Colonel H. R. Richmond, and Major Frank Richmond, who were called to Cookeville on account of the death of their father, have returned to Fort Riley, Kansas. Col. Richmond has been honored by being chosen by the Government one of the number to re-write the cavalry rules and tactics for the future, as he is considered an authority in his line of work in the army. He is a man of splendid ability and unusually fine mind. Major Frank Richmond has risen very rapidly in the army and proven himself a very capable officer, and Putnam county is justly proud of these two men who are following in the honorable footsteps of their father, and are of worth to their army and their country as he has always been to his community.

T. P. I. NOTES
1921—A New Year's greeting to all patrons of the Tennessee Tech! 1-9-21 equal 13. Will this be a lucky year? Let us hope so. Now that Christmas holidays are only a memory, every one should be ready to get down to earnest work, and help to make this the most successful year of the Tennessee Tech's history.
Nearly all of last term's students have returned, with quite a number of new ones.
Every room in the boys' dormitory is occupied.
All classes met in regular session Tuesday.
Dr. Coile gave an interesting talk to the student body Tuesday morning 9:30 hour.
No school in the state has a more beautiful location in a more healthful locality. With permanent lights and water we could face the new year with buoyant hearts, knowing that we can make a record equal to that of any school in the state or any Tech in the South.
