will also have dressed hens, and home-made cakes and candies for sale at "The Wayside".

## CIVILIZATION

Mr. Lee the manager of the Strand Theatre has completed arrangements with a representative of Thos. H. Ince's masterpiece, CIVILIZATION, which will be presented for the approval of the public in Cookeville.

Civilization deals with the question of the hour, "The war of wars." With Mr. Ince's masterful handling of this subject, is shown the evil of one man's power to plunge the whole world into war.

In this picture is shown the actual sinking of battleships by submarines, trench warfare, and the wonderful development of aeroplanes in the present war. Mr. Ince states that this production cost one million dollars and is the biggest production of its kind ever made.

There were over forty thousand people, ten thousand horses, twenty aeroplanes, and the most capable cast available used to make this the most wonderful picture of the present age. Watch this paper for further information, relative to the wonders presented in CIVILIZATION.

## STORY HOUR

A most enjoyable and instructive story hour was conducted last Friday, a number of girls assisting Mrs. McDearman, who was in charge.

Anita Lee Huffmeister, and Lorena Maberry told beautiful stories in a very charming manner for girls of their age. Addie Howard gave a reading in Negro dialect which was a great pleasure to all hearing her.

Mrs. McDearman chose for her story, on this occasion "David and the Good Health Elves." This is a lovely story and one filled with powerful suggestions on health and sanitation. David has a dream in which six elves visit him. Each elf introduces himself to David and tells him the part cleanliness has in his life, of the necessity of fresh air, and proper food if he wishes to grow into strong, noble and powerful man, as all boys wish to do. A story such as this told in Mrs. McDearman's own sincere way, has a lasting and far reaching influence in the forming of a child's habits, and habits of good health are not easily formed after childhood.

## CANNING CLUBS

Miss Kate M. Hooper recently appointed County Demonstration Agent for Putnam County, received her training at the Teacher's College Columbia University, N. ## REVIVAL AT BAPTIST CHURCH

A series of revival meetings will be held in the Baptist church, beginning next Sunday, conducted by Rev. H. F. Burns of Brush Creek and Pastor E. A. Cate.

## WAYSIDE NOTES

A decided change has been made in the managing of the Rest Room since our new Matron, Mrs. Barr, has taken charge. It is open now when the morning shopper runs and there is seldom a morning that some one doesn't stop in, either for coffee and sandwich; to wait for the stores to be open or wanting to meet an appointment. Friends along the railroad say it is a very great convenience to shoppers.

Light lunches can be had at any time. The children of the city school are taking advantage of this new plan. The Rest Room is now open Sunday except during the morning church hour. A little extra care is taken to have tasty lunch for Sunday night. We are glad to have any one who cares to send in anything that can be used for these lunches.

The reading room seems to be taking on new attractiveness. The American Boy, and Illustrated World Magazines seem to draw boys especially.

We want to give special thanks to Dorman & High, the Veneer Factory and Beecher Huddleston for the wood they have given us this winter.

Now we are going to give every friend in the county a chance to help us by asking that every one interested send us half the eggs they get on Thursday, April 12. Just send them in any time that is convenient after that date.

Instead of three workers for the cause we now have seventeen who are thoroughly interested and we are hoping to have some of the business men, who withdrew their support, come back to our aid. We can assure them that their customers will be made heartily welcome any time. If those who think the Rest Room not worth while could spend one or two days there from 6:30 in the morning until 9 or 10 at night, they would change their minds.

For the benefit of those who want to give something for the completion of the place, we would suggest that we need more chairs, a book case, an oil stove and always more good books and anything to interest the young people.

## UNDER NEW MANAGEMENT

April 1 the Richelieu Hotel will be under new management, with John G. Duke in charge. Mr. Duke has had much experience in the hotel business and proposes to make the Richelieu a first class place.

Mt. View Lodge No. 179, I. O. O. F. met at the usual hour, 7 p. m. March 24, 1917, H. V. Carr, N. G., presiding with a fairly good attendance. Quite a lot of routine business was disposed of. Bro. A. A. Reagan was reported about as last week. Bro. S. M. H. Taylor writes he has been ailing 3 weeks. The proclamation of the Grand Sire and Grand Master, in regard to celebration of the 98th anniversary of the order, April 26, was read and upon motion a committee of three was appointed to formulate a program for the occasion, and make report at our next meeting.

The Lodge has declared that to expedite the paying of sick benefits every sick brother shall write to the Lodge of his sickness and also report weekly, his condition. It would consume the entire time of the Committee to try to hunt up and inquire into the health of the 171 members, each week. As the mails are available to all, the Lodge can be notified 6 days in the week, and the committee can, after notice, investigate.

## WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Grateful people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit.

T. A. Roberson, farmer, R. F. D. No. 1, Monterey, Tenn., says: "My kidneys gave me a lot of trouble and I had a dull ache in my back and shoulders. I couldn't rest well and was so lame and stiff mornings that I could hardly get around. The kidney secretions passed irregularly and most of the time were profuse. Colds settled on my kidneys and I was bothered by rheumatic twinges. When I read about Doan's Kidney Pills, I used them, and they gave me great relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Roberson had. Foster-Milburn Co., Props., Buffalo, N. Y.
