**An Actual Economy In Farm Use**

The thing that saves time or labor or both is an economy.

Lalley-Light saves time and labor.

It does so by providing better light and electric power.

Its light is always ready—always reliable—at a very low operating cost.

Its power is always there to run the churn, the separator, the washing machine.

We are perfectly safe in saying that Lalley-Light will be an economy on your farm.

Because, in seven years, every plant sold has turned out to be an economy.

Owners' testimonials are ready for you in booklet form.

Demonstration of the plant free.
