SEQUACHEE, TENN., THURSDAY, SEPTEMBER 11, 1919

NO. 9

GOV. ROBERTS MAKES ADDRESS

Before People of Sequatchie Valley at Fair Friday.—Sgt. York Unable to Be Present.

Friday was the closing day of the Sequachee Valley Fair, and was attended by a mob of people anxious to meet Gov. Roberts and Sgt. York. Gov. Roberts addressed the people at 1:30, but Sgt. York was unable to attend, owing to the illness of his wife, much to the disappointment of the people, who were expecting to give him a great ovation. Gov. Roberts address was well received and he was accorded frequent and hearty applause.

At the commencement of his speech, eulogizing the boys who fought in France, he said that all the boys were due the everlasting gratitude of the people, and that other Tennesseans would have done the same as Sgt. York if given a chance. He spoke of the great strides to secure a more equitable tax adjustment in the state, and urged for higher education, as the only way to solve national unrest, or to put down the growing menace of bolshevism, which is really ignorance.

He scored bolshevism and anarchy heavily speaking in plain terms of their iniquities. He eulogized the state and nation, and said that with power comes opportunity, and that now thru the sacrifices of the boys who drove back the Hindenburg line, we must continue to hold our proud place among nations.

He spoke of the back to the farm movement as the correct idea, and said that the city was the breeder of discontent in a nation rarely ever heard in the rural districts. He urged for patriotism towards state and nation as the best evidence of true Americanism. He spoke of President Wilson as a great president, whose influence was not confined to his own country alone, but in-

to all the countries of the world to arrive at peace and unanimity. Gov. Roberts was introduced to the people by Lieut. A. S. Kelly of South Pittsburg. Previous to his speech he was introduced to a great many of the people personally by Senator W. M. Cameron, who was his escort around the fair grounds.

MOGUL LEFT TRACK

Caused Delay To Passenger Saturday Evening.

A big mogul engine leaving the rails caused a 3-hour delay to trains Saturday. The mogul left the track near Sherwood and two smaller engines were put to work to replace it on the rails. This proved a bigger job than expected, and considerable delay was caused. Branch trains were held for No. 2 at Bridgeport, and considerable criticism was indulged in because it caused a 3-hour wait for passengers, railroad employes and people awaiting mail along the line for the sake of a few passengers from Nashville and a little mail.

1ST. LIEUT. CUNNINGHAM

Visits Friends in Sequatchie, His Old Home.

First Lieut. Neal Cunningham, of Chattanooga, was a visitor in the city yesterday, his old home. He was the guest of Mr. and Mrs. W. R. Thomas. He has been back in the States since the 5th of August, after a long period of service in France, during which time he underwent many experiences, telling them in characteristic modest style. He and his parents, Mr. and Mrs. C. E. Cunningham, moved from here to Chattanooga, and this is his first trip out to see his old stamping ground of boyhood days, when life was one grand, sweet song. He is expecting to leave Chattanooga shortly for Chicago, where he will locate. His mother, Mrs. Lillian Cunningham, resides in Chattanooga, where his brother, Morris Cunningham, is attending high school.

All Roads Lead to the Chattanooga Inter-State Fair

MAD DOG BITE CAUSES DEATH

Herrin, Ill., Man Dies After Terrible Convulsions.

Herrin, Ill., Sept. 6.—William South, of this place, was awakened from his sleep one night about six weeks ago by the barking of a dog. He tried to drive the dog away when the animal sprang at him and bit him thru the lower lip. He secured his gun from the house and killed the dog. He cut off its head and intended to send it to the Pasteur Institute for examination, but later decided the dog wasn't mad and buried its head. Last Sunday evening he was stricken with convulsions. He was taken to the hospital where he became very violent, and it took several men to guard him. They used double sheets to strap him in bed. Between convulsions he was rational and talked with those in attendance. He was aware of his trouble and seemed to know there was no possible chance for his recovery. He passed away at ten o'clock Monday. The deceased was employed as a coal miner at the Jeffry mines about three miles from this place, and leaves a wife and two children. He also leaves a daughter by a former wife, who resides in Arkansas.

GOING DOWN LAST TIME

Young Lady Rescued from Death by Drowning by Her Father.

Crossville, Sept. 8.—Miss Hazel Burnett was going down for the last time when she got beyond her depth in a bathing pool near Crossville, when rescued by her father, G. P. Burnett, who rushed into the water after her. The near tragedy occurred during a Sunday school picnic held last week near Crossville. Miss Juanita Cumstock was also nearly drowned attempting to rescue Miss Burnett, who was a good swimmer, but got strangled when in water above her depth and went down.

Mrs. C. C. Griffith and children and Mrs. Albert Griffith went to So. Pittsburg Monday.

CALLED NEIGHBOR TO FENCE

Then Husband Opened Fire With Double-Barrel Shotgun.

When Mrs. Thomas Davis walked to the fence of the home of Henry Hale of the Rock Fort neighborhood near Pikeville, Bledsoe county, and called to him to come to the fence, he little dreamed that the husband of the woman was in ambush in the bushes a short distance away ready to open fire with a shotgun. This was the plan and Hale fell at the first shot, his face riddled with shot, and one eye being put out, a shot bursting the eyeball. Davis then fired another shot again striking Hale in the face, with the result that one hundred and six shot were picked from his face by the doctor summoned to attend him.

The trouble arose over a crop. Hale had offered the Davis children, Annie and John Davis, half the crop of a field provided they would fence it and till it. Later he leased the field to another party. This angered the Davis people and there was a feud, ending as above stated.

