TRUTH.

It seems strange that anyone will continue to suffer from the effect of malaria, blood poison, soreness of the liver and kidneys, rheumatism, etc. when there is a cure within the reach of all. It has never failed to give complete satisfaction, curing safely, surely and quickly every symptom of ill health resulting from a state of blood impurity. From its use pimples and sores rapidly get well, aches and pains subside, weakness, stiff joints, swollen limbs, dyspepsia, want of appetite all disappear. It is called Botanic Blood Balm, made in Atlanta, Ga., and has long been the favorite remedy of the South. It is a perfectly safe, but powerful, and general tonic, and much quicker in its action than medicine usually administered by physicians, for while nearly the same ingredients might be prescribed, it hardly possible to get the same ingredients in the strength and same quantity as can be used; and hence by the superiority of B. B. B. over all blood medicines in the world, as is evidenced by the remarkable testimony given by those who have been cured even when all other treatment utterly failed. Read the following:

EVANSVILLE, GA., Feb. 24, 1887.

THIS is to certify that my wife has been in her health for eight years. After trying five doctors and six or seven different patent medicines six bottles of your B. B. B. has cured her.

JAMES W. LANCASTER.

B. B. B.

KNOWVILLE, TENN., July 2, 1887.

I have had catarrh of the head for six years. I went to a noted doctor and he treated me for it, but could not cure me, he said. I was over fifty years old, and I gave up all hope. I had distressing fits of my face and shoulders, my eyes were CATARRH swollen, and I am confident I could not have lived without a change. I started on one bottle of your medicine, used it, and felt better. Then I got four more, and thank God, it cured me. Use this in any way you may wish for the good of sufferers.

Mrs. MATILDA NICHOLS, 22 Florida Street.

B. B. B.

MAINE, GA., Jan. 3, 1888.

FOR twelve years I suffered from secondary and tertiary blood poison. My face and shoulders became a mass of corruption and the disease began to eat my skull bones. It was said I must surely die, but I tried a bottle B. B. B. with benefit, and using eight or ten bottles more I became sound and well, and have been so for twelve months. Hundreds of scars can be seen on my face, and I extend heartfelt thanks, for so valuable a remedy. ROBERT WARD.

We know Robert Ward and that he has been cured by Botanic Blood Balm. A. T. Brightwell, W. C. Fitchner, & Co., J. H. Brightwell, John T. Hart, W. B. Campbell.

B. B. B.

WAYNESBORO, MISS., July 14, 1887.

MY sister was afflicted for a number of years with boils scattered about her face and shoulders. They would make their appearance every spring and last through the summer and late in the fall. Her health was sadly injured, and she was losing flesh and strength. One day, in fact, they were applying to her face, and she had a B. B. B. and the effect was like magic, producing a complete cure and restoring her health. Today she is perfectly sound and her health fully restored. It is without doubt the best and most valuable Blood Purifier now on the market.

D. M. McRAE.

B. B. B.

I suffered untold misery for years from inflammatory rheumatism, and could find nothing to cure or relieve me. I finally made up my mind to make RHEUMATISM one more effort to do for myself, and during that of the terrible affliction, and it now affords me the greatest pleasure of my life to state to the citizens of Smith county that I am entirely cured, with no trace of the disease left, and all effected by the magic healing properties of B. B. B. which I consider the grandest, purest and most powerful blood remedy known to man. I have been subject to inflammatory attacks since ten years of age.

JOHN M. DAVIS, Tyler, Texas.

B. B. B.

FOR five years I have been suffering with a weak back from result of an injury received, attended by rheumatism. I had to give up my regular business and take the position of night-watcher. I have derived great relief and benefit by using Botanic Blood Balm, and have regained my strength sufficiently to resume my regular work. I think Botanic Blood Balm has given me permanent relief. I am now able to perform work that I have not had strength to do for five years, and cheerfully endorse B. B. B., which has proven to be the only medicine that will give me relief.

OLIVER SECOR, 114 Streeter St., Baltimore, Md.

B. B. B.

ALAPAH, GA., June 22, 1887.

I had suffered from dyspepsia, for over fifteen years, and during that time tried everything I could hear of, and spent over \$300 in doctors' bills without receiving the slightest benefit. Indeed, I continued to grow worse. Finally, after I despaired of obtaining relief, a friend recommended B. B. B. (Botanic Blood Balm), and I began using it; not, however, expecting to be benefited. After using a half bottle I was satisfied that I was being benefited, and when the sixth bottle was taken I felt like a new man. I would not take \$1,000 for the good it has done me; in fact, the relief I derived from it is priceless. I firmly believe that I would have died had I not taken it.
