

THROW OUT THE LINE

Give the Kidneys Help and Many Newport People Will be Happier.

"Throw Out the Life Line." The kidneys need help. They're overworked—can't get the poison filtered out of the blood.

They're getting worse every minute. Will you help them?

Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair.

John L. Cates, Main St., Newport, Tenn., says: "I have used Doan's Kidney Pills and I do not believe that they have an equal in curing kidney trouble. More than four years ago my kidneys became disordered and the kidney secretions were very distressing in passage. Doan's Kidney Pills obtained from the Minnis Drug Co., relieved me and after taking them, my kidneys became normal. I have nothing but praise for this remedy." (Statement given January 6, 1907.)

A WILLING CORROBORATION.

On December 17, 1910, Mr. Cates said: "I am glad to again endorse Doan's Kidney Pills and say that I still consider them the best kidney medicine to be had. They certainly did good work in my case."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Parrottsville News

Parrottsville, May 24.—We were unable to get in an account of the close of Parrottsville High School but will say now that it was a great success and all did their parts well.

Prof. Garrett is getting along well with his normal school and the manner in which he is conducting it, shows that he is an experienced hand.

Every one who is interested in the building up of the school here is very anxious for him to stay with us and we feel sure that he will.

Mr. Garrett has not been well for some days but is better now.

Yes we have the smallpox in our town, but who is to blame? Have we any health officer? If so has he done his duty? Mr. Bybee was allowed to come home to his family and friends sick with smallpox, we think there is something radically wrong or such things would not be. Why has Newport not been quarantined? Oh you say it is nothing more than the measles? Those who say this ought to try it and learn a few things. When you are made blind and pitted for life by a disease you should certainly fear it.

Dr. J. A. Luning was at Whitesburg last week.

Miss Vernie Neas is at Hickory, N. C., this week attending the close of Lenoir College. Her sister Ida Belle graduates there this year.

Mrs. C. L. Ottinger visited relatives here this week.

Miss Mabel Jones is home from college. She was at Mt. Pleasant, N. C., the past year.

Miss Lenora Ellison will be at home

this week for vacation. She has been in the University of Chattanooga, Athens Dept. this year.

F. D. LaRue is preparing to build a new house.

Master Frank Roberts is visiting his cousins, Roy and Onita Belle.

Edd Kelly has a new bicycle.

Carl Hixson of Knoxville Business College, was at home for a few days last week.

Several of us have been having a lot of trouble over having been vaccinated.

'Tis Pretty Soft!

Toledo, Ohio, May 21.—Evangelist "Billy" Sunday today received \$15,425.58 for his six weeks work here from the people of Toledo. This breaks all previous records in the history of Sunday's work. The largest sum that Sunday ever received, previous to his Toledo engagement, was \$13,200 at New Castle, Penn.

The highest amount received in the Sunday collection was a one-thousand dollar contribution from a department store. The next two highest were of \$500 offerings from the First National Bank and T. W. Warner.

A feature of the collection is that approximately \$10,000 of the amount was given by persons of ordinary means.

More than 800,000 persons attended the meetings while the conversions reached 7,000 Sunday says. "This beats the world's record, he says, for conversions which was held by New Castle.

The converts include men and women from every phase of citizenship of Toledo. The big feature of the conversions was the large number of members of the Lucas County bar and county officials who hit the saw-dust trail.

Nashville, Tenn., May 22.—Governor Hooper today announced the appointment of E. E. Fry, Benton County, and Silas D. Anderson, DeKalb county, as wardens at the main and Brushy Mountain prisons respectively. Mr. Fry will assume his duties July 7, when Warden Rice's time expires. Fry is an independent democrat and Anderson, a republican. Each has been sheriff of his county and Mr. Fry has also served as county trustee.

Summer Home on Bald Knob

Offered President Taft by Group of Tennesseans.

Washington, May 22.—Representative Austin with a group of Tennesseans was among the White House callers. They preferred the President a summer home on Bald Knob in the Smoky mountains where they said awaited him a \$25,000 mansion on a model turn pike leading to Knoxville. President Taft extolled the beauty of the scenery about Knoxville but said he could not now give a definite answer.

