VOL. 5.

SEQUACHEE, TENN., THURSDAY, SEPT. 2, 1897.

NO. 9

LOCAL.

A new stock of tablets on hand at this office.

Mr. C. C. Alder adds his name to our subscription list this week.

Miss Dora Pryor returned to her home at Whitwell Thursday last.

CASCARATS stimulate liver, kidneys and bowels. Never sicken, weaken or gripe, 10c.

Mrs. L. W. Gabel left for Cleveland, Ohio, Friday morning on a visit to her mother.

Mr. Thomas Salmon, of Woburn, Mass., sends us his renewal of subscription for which thanks.

Gabel & Brown's saw mill has run pretty regularly lately. We like to hear the sound of the whistle which means that something is being done.

Our friend, Col. S. H. Melcher and daughter, Miss Anina, have left Crow Lake, So Dakota, and returned to Chicago. The Col. reports the crop conditions in Dakota as excellent.

Wm. Owen, of Sequachee, who is, by the way, one of its best citizens has been gathering and selling some very fine peaches from his orchard on the mountain side. He gathered some that weighed 10½ ounces, and were nearly as large as a pint tin cup.—Jasper Democrat.

Saturday last the railroad postal service on this branch road was a trifle off. Starting in the morning by putting a mail bag without a lock and carrying our mail through, it wound up the day by carrying all the newspapers through on the return trip. So we had to wait until Monday morning for our Saturday's news. Perhaps we ought to be thankful we got our papers at all.

"My boy came home from school one day with his hand badly lacerated and bleeding," says Mr. E. J. Schall, with Meyer Bros' Drug Co., St. Louis, Mo. "I dressed the wound and applied Chamberlain's Pain Balm freely. All pain ceased, and in a remarkably short time it healed without leaving a scar. For wounds sprains, swellings and rheumatism I know of no medicine or prescription equal to it. I consider it a household necessity." The 25 and 50 cent sizes for sale by C. H. Davidson. Sept.

By the attention of Hon. John A. Moon, M. C., we are advised that we shall receive another supply of fish for the Sequachee River. We propose to try and get the river stocked and we call on all good citizens to protect them. Give the fish a chance and we can restore the supply destroyed by the dynamite fiends some years ago.

Owing to overcrowding and bad ventilation, the air of the schoolroom is often close and impure, and teachers and pupils frequently suffer from lung and throat troubles. To all such we would say, try Chamberlain's Cough Remedy. For coughs, colds, weak lungs and bronchial troubles no other remedy can compare with it. Says A. C. Reed, Superintendent of Schools, Prairie Depot, Ohio: "Having some knowledge of the efficacy of Chamberlain's Cough Remedy, I have no hesitation in recommending it to all who suffer from coughs, lung troubles, etc."—For sale by C. H. Davidson. Sept.

Only twenty days more of summer A. G. Chadoin was in Jasper Monday.

Mr. Dan Gallagher and Miss Rachel Clouch, both of Kimball, were calling on Miss Sarah Levan Sunday.

The school house is the centre of attraction, to the young ladies for one reason; to the young men for another.

Base Ball, Saturday. Sequachee vs. Kimball, at the depot grounds at 2:30 p. m. Ladies are invited to attend.

The Telephone Exchange at Tracy City now numbers about thirty-five boxes and the News is authority that many more will be put in.

Mr. B. B. Lasater on Monday received a brand new Case Mill and Cook's patent evaporator and will set up at once making No. 1 sorghum.

The ladies of the M. E. Church, South, will give an Ice Cream Supper at the Church grounds, Saturday night, next, proceeds to be donated to the church.

The Debating Society fell through Friday night. Superior attractions at the church in the way of song and ladies proved irresistible to our tender-hearted youths.

S. H. Wells and W. G. Spangler, the watermelon men, were in town Monday, and had their names placed on the subscription list of the News. The melons were just tremendous.

Copies of the Grape Belt and the Buffalo Evening Express just received from C. F. Ehlers, Dunkirk, N. Y. The Grape Belt is from his own town and is a bright and newsy 8 page paper full of local news and country happenings.

The canning factory at Tracy City started up Monday of last week and at present 20 people are employed and it is believed there will be double that number at work there next week. The Tracy City canning factory is an assured success.

Prof. U. S. Allen, of Sam Houston Academy, Jasper, was in town Friday. We are glad to welcome him back and to know that he has received a large elocution class. As a teacher he is earnest and ambitious, and the success of his class last year warrants, as it should do, an increase for the present.

Epworth League Entertainment.

The members of the Epworth League gave an entertainment, musical and otherwise, at the Owen church Sunday night. While not as interesting as previous efforts in that line by outsiders, it was listened to attentively by a large audience. The singing was of an elaborate nature, too much so for the length of time spent in practice, so we are assured by the participants. The recitations and readings were fair, or in other words what might have been very agreeable, was spoiled by not being known. The speakers claim that they were prompted too much. That may be but at all events the prompting was too loud and could be heard all over the church. Miss Gustafson easily bore off the honors with her recitation, "Trouble in the Amen Corner," and Hattie O'Neal spoke very distinctly and gained the first enthusiasm of the evening.

It is the intention of the League to have an entertainment every month and we suppose as all the young people of the town, with very few exceptions are numbered in its ranks that it means the demise of the Dramatic Society, as the time consumed in practice for the getting up of this last event would be very necessary in the getting up of a play, and then too, as it has been proved that it was impossible for a musical and a dramatic society to exist in the same town at the same time, it is also evident that it would be hard for the Epworth League entertainments and the Dramatic Society to exist at the same time.

We believe that this entertainment can be improved on. Let us see what will be given us next month, and let us hope that the services of a prompter will not be required.

Sequachee Won.

Six members of the Sequachee team assisted by Mark Brown, of Victoria, and Messrs. Tate and Kilgore, of Oak Grove, defeated a team at Victoria, Saturday, which was largely made up of Victoria boys with the exception of one from Whitwell and two from Ridgedale. The game was rather tiresome at first, but grew more exciting as it progressed, especially as regards the playing of the Sequachee team, which at times was of the sensational order. M. Anderson made a good running catch, Hill, a phenomenal pick-up of a bad throw which retired the runner at first. Brown took in a couple of liners at second and the rest of the boys all did well.

Victoria was unfortunate in having too many pitchers, no less than five taking their turn in the box. The score was 25 to 16 in favor of Sequachee. Victoria will play a team from Ridgedale Saturday and Sequachee has a game on hand with the Kimball aggregation of base ball talent on the same day at this place.

Score by innings:

	1	2	3	4	5	6	7	8	9
Sequachee	4	1	5	2	6	0	3	4	x—25
Victoria	0	6	0	4	0	0	3	1	2—16

Decree of Court.

The Chancery Court at Jasper has made decree in the case of W. J. J. Hoge et al., vs the Sequachee Valley Coal & Iron Co., to the effect that three months is allowed to redeem the bonds and pay cost of suit. At the end of that time, if not paid, the Clerk and Master is authorized to sell at auction the whole property, 22,512 acres, the upset price fixed being \$20,000, a trifle less than the taxable value, on the following terms one third cash, balance in one, two, and three years. At the same time the 500 acres of iron land will be sold to satisfy claim of Wallace Bros. The sale of the Town and Improvement property, real estate, to Messrs Melcher, Stone, Cogswell, Lord and Thompson is confirmed, as is also all the other sales of real estate. The personal property of the Town and Improvement Co., and the shares of its stock is to be sold for the benefit of the Coal & Iron Co., and all other personal effects likewise.