So far Davis has not been arrested. He has been seen once or twice and has been fired on by parties anxious to take him, dead or alive. Bloodhounds were secured from Chattanooga and were put on his trail, but were unsuccessful. Mrs. Davis, who lured Hale to the fence where he would be in open for shot, has been lodged in jail at Pikeville, as well as her two children, pending examination.

"Rat-Snap" Beats the Best Trap Ever Made," Mrs. Emily Shaw Says.

"My husband bought a \$2 trap. I bought a 50c box of RAT-SNAP. The trap only caught 3 rats, but RAT-SNAP killed twelve in a week. I'm never without RAT-SNAP. Reckon I could n't raise chicks without it." RAT-SNAP comes in cakes. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Sequatchie Supply Store, Sequatchie, Friend & Cates, Victoria; Layne & Havron, Whitwell; Whitwell Drug Co., Whitwell; F. T. Patton, Jasper; J. W. Simpson & Son, Jasper.

Invite new accounts upon our merits for strength and superior facilities.
A strong bank can accord liberal treatment to its patrons. Our past policy and ample resources are our guarantee for the future.

We Want Your Business

VISITING IN VALLEY

Thomas Richards of Prescott, Ariz., Inspecting Old Stamping Grounds

Thomas Richards and wife and infant son were here last week en route to Sequatchie county to visit his parents, Mr. and Mrs. James Richards. Twenty-two years ago Mr. Richards was a school boy at this place, his parents then residing at the Hall place 2½ miles from here. He and his brother, Will Richards, went to Arizona, and, locating in Prescott, went into business as grocers, and on such a small scale that they delivered their goods first in baskets, carrying them themselves, and later putting on a delivery wagon. At last accounts they had 15 wagons delivering for their business. While here they stopped with the family of J. S. Deakins, who are relatives. They came here from Hurst, Ill., where they visited relatives, and are making their journey in an automobile.

REMODELING ROOF

Health of Employees Being Considered in Preparing Pryor Building for Use as a Hosiery Mill.

Jasper, Sept. 8.—The roof of the Pryor Garage Building, which is to be used as a hosiery mill, is being remodeled so as to provide for the health and comfort of the numbers of employees who will work there. Five massive steel beams have been installed, at a cost of \$170 each, which will carry the roof higher and provide frame for superstructure to contain windows for overhead light. When this roof is finished the present roof will be removed, making the second floor much lighter and more speedily ventilated. The Pryor Hosiery Mill managers are determined to have things up to the notch for the comfort and health of the employees.

BUCKED TELEPHONE POLE

Ford Tries Stunt Injurious to Itself and Also to Obstacle.

Jasper, Sept. 8.—A Ford, which is said to have been driven by Wm. Tudors, an employe of the Kelly Garage, South Pittsburg, dodged into a telephone pole Tuesday night of last week, when traveling the Dixie Highway a short distance south of Jasper. It hit the pole a side lick, but with such force that it was slung clear around in an opposite direction from the way it was traveling. Wheels were demolished, wind shield shattered, fenders converted into scrap, and top torn up, a pretty badly dishevelled car, but Tudors was not hurt much. So stout was the blow that the top of the telephone pole was broken off, leaving the wires swinging.

E. R. Condra, Harmorville, Pa., will read the News.

Dry weather seems to have again set in.

Prices for Developing and Finishing

Kodak Pictures

For developing 6 exposure rolls, any size, 10c
For developing 12 exposure Film Packs, any size, 15c

PRICES FOR PRINTING

2½x3½, or smaller	3c each
2½x4	4c each
4½x4	5c each
3½x3½	5c each
3 7/8x4 7/8	5c each
3 3/4x5 3/8	6c each
4x5	6c each

How to Figure.
Developing one 6 exposure roll, 10c
One print from each, making 6 prints 2½x3½ at 3c each, 18c
Total, 28c

ROSEN RYE

SOME FACTS ABOUT ROSEN RYE: Some few years ago a handful of this Rye was brought from Russia and given to Prof. Spragg, of Michigan, who experimented with it, finally selecting a single plant showing remarkable characteristics. The grain from this plant was saved and planted next season, when the process was repeated until sufficient has been obtained to experiment with a few expert farmers in different localities. At the State Experimental Farm the average yield was over 41 bushels per acre, the quality of the grain being exceptionally high.

It is claimed for Rosen Rye that on account of the manner in which it has been handled it is the purest pedigree seed in existence, particular pains being taken to prevent mixing with other grain. For the past four years the yield of this Rye was fine, averaging from 25 to 45 bushels, the quality being equal to or superior to the best common Rye even in poor Rye years. The latest yields have been as high as 45 bushels to the acre, with an average of 35 bushels, while the common variety has averaged about 21 bushels.

The opinion is freely expressed by those who have tried Rosen Rye that it pays better to plant this seed, even if the price is twice as high as the common variety, both on account of the excess yield and the better quality of the crop.

ROSEN RYE produces a strong, vigorous straw, and stools to a remarkable degree. The grain is large, plump, heavy and of a beautiful color, ordinarily has four full rows of grain on over 90 per cent. of its heads. Seldom winter kills and is especially good on lighter soils. It usually commands a premium in the market over the other varieties. On account of its vigorous stooling property less seed is required, the practice being three or four pecks per acre.

JUST RECEIVED A CARLOAD OF THIS RYE AND CAN MAKE YOU A LOW PRICE.
