SERIOUS

Trouble Again In
Hamburg, Tenn.

Another Big Fight!

O. C. HAGY & CO.

Have opened a new Millinery Store under the management of Miss May Bub, an expert milliner employed in St. Louis Emporium Millinery Co's. large Hat Store. Aint it a sight to see a lady who can trim a hat, select a nice summer dress and all trimmings, capable of making trimmings of the dress and hat match to make the ugliest old maid in this county look like a sixteen year older.

Then again it is strange how a nice milliner can get up all these beautiful Hats with beautiful trimmings, and select beautiful dresses with beautiful trimmings, all at the same cost it would be if you were to select from some incomplete stock of Hats and Dry Goods, and get an outfit that was not becoming, neither beautiful nor tasty. This stock of Millinery has a complete line of chenile belts and ties with spikes, all the latest shirt waists, silks and a complete line of ladies' novelties, not surpassed anywhere.

Another Serious Trouble

Disturbing the minds of the people is how O. C. HAGY & CO. can sell Groceries at such ridiculously low prices.

ROSS BROS & CO.

Shiloh Battlefield.

We learn from Capt. J. W. Irwin who returned from Shiloh Saturday that during the past week the following representatives of the Illinois Shiloh Commission came up Tuesday on the Tennessee and spent a couple of days on the field.

Capt. Gustav A. Bussie, Chicago, President of the Commission, Major Geo. Mason, Chicago, Secty. Judge Banson Wood, Effingham, Ill., Col. J. S. Culver, Springfield, Ill. The contractor who put up the monument for Illinois was with them. They were accompanied by Hon. Charles Mason, Chicago, Geo. A. Bussie Mrs. Charles Mackie, Chicago, Mrs. Judge Wood, Effingham.

The Commission came to inspect the thirty seven Illinois monument erected on the field by Col. Culver, and to locate positions for a cavalry monument and their State monument. The State monument will be thirty-two feet high and will cost near twenty-five thousand dollars.

Mr. W. E. Hughes, President of the Hughes Granite and marble Co., Clyde, Ohio., and contractor for the Ohio monuments came up on the City of Clifton Friday. He is here to view the situation, and arrange for the construction of a tramway from the river to the top of the bluff, on which to haul up the monuments, some pieces of which weigh thirty tons. He expects to set up the monuments on the field during the summer.

Teachers' Association.

The Hardin County Teachers' Association held its regular monthly meeting Saturday, April 27, 1901.

There was an attendance of

Shudders at His Past.

I recall now with horror, says mail carrier Burnett Mann, of Levanna, O., my three years of suffering from kidney trouble. I was hardly ever free from dull aches or acute pains in my back. To stoop or lift mail sacks made me groan. I felt tired, worn out about ready to give up, when I began to use Electric Bitters, but six bottles completely cured me and made me feel like a new man. They're unrivaled to regulate stomach, liver, kidneys and bowels. Perfect satisfaction guaranteed by J. K. Barlow. Only 50c.

about forty people most of whom were teachers.

The morning session was devoted to the program, and some very interesting talks were given by the teachers.

In the afternoon, H. E. Woodside presented the by-laws and constitution, which were adopted with some amendments. Then followed the discussion of a summer institute. It was agreed that an institute should be held for two weeks, beginning, if possible, about June 15. A committee was appointed to secure the services of some man well qualified for institute work.

This institute will probably bring to Savannah about seventy-five teachers, and it is hoped the towns people will manifest great interest in this movement.

The teachers and pupils of the 3 and 4 grades, were made most happy last monday by receiving a nicely framed picture of George Washington. If the donor, as yet unknown, could have seen the delight of teachers and pupils, she would have been amply repaid for her thoughtfulness. The father of his country, surmounted by the Red, White and Blue, now smiles serenely on the children. He is as yet rather lonely, but hopes, before many days to have near him, the portraits of others of his distinguished compatriots. Surely such a request from one so honored will not long remain unheeded.

Another Steamer.

Capt. Hale of the steamer Tennessee informs us that a plan is on foot by the St. Louis & Tennessee River Packet Co. to put a fast boat in the Savannah and Danville trade to take the place of the ill-fated Cummins. The boat will run on schedule time, handling only the mail, passengers, express and very light freight. She will leave here so as to put passengers in Nashville for supper.

This service will be put in just as soon as it is possible to secure a boat and will certainly be appreciated by the traveling public as well as all business interest which will be greatly benefited by this service.

Be Ware of a Cough.

A cough is not a disease but a symptom. Consumption and bronchitis, which are the most dangerous and fatal diseases, have for their first indication a persistent cough and if properly treated as soon as this cough appears are easily cured. Chamberlain's Cough Remedy has proven wonderfully successful, and gained its wide reputation and extensive sale by its success in curing the diseases which cause coughing. If it is not beneficial it will not cost you a cent. For sale by J. K. Barlow.

If people only knew what we know about Kodol Dyspepsia Cure it would be used in nearly every household, as there are few people who do not suffer from a feeling of fullness after eating, belching flatulence, sour stomach or water-brash, caused by indigestion or dyspepsia. A preparation such as Kodol Dyspepsia Cure which, with no aid from the stomach, will digest your food, certainly can't but do you good. J. K. Barlow.

NEWS GATHERED

By Wire and Correspondents From All Over the Whole Country.

Wards.

A great many of the farmers are having to plant over their crops.

The fruit is all right in this section.
