Children Cry FOR FLETCHER'S CASTORIA

Finds Cure for Epilepsy After Years of Suffering

"My daughter was afflicted with epileptic fits for three years, the attacks coming every few weeks. We employed several doctors but they did her no good. About a year ago we heard of Dr. Miles' Nervine, and it certainly has proved a blessing to our little girl. She is now apparently cured and is enjoying the best of health. It is over a year since she has had a fit. We cannot speak too highly of Dr. Miles' Nervine."

MRS. FRANK ANDERSON, Centree, Minn.

Thousands of children in the United States who are suffering from attacks of epilepsy are a burden and sorrow to their parents, who would give anything to restore health to the sufferers.

Dr. Miles' Nervine

is one of the best remedies known for this affliction. It has proven beneficial in thousands of cases and those who have used it have the greatest faith in it. It is not a "cure-all," but a reliable remedy for nervous diseases. You need not hesitate to give it a trial.

Sold by all Druggists. If the first bottle fails to benefit your money is returned.

I will give a few dots from our little town today.
Making fires is the order of the day. We had a fine little snow down here. Wild hog hunters will have a fine time now for a few days. Some of them may get into it as a certain party did last winter, and get to pay out about \$40. Boys, take a good look at that old gun. Someone may be looking at you.
Well, I want to tell the many readers of this paper that I think this is the garden spot of the world. I have travelled a great deal, and I think we have more good things down here to eat than at any place I ever saw. There is hardly ever a Christmas comes that some of us don't have biscuit for breakfast. We have the finest little merchant in the country. He never fails to get in a good supply of flour and black pepper a week or two before Christmas. Last Christmas he got four 24-lb. sacks of flour and 10c worth of black pepper and it didn't last until the 15th of February. Well, I am sure there are not many one-horse merchants who can equal that.
Well, the writer is 62½ years of age, and just as simple as some of the young men. A few nights ago I took my dog and gun and away we went. We had not been out long until I heard my dog barking as if he had treed something. I was soon up with him, and he was barking at the foot of the largest oak on the mountain side. So I got up a good lot of wood, made up a good fire, and lay down with the softest rock that I could find under my head. About nine o'clock I heard something fall. I looked around and saw Mr. Opossum's slick tail lying on one end of my fire. Well he didn't stay there very long before I got him in my sack. I went on about a quarter of a mile and my old dog barked as if he had treed something again. I was soon with him and was soon making it hot for two big raccoons. It was not long until I had two raccoons and one opossum and was on my way home. I have not been out any more.
I went out to Hytop the other day. I heard several of the Holy Rollers talk. I had better say no more about that or Uncle Tom will pick it up.
I. C. Roberts is building a 2-story store house, 30x40 feet at Hytop where he will soon be selling goods. L. P. R.
