AMERICA'S Greatest Medicine is Hood's Sarsaparilla, because it possesses unequalled curative powers and its record of cures is GREATEST.

The delay in getting the engine for the Handle works suggests the idea that hand power may be used temporarily now the wheat has been screened at Hotel Quincy.

Our good friend W. F. Smith, of Groutville, came to G. A. R. meeting Saturday. Although 63 years of age, Mr. Smith makes the journey of 25 miles on foot and is popular with his comrades.

"Duly Feed Man and Steed." Feed your nerves, also. If you would have them strong. Blood made pure and rich by Hood's Sarsaparilla is the only true nerve food. Be sure to get Hood's. It never disappoints. Hood's Pills cure constipation. Price 25c.

You don't need to pay extravagant prices for good groceries. There are no better goods in the market than we sell them and no prices more reasonable. W. A. Turner, Victoria.

We regret to say that the last sawing of lumber will be done by Mr. Gable, this week as there is no more timber available, after that his business will be confined to dressing and planing, and when that is done he must close his business here and look out for a new location. Fortunately for him there are other places.

There's a tempting bargain on every shelf, an eye pleasing article on every counter, a delightful something in every show case in my store. Come and see me. W. A. Turner, Victoria.

Mrs. Sam Hall and Mrs. West went on a business trip to Chattanooga last week and being engrossed in admiring the tempting goods, arrived at the depot in time to see the train leave, and in consequence had to stay over. These ladies say they would rather see the train pass through Sequachee than to see the rear end of the train in Chattanooga.

A good rain Tuesday. A. G. Chaudoin went to Jasper Tuesday. Miss Jennie Harris, of Mt. Parnassus, was in town Tuesday. Read Stewart & Alley's advertisement this week. Davidson & Martin have begun sawing timber at Layno's Cove. We hear that a contract has been made to have hickory cut in Pryor Cove for the handle works, but whether by Jasper or Sequachee parties we do not know. John Statton was on hand Saturday to attend meeting of Post 53 G. A. R., and to do so has to travel 29 miles. He says he enjoys the Post meetings and would, if he could, be present at every one.

Hill & Son, on the part of the News, have donated a copy of Shakespeare's Works to the school library. Should any friend of Sequachee desire to help the library they may send books to the librarian in our care.

The Literary Society has begun its reference library by purchasing some standard works, which will be added to from time to time. Webster's Unabridged Dictionary, Gibbon's Rome, Greene's England are among their first purchases.

Last week when speaking of Mrs. Fuls's donation we alluded to the beans as the last of summer and we supposed they were so, but Mrs. C. Wagner called our attention to our error by sending us more beans, tomatoes and onions, accompanied by a glorious bunch of flowers and a note introducing these things and a piece of the first pork of winter. But that was not all. On Saturday came some dainty hoghead cheese and a mammoth loaf of bread. It is hardly necessary to say that the News force highly enjoyed Mrs. Wagner's generosity and thoughtfulness, and all join in wishing her that Oriental salutation "May your shadow never grow less."
