

FARMERS PLAN BIG TIME SATURDAY

Will Bring Dinners and Have Social Gatherings.

A county farmers' meeting has been announced by County agent, F. N. Hutcheson, for Sequachee Saturday, August 26. Professor C. A. Keffer, Director of the Division of Extension, Miss Margaret Ambrose, District agent in Home Demonstration Work, and Mr. R. M. Murphy, Live Stock Specialist, University of Tennessee, will be present and make addresses of special interest to men, women, boys, and girls. An invitation has been extended for everyone to come with dinner to spend the day and join in the movement for better agriculture in Marion county.

The Aberdeen-Angus cattle owners of Marion county will take up the organization of an Aberdeen-Angus breeders' association. The Corn Club boys have been asked to come early.

The program as arranged is:

Forenoon—
10:00—Address by Mr. S. H. Raulston.

10:30—Address by Miss Ambrose.

11:00—Address by Professor Keffer.

12:00—Dinner on the grounds.
Afternoon—
1:00—Address by Mr. S. H. Alexander.

1:30—"Better Live Stock for Marion County" Mr. Murphy.

2:30—Sectional meeting for Aberdeen-Angus breeders.

2:30—Sectional meeting for women, girls, and boys.

The committee on arrangements is planning for a record breaking crowd of those interested in farming.

Very truly yours,
F. N. Hutcheson,
County Agent.

MARION COUNTY SCHOOLS OPENED MONDAY

The public schools of the county opened Monday. They are about forty in number. The Marion County High School at Jasper also opened same date for the fall session of 1916. The same corps of teachers, as last term under charge of Prof. J. J. Huggins, has been employed.

CRUSADE AGAINST "TRAIN HOPPING."

N. C. & St. L. Appeals to Parents to See That Children Stop Dangerous Practice.

The Nashville, Chattanooga & St. Louis railway, thru its safety department, has inaugurated a campaign against "train hopping" and in seeking to have this dangerous practice stopped, will take the matter up with the parents of children along its lines.

Within the past two weeks, two boys been crippled while hopping freight trains. This practice is usually indulged in by the youngsters of the smaller communities, and they go among their playmates and boast that "they can't run 'em too fast for me." The boys seldom realize the danger until they are maimed—and this is usually followed by a lawsuit. Arrests usually stop the practice for a short time, but the boys are soon back at the same old tricks.

Superintendent C. M. Anderson of the safety work has conceived the idea that a direct appeal to the parents or guardians of such offenders will bring results and believes that by citing specific cases, such as the two accidents above referred to, that he will get results.

"Train hopping" is dangerous to grown-ups; in fact, nobody except the train crews has any business on a freight train, and the N. C. & St. L. Railway is endeavoring to secure the cooperation of the public in its efforts to reduce the number of avoidable accidents.

See that your boy does not engage in the dangerous practice.

SHOT NEARLY STRIKES AGED CITIZEN

Jas. Caldwell was shot at one night last week while passing along the road to the postoffice about dusk. If the shot was accidental, it passed distinctly close to Mr. Caldwell, for he distinctly felt the windage of it past his head. He turned in the direction he thought the bullet came and noticed two fellows in the dusk, one of whom had on brown overalls. He could not positively identify them.

PRIZE TOMATO FIELD IN BLEDSOE CO.

The prize tomato field of the valley is located on the farm of O. N. Vaughn and John B. Vaughn in Bledsoe county near Pikeville. It is a 13-acre "patch" and filled with fine large specimens of the tomato family. The land is new ground and the production is something enormous. The entire crop will be canned.

THINGS TO FORGET.

SEARCHING FOR INSANE SISTER

John Bolton, of near Iman, was here Tuesday afternoon, searching for his sister, who was seen in the vicinity of the river Sunday night, and had wandered from her home on the mountain near Sweden's Cove in a demented condition. Sunday night while driving the Thomas car, L. P. Brewer noticed a woman in the road near the Little Sequachee river bridge, and had to almost stop the car before she would get out of its way. Since then a strange woman has been seen in Little Sequachee Cove, near the Wiley Cox place. The woman whose name is Mrs. Rhoda Adams, is subject to these spells of lunacy. Her home is on the mountain above Sweden's Cove, and she had wandered from there. She has a six month's old baby, besides several grown up children. Mrs. Adams was found by Will Burnett Tuesday, and brought to Sequachee, where she was met by some relatives and taken home.

ROUGH CONDUCT PREVENTED DANCE

Rough conduct on the part of some young gentlemen, alleged to be from Sequachee, prevented the dance scheduled to come off Saturday night at Foster Falls. The roughs congregated at the platform before the dance, and kept up such rough conduct that the people in charge of the camp very properly would not permit their people to go to the platform to dance. This fact, becoming known, enraged the young sports, and they questioned mightily over the matter, some of them becoming even real angry. When they got where they couldn't be seen they let their bulldogs bark a few times to show that they were not afraid to be out in the woods alone at night. The managers of the camp said that they had pledged the parents of the girls they would take care of them, and preferred not to let them associate with strangers in a dance, anyway, whether it was a question of good order or not.

We Fix Your Tires to Last

How many times have you had tires fixed only to have them "give out" on the very first trip?

Our vulcanizing outfit enables us to fix blow-outs and weak spots in a way that usually makes them even stronger than the rest of the tire.

Poor repair work on tires is ultimately the most expensive. Unless the weak part is properly strengthened, there is likely to be another blow-out soon that may ruin the tire completely.

Just give us a trial and we will show you that our prices are low and that we can turn your work out quickly.

TWO INJURED IN AUTO ACCIDENT NEAR JASPER

Clay Dunwoody, arm broken, and Dr. J. A. Price, badly bruised, is the record in an automobile accident at Jasper Thursday. Dr. Price was returning from South Pittsburg in his machine and permitted Dunwoody to drive it. At the embankment near the Town Creek, the machine skidded slightly and the roadway being very narrow it plunged over the edge, turning bottom up and pinioning the occupants beneath it. Neither of the parties were able to release themselves, and had it not been that some parties nearby witnessed the accident, they would have remained in their predicament. Dr. Price was unable to leave his house Friday on account of his injuries. This is the second accident that has happened there since the road was graded for the Dixie Highway, Mrs. W. C. Roberson nearly going over in a car she was driving. It is believed that the road has too high a crown for its width.

THEIR ANNEXES VALUABLE CHICKENS

Chas. Byrd announces that he has lost \$150 worth of chickens, some one getting into his roosts by night. He had about \$200 worth of chickens on his place, the result of his spring labors in chicken raising. He consumed a few, sold about twenty dollars worth, and now has a flock greatly abbreviated to show for his work. He is a cripple, and depends on what he raises on his place to make a living for himself and his mother. He had spent a lot of money for feed to keep the chickens in fine condition. Reports are that chickens have been offered for consumption on local tables that were remarkably fat. Could they have been Charley Byrd's chickens left the roost of their own accord to seek the dinner table?

SCOFFERS PAY THE PENALTY.

Those who ignore warning signals of disordered kidneys and scoff at dangers of serious consequences often pay the penalty with dread diabetes or Bright's disease. If you have lame back, pains in sides, sore muscles, stiff joints, rheumatic aches—take Foley Kidney Pills and stop the trouble before it is too late. For sale by J. W. Simpson & Son, Jasper, Tenn.