Six Negroes Are Lynched

Small Crowd Avenges Death of Two White Men in Florida.

Lake City, Fla., May 21.—Six negroes were lynched here early this morning after a party of more than a dozen men, masquerading as officers, appeared at the county jail and secured possession of the men by presenting a bogus telegram to the 16-year-old son of the sheriff, ordering the release of the blacks to the alleged posse. The negroes were being held here for safe keeping on the charge of murdering B. B. Smith, a sawmill man of wadesborough, Leon county, and wounding another man named Register on May 12.

The men who had come from Tallahassee to Lake City in automobiles, carrying the negroes about a mile outside of Lake City, compelled them to stand abreast and about ten men commenced firing with winchesters and pistols until everyone of the six had been riddled with bullets. The firing lasted about half an hour and a few straggling citizens at daybreak found the negroes butchered beyond recognition, just after the automobiles left the scene of the lynching.

The plans of the lynchers were the most daring and but for a curious combination of circumstances would never have been accomplished. The sheriff of Columbia county was out of the city and left the jail in charge of the boy, who, aroused in the early hours of the morning, allowed the six negroes to be taken from the jail without knowing the sinister purpose of the posse.

The telegram which the leader of the mob showed the boy, was supposedly from the sheriff of Leon county, and stated that the sheriff had received intimations that a mob was being formed in Tallahassee to take the negroes from the Lake city jail. The message ordered that the men be carried further south to frustrate the suspected mob. The telegram appeared authentic, as the six negroes have been move frequently.

Residents of Lake city knew nothing of the lynching until a fusillade of distant shots were heard.

A few citizens went in the direction of the shots and found the negroes, but the lynchers had disappeared.

By some it is believed that the negroes were to be hanged, but resisted and were instantly killed to prevent escape. Some indications of a struggle cause this belief.

Airship Hits Crowd

French Minister is Killed and Others Injured.

Paris, May 21.—France paid a terrible toll today for her magnificent endeavor to attain supremacy of the air when a monoplane, the driver of which had lost control, plunged into a group of members of the cabinet who had gathered to witness the start of a race from Paris to Madrid, killing the minister of war and injuring the prime minister, his son and a well known sportsman.

THE DEAD

Henri Maurice Berteaux, minister of war.

The injured:

Antoine Emmanuel Ernest Monis,

premier and minister of the interior. Anterie Monis, son of the premier. Henri Deutsch De La Mouthe, the aged patron of aeronautics, automobile and other sports.

A large number of other persons of note had narrow escapes from injury.

The accident occurred on the aviation field at Issy Les Molineux where 200,000 persons had gathered to see the start of the race.

M. Train was piloting the monoplane that wrought such havoc. With him in the car was M. Bonnier, a passenger. Neither of these men were injured. The machine was wrecked.

Minister of war Berteaux was horribly mangled. The swiftly revolving propeller cut off his left arm, which was found ten feet from where he was struck, the back of his head was crushed in, his throat gashed and the whole of his left side cut and lacerated.

Premier Monis was buried beneath the wreckage of the monoplane. He was taken out as quickly as possible and examined by military surgeons who found he had sustained compound

fractures of bones in the right leg, that his nose was broken, his face badly contused and that there were bruises on the breast and abdomen.

Brownies

The original Brownie idea was to make a small camera on the Kodak principle that would teach the youngsters to take pictures. This meant making many cameras and making them simply, but making them so good that their owners would be enthusiastic.

The first Brownie made 2 1/2 x 2 1/2 pictures and sold for a dollar. It was made so well that the inevitable happened. Other and bigger Brownies for bigger people simply had to follow. They are made in Kodak factories under Kodak superintendance by Kodak workmen. Habit with these people means honest workmanship. That's why the Brownie, a low price camera, has been a success.

The No. 2A Folding Pocket Brownie is a truly pocket camera for 2 1/2 x 4 1/4 pictures, loading in daylight with Kodak film cartridges. Capacity 12 exposures without reloading. Finest quality of lens of five inch focus. Pocket automatic shutter for snapshot or instantaneous exposures, two tripod sockets, automatic focusing lock and reversible finder, honestly and handsomely made in every detail. Covered with a durable imitation leather and has full nicked fittings.
