ANNOUNCEMENTS.

FOR CHANCELLOR.

HAWKINS.—We hereby announce Hon. A. G. Hawkins as a candidate for re-election to the office of Chancellor for the division comprising the counties of Decatur, Hardin, Chester, Benton, McNairy, Crockett, Henderson, Carroll, Henry, Madison, Perry and Hardeman, subject to the action of the Democratic party.

President Roosevelt has sent to Congress a letter strongly commending the plan for a national forest reservation in the Southern Appalachian region. The letter accompanied the report of the Secretary of Agriculture on this subject. The President states that the facts ascertained, set forth an economic need of prime importance to the South, and hence to the nation as a whole, and they point to the necessity of protecting through wise use a mountain region whose influence flows far beyond its borders with the waters of the rivers to which it gives rise. After referring to the marvelous variety and richness of plant growth in this region, the President says it is not surpassed for purposes of a hard wood reserve and he earnestly commends the project to Congress.

We will have a good crop of candidates if nothing else next year.

The railroad earnings for 1901 are considered enormous beside that of former years.

R. M. Houston has sold the plant of the Selmer Post to J. C. Houston who will continue its publication after the holidays.

The excitement in the Beaumont, Texas, oil fields continue. Property is changing hands every day and big sums are realized on some of these sales.

The resignation of Postmaster General Smith from President Roosevelt's Cabinet is to be followed by other resignations, so that before very long he will probably have a new Cabinet.

The judicial executive committee met in Jackson last week and fixed March 27 as the day for the primary to determine who shall be the Democratic candidates for Chancellor, Circuit Judge and Attorney-General.

Historian Maclay, who penned the criticisms of Admiral Schley's conduct in the Spanish war which caused the investigation of Schley's war record, has been asked to resign his position in the Navy department.

The Schley incident is practically closed as Secretary Long approved the findings of the Court of Enquiry and ordered that no further proceedings be had by the Naval Department. This action is approved by President Roosevelt.

With the next issue the Courier begins its eighteenth volume. It seems but yesterday as the day when we printed the first copy of the Courier and sent it out for inspection. We are thankful that all is as well with us as it is and close this year's work with a light heart.

The Old and the New.

Here is a tender goodbye to the Old and a cheery welcome to the New Year. Why do we linger so long in our parting scene with the tried and the true old friend who is now taking his leave? Is it because he has held for us so much of happiness, so much that is of vital import in this life and the one to follow? Have we filled to the brim, have we crowded to its utmost capacity the year just closing with good works that will bear a rich harvest in the future? If so we can say goodbye to the Old Year with less regret, and face the coming year with a spirit of glad anticipation, determined to do more, to strive harder to reach a higher plane, and go on with each succeeding year in the new century, ever rising and expanding as we advance unto the perfect day.

Chancellor A. G. Hawkins.

We take pleasure in announcing in this issue the name of Chancellor A. G. Hawkins, of Carroll County, as a candidate to succeed himself as chancellor of the Eighth Chancery Division, which announcement is made subject to the action of the Democratic party.

Chancellor Hawkins is too well and favorably known to our people to need any eulogy at our hands, but when a clean, upright, and thoroughly capable man offers for office it gives us pleasure to give our aid and encouragement to his aspirations. The position held by Judge Hawkins is a very high, honorable, responsible, and laborious one, requiring for its satisfactory administration great ability and extensive legal attainments, combined with firmness of purpose and unquestioned integrity. Chancellor Hawkins has all these high qualifications, combined with an extensive experience, which qualifies him, in an eminent degree for discharging the duties of the office with honor to himself and satisfaction to his constituents.

In the civil war Chancellor Hawkins supported the cause of the South and followed the intrepid Forrest displaying his gallantry and patriotism on many a hard-fought field, being severely wounded at Brice's Cross Roads.

He has always been a zealous democrat and before becoming a chancellor performed good service for his party. He filled with much credit the office of state senator, and was presidential elector on the Hancock ticket, making an able canvass.

His record as Chancellor is unsurpassed, there having been comparatively few reversals of his decisions, which are always determined with wisdom and impartiality. Not only has his able administration of his office given satisfaction, but his gentlemanly deportment, genuine courtesy, and evident kindness of heart has won the respect of all with whom he has come in contact. He is in the prime of vigorous manhood, and is not only mentally but physically qualified to meet the requirements of the large division over which he presides, consisting as it does of twelve large counties, four of which were added by the last general assembly, thus increasing the labor one-third, and to such an extent that it would be hazardous to entrust it to a novice.

The democracy of Henry County, recognizing these many reasons for his reelection, will give him an almost solid support. The writer, who has known him personally for many years, takes much pleasure in endorsing his candidacy and commending him to the party in the Eighth Chancery Division.—Paris Post-Intelligencer.

President Roosevelt's Salary.

President Roosevelt's first salary check was for the sum of \$2,017.74. This is the pay of a President of the United States for seventeen days. President Roosevelt took the oath of office about 2 o'clock in the afternoon of September 14, President McKinley having died early in the morning of the same day. Under the law Mr. Roosevelt is entitled to full pay for the day on which he took the oath of office. The estate of President McKinley will be paid by check the sum of \$1,856.88, being the pay for the first thirteen days in September. From this time on President Roosevelt will be paid by the day—that is to say, his checks at the end of each month will vary according to the number of days in the month, the sums down to the cents being fixed by the official Treasury tables, which are used in paying all government employees.

Hitherto the President was the only exception to this system. His monthly checks were made out for 1-12th of \$50,000, and varied only to the extent of a single cent during each quarter. This variation was always carefully attended to, and President Cleveland once received a Treasury warrant for 1 cent, which he still keeps as
