 Entered at the postoffice at Sequachee, Tennessee, as second class matter.
 THURSDAY, February 23 1919

We are in receipt so far of two copies of Representative Moon's address on Government Control of Telephones and Telegraphs, and suspicion this district has been flooded with them, probably the entire country at heavy expense. It is a bread and butter case with us or we would devote space to show the puerility of the argument.

We wish we were able to reprint in full the speech of Senator Weeks on the Casualty Lists. There has been plenty of American blood shed for France and democracy and so forth, and the department in charge of reporting casualties is woefully deficient.

Pledges will be asked for investment in War Savings Stamps. Wonder how the man who is forced to deliver every cent he makes for high prices is going to make the ripple.

Liberty Bonds are selling on the market below par. This is too bad, for anything our government places its signature to should be always worth its face value.

Lots of people nowadays could easily spend more than they are making and then have nothing much. It's the good old times of '93, only aggravated.

Wonder how much the railroad deficit will be before the U. S. Railroad Administration learns how to operate railroads without getting in debt.

Some seem to believe that in November, 1920, will come emancipation Day No. 2 for the white and black people of this country.

It is honorable to wear patches said McAdoo once upon a time. He meant, however, preferably on the other fellow.

What fools these mortals be to pay \$2.75 per month for a business phone on a party line.—Puck in Shakespeare Revised.

Be loyal in this much that you will not sell or trade the Liberty Bond or Bonds you possess for less than face value.

Everybody should buy Liberty Bonds, if only to get the boys back home.

How slow is a fast freight from Nashville? Better ask how old is Ann.

There haven't been any real macadam roads built in Marion.

VICTORY LOAN WILL PUT COUNTRY BACK ON PEACE BASIS

Billions Needed To Pay Producers And Teach Maimed Soldiers New Trades.

Once in a while someone asks: "What's the need of another Liberty Loan now that the war's over?" Officials of the War Loan organization in this district have replied by outlining some of the purposes for which money will be needed by the Government next spring.

It is shown that the amount raised by the Fourth Liberty Loan last fall only until December first. Expenditures are going on now at the rate of nearly two billion dollars a month. There will be a gradual reduction of treasury disbursements as the war debts are wiped out. The revenue from taxes will not be sufficient to pay all the bills, so the people will be called upon to provide the money by subscribing to Government bonds. The issue will be for not more than six billion dollars.

Pay Day at Home.
 This enormous outlay of money is going to pay off the army of producers at home—the farmers, merchants, manufacturers and others. America had just begun to fight when the Hun decided it was time to quit. Allied leaders expected the war to last another year and the United States Government was turning out ships, arms, ammunition and food with a view to overwhelming Germany next fall.

Treasury officials have revealed that America would have had a tank at the front for every seventy-five feet of the line in 1919—thirty thousand tanks! We would have had ten tons of mustard gas ready for shipment for every ton Germany could produce. Thousands of batteries of guns would have been in action for every one America had in 1918. Everything else was being produced in proportion.

This gigantic preparation brought an early end to the war and saved thousands of lives. Victory Bonds will pay for this work which had been contracted for and was being delivered when the armistice was signed.

Army Being Demobilized.
 There are other purposes for which money is needed.

Part of our army of two million men must be kept in Europe until the peace treaty is signed. These soldiers must be fed, clothed and otherwise maintained. Then they must be brought home. The sick and wounded must be cared for in hospitals. The army must be demobilized. There are thousands of maimed soldiers, heroes of the great war, who must be taught self-supporting trades and given an opportunity to earn their living.

This reconstruction work at home must be carried on. The job must be finished. The American people who furnished the money to win the war must supply it also to bring the nation back to a peace basis.

Gadsden Woman Chosen To Name "Victory Vessel"

Mrs. Alexander Greet, Gadsden, Ala., will be sponsor at the launching of one of the vessels of America's new merchant marine. Gadsden was one of ten cities in the Sixth Federal Reserve District which won the honor of selecting the name for a ship by its large over-subscription to the Fourth Liberty Loan. Mrs. Greet was chosen by the committee in appreciation of her work in Liberty Loan campaigns. She has been active in all war work and has four sons in the army. Gadsden expects to live up to its record in the Victory Loan.

Bonds For Reconstruction.
 Four Liberty Loans have been floated by the Government to provide weapons of destruction. The Victory has been won; the country is turning from war to peace. Now the nation is called upon to subscribe once more; to buy Victory Bonds to settle the war debts and provide the means of carrying through the work of reconstruction. Peace must be financed as well as war.

NEWS ITEMS OF THE SECTION

Edwin Barnes died at Cowan.

INFLUENZA PLENTIFUL AT JASPER

Influenza is plentiful at Jasper, the worst seige the town has known. Dr. Songer has been at tending cases, and reports Jake Bible, who was dangerously ill, is recovering, as well as his wife and five children. Wm. Brewer is now sick, and also Geo. Quarles and wife. Meade Torbett and wife are also sick. Several of the above have had relapses.

NOTICE

All persons having claims against the estate of Grover C. Condra, deceased, will please file the same with me, duly proven. And all persons owing said estate will please come forward and settle the same at once. Address all communications to me at Dunlap, Tenn.

J. L. THURMAN, Administrator.

Catarrh Cannot Be Cured
 with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.
 Dr. J. CHENEY & CO., Props., Toledo, O.
 All Druggists, 75c.
 Hall's Family Pills for constipation.

Oscar Spangler was called to Ebenezer Saturday by the illness of his father, Wiley Spangler.

The Supreme Joy

The purest joy we must partake
 In giving joy to others,
 Our burden we the lighter make
 By bearing one another's.
 To scatter sunshine in His name
 Amid earth's gloom and sadness
 Is sowing light, to reap the same
 In sheaves of heavenly gladness.

—E. A. C.

HEAR THIS CALL FROM OUR HOME TOWN BOYS OVER THERE

LETTERS from our boys in the trenches and from the women in canteen and other war work, all bring to us the same message—SEND US NEWS FROM HOME.

World news is all right, but OUR BOYS want NEWS OF THIS TOWN. They want the home newspaper. Publishers are prevented from sending their papers free to anyone, even boys in the service. Consequently a national movement has been started by Col. William Boyce Thompson of New York, who is acting as President of the Home Paper Service of America to give the boys what they are calling for. Every community is joining the movement. Let us see that our boys are not forgotten.

Send to the publisher of this newspaper whatever amount of money you can—5 cents or \$50.00. We will publish a list each week of those contributing, and the amounts contributed.

Every cent received will be used to send this paper to our boys at the front. If at the end of the war, there is any surplus, it will be turned over to the local Red Cross Committee.

There is no profit in this to the publisher—even in normal times, subscriptions are not sold at a profit. With war prices prevailing, and the high rate of postage on papers sent to France, our cost will scarcely be covered by our full subscription price.

Remember that over in France, some brave soldier or sailor from this town—perhaps even some splendid woman working within sound of the guns—is depending on you to "KEEP THIS HOME LOVE KINDLED."

They are calling to YOU from "Over There" GIVE WHAT YOU CAN

MACHINERY FOR SALE

- 1 2 h. p. vertical gas engine.
- 1 8 h. p. horizontal gas engine.
- 1 24-in. Meadows grist mill.
- 1 18-in. L. H. C. feed grinder.
