Lee Turner is a progressive farmer, and gets the best machinery to do his work with. Last fall he invested in a corn shucker and now he is having the entire output shredded into feed for his cattle. That's the way to get after things. The progressive farmer who converts the waste into beef and pork, is the one who is going to win.

From the local agent, John Hankins, we are in receipt of the Watkins 1914 Almanac. As is usual with all the things this company gets out or prepares, it is excellent in every way, beautifully printed on good quality paper, and full of interesting facts one way and another, besides the advertising contained of the Watkins' remedies. Hankins has a good trade, as is deserving a hustling good fellow.

Lectured at Town Hall.

W. Y. Simmons, State Manager of the W. of W., was here last night, and gave an interesting lecture on woodcraft at the Town Hall, which was well filled.

Mr. Simmons bristled with figures regarding his lodge and its benefit work. The latter part of his entertainment was given to stereopticon pictures depicting woodcraft, the Passion Play at Oberammergau and some comic views.

Mr. Simmons is a good talker and interested every one. He was introduced by A. B. Terry, of Tullahoma, organizer for this valley. The meeting was held under the management of Prof. W. S. Pryor, who is locally prominent as a Woodman.

Special to the News.

As I haven't seen anything in the News from these diggings for a long time, I will try to send in a few dots.

Mr. Aaron Layne and A. J. Richie were visiting friends and relatives in North Chattanooga Saturday and Sunday.

Mr. J. H. Adams spent Saturday night and Sunday with John Lusk and family near the county line.

We regret to learn of the death of the little son of Alex Durham which occurred Saturday morning. He was aged about seven years. They live on Signal Mountain. We did not learn what caused his death as the attending physician refused to state.

Interment was made at the family cemetery near here.

T. H. A. J. and A. E. Richie and G. M. Layne went to Chattanooga Friday in T. H. Richie's boat and brought back about seven hundred pounds of groceries. The river is sure fine now for all kinds of boats between the Lock and Dam and Chattanooga.

Nearly every day a steam boat or a gasoline boat passes up or down, generally both ways.

The people are all about done gathering corn in this section. The back water from the dam put them to gathering a little earlier than common.

Messrs. Tom Turner and James Newsom, from Kelly's Ferry, were up in this section last week inspecting the road where the water comes so near standing on it that it will have to be changed.

T. H. and A. J. Richie cont-mulate visiting friends and relatives at Whitwell the twenty-first inst. in company with Aaron Layne.

The steamer, James N. Trigg, from Chattanooga, went to the lock and dam Sunday with a large load of excursionists.

Thos. Smith moved to Alton Park Tuesday. Mr. Smith has been a resident of Sequachee for a considerable time, and was not afraid of spending his money here. However, he has sold out at a sacrifice and left the place after a long and steady wait for development, just as some of the others are doing.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give

GARDUI The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good." Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.

Be Sure You Get What You Pay For

SOLE LEATHER COUNTER EVERY LAYER SOLE LEATHER SOLE LEATHER SOLES

There's more fraud in shoes than in almost any other article you wear.

Nearly 90% of all shoes retailed for less than \$4.00 have paper, composition, or other substitutes for leather in the heels, soles, and counters.

These substitutes are hidden where you can't see them. You can't detect the adulteration until you wear the shoes and find them unsatisfactory.

The "Our Family" shoe is made of fine box calf and gun metal leathers. Several styles, all sizes for every member of the family.

Last year 646,448 people bought this famous shoe. The two styles here illustrated will show the honest leather construction of the "Our Family" and all other "Star Brand" shoes.

We have one of these shoes cut up to prove its honest construction. Come and see it.

The "Our Family" sells at prices ranging from \$1.35 for the children up to \$1.50 for men. It's a good looking, medium weight shoe every day on the street.

All the shoes in the "Star Brand" line with the name on the sole and counter on the heel. Every pair is made of good leather. No substitutes for leather are ever used.

During the last six months Pure Shoe Mills have been introduced into 20 states and several states, requesting that when substituted for leather and that the fact must be stamped on the sole.

Many manufacturers and a few merchants are bitterly fighting this bill. From the states the "Our Brand" manufacturers have freely and openly endorsed this bill. They believe in this legislation because it gives you a square deal.

This business has been built up on honest leather construction. We believe that this is the reason why they have grown so rapidly. If substitutes for leather were used, their leather shoes would be of a much lower quality than they are.

Every consumer should be in favor of a Pure Shoe Law. Every "Our Brand" merchant believes in this great movement for pure leather shoes just as we do, because it insures that the wearer gets what he pays for.

The Oldfield Pure Shoe Bill now pending in Congress should be enacted into a law. The victory should be made complete, because it is a good law. Write your Senator and Congressman and urge them to vote for it.

SOLE LEATHER SOLES

Bear in mind that there are several different forms of stars used in trade-marks. The genuine "Star Brand" shoe has the name on the sole and the star on the heel.

Very soon you will buy your Fall and Winter shoes. Be sure you get the genuine "Star Brand" shoes. Then you will know why
