THURSDAY, . . . . MARCH 10, 1904.

ANNOUNCEMENTS.

We are authorized to announce Dr. N. H. Moore, of Whitwell, as a candidate to represent the counties of Marion and Franklin in the next Legislature, subject to action of Democratic party. Election in November, 1904.

We are authorized to announce William J. Harris as a candidate for election to the office of Sheriff of Marion County, subject to the will of the people. Election in August, 1904.

We are authorized to announce David McNabb, of Whiteside, as a candidate for the office of Sheriff of Marion County, subject to the will of the republican primary or convention.

We are authorized to announce Dan T. Thack as a candidate for trustee of Marion county, subject to the action of the republican party of the county.

We are authorized to announce A. W. Ferguson, of Pryor Cove, as a candidate for the office of Sheriff of Marion County, subject to action of Republican convention.

We like the way Mrs. Grundy of Tracy City, talks about the senatorial race, except that the unseemly scramble was not started by Senator Bate. Mrs. Grundy does not say that it was, but we allude to it that she may not be understood to have said so through our remarks. Gov. McMillin is the guilty party, aided and abetted by one small man and a coterie of select bulldozers in the various counties of the state, and it is not impossible that a "dark horse" may turn up, although not expected. Meantime republicans, who favor Gen. Bate to a man, will put on more war paint than usual and carry the fight into the democratic camp while the cohorts are suffering from an aggravated case of la grippe, and perhaps the "dark horse" will come from their direction. Any way it is disgraceful to our state that such methods should be employed to elect a man to such a high and honorable office as United States Senator is or should be.

The Nashville American is to publish a series of articles relating the history of the various counties of the state from the pen of J. G. Cicco. Mr. Cicco is known to many of the people of this valley on account of his visits here in the interest of the emigration department of the L. & N. Ry. and is fully qualified for the task he assumes.

We don't hear any more about that grand scheme to assist the different states to build roads. A little more attention to our roads and rivers, and little less attention to the Panama canal, gentlemen, please.

Our contemporary contained last week a covert sneer at our correspondents. The News has the best aggregation of correspondents ever assembled on any paper in this section and we are truly proud of them.

"PATRON" is not the exact term to apply to those who send children to the public school, but where in the English language will you find a more equivalent term.

The representative journal of the valley seems to have taken a New Year's resolution to print a page of editorials a week. It is truly a terrible calamity.

It is often remarked that the public schools are not as efficacious as claimed. If this is so it must be the result of too much war among the patrons.

An exchange is being run on a truly economical plan. We have seen the same old piece of pot metal in its columns at least a dozen times.

Disfigured Skin

Wasted muscles and decaying bones. What havoc! Scrofula, left alone, is capable of all that, and more. It is commonly marked by bunches in the neck, inflammations in the eyes, dyspepsia, catarrh, and general debility. It is always radically and permanently cured by

Hood's Sarsaparilla

Which expels all humors, cures all eruptions, and builds up the whole system, whether young or old.

Hood's Pills cure liver illa: the non-irritating and only cathartic to take with Hood's Sarsaparilla.

THE Dunlap Tribune remarks that this is the time of the year for gentle Annie's poetry. Don't mention it, for it might encourage Annie to write.

BATE men declare that they have a thing or two up their sleeves yet despite the reports of McMillin organs that they are discouraged.

THE South Pittsburg Hustler is truly hustling. It assumes a ready print, and runs a colored department at so much per write up.

Buggy manufacturers are anxiously waiting for work to commence on the pikes.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. It dispels Nervousness, Rheumatism and expels Malaria germs. Only 50c, and satisfaction guaranteed by Whitwell Drug Co.
