The County Superintendent of Schools has received advice from State Superintendent S. W. Sherril that the regular examination of teachers which is usually held in December will be omitted this year and there will be no re-examination of teachers until March when the examination for next year's certificates will be held.

News reached here some days ago of the death in Mississippi of Harry Montgomery who was reared in this city. He died of pneumonia following a case of influenza and was buried in Jackson, Tennessee, where his parents, Mr. and Mrs. Montgomery live. He leaves his wife who was a daughter of J. H. Humphreys of the fourth district.

The Falcon goes this week to Private wille P. Morris who left this county with the June draft quota, had his training at Camp Gordon, Atlanta, and has been some time with the American Army in France. He went from his home in the second district and The Falcon goes to him by the thoughtfulness of his sister, Mrs. Frank Ritchie.

The Falcon has been asked to announce that a business meeting of the local chapter of the Red Cross will be held in their rooms over the Fayette County Bank on next Saturday afternoon, November 2, at 3 o'clock, and all members are urged to attend as there is business that must be attended to at that time.

A copy of the Sun published at Slidell Louisiana, last week tells of the influenza epidemic at that place and of the conversion of the high school building into an emergency hospital. Dr. J. O. Boals, who is an officer of the United States Public Health Service, is in charge of the hospital and his wife who is a graduate nurse, is in charge of the nursing of the influenza patients.

Wm. T. Cartwright, a prominent citizen of Oakland, Tenn., was here this week on business. Mr. Cartwright went to Paducah from Paris on Thursday for the purpose of purchasing a car load of horses. Mr. Cartwright and associates have purchased a number of mules in this county to be used on the farms in Fayette county, in the vicinity of Oakland.—Paris Parisian.

All Falcon subscribers get this issue of The Falcon, whether paid or not, but after this issue the list will be cut to those who are paid in advance as we are required to do by the War Industries Board. Hundreds of weekly papers are suspending, but we propose to abide by the rules of the department and keep going. Pay this week if you want another paper.

Miss Elise Catron, County Home Demonstration Agent, announces that she will have with her next week, November 6, 7 and 8, Richard N. Crane, Poultry Specialist of the Department of Animal Husbandry, Mrs. Warner, Health Specialist, and Miss Arey, Division Demonstration Agent. Visits will be made to several communities in the county and on Thursday night, November 7, a meeting will be held at the court house to which all who are interested in this work are invited.

Reports from over the county are that the country roads have been in a wretched condition as a result of the recent continued rains. These rains have been mighty good on fall growing vegetables and clovers, grains, etc., but mighty hard on roads and the matured crops which were ready to gather.

Mary Garnett, the little fifteen-months-old daughter of Dr. and Mrs. Geo. W. Meux of Stanton, died on Monday evening, October 21, at 9:30 o'clock. Interment was held at Stanton cemetery at 3:30. Dr. and Mrs. Meux have a wide circle of friends in this city who wish to extend their sympathy in this time of grief and sorrow.—States-Graphic, Brownsville. Mrs. Meux was Miss Mattie Garnett before her marriage.

One of the most attractive and interesting exhibits at the recent Tri-State Fair was a canned pig, in the Fayette County Booth. Every thing canned but the squeal was an attractive placard posted over the numerous cans which included the several parts of the pig and which attracted the attention of many visitors. It was the work of Miss Catron, County Agent for this county, and the several cans are now in her office in the courthouse where they may be seen.

Gins thruout Fayette county and west Tennessee have been closed down this week by agreement with each other and with the Food Administration, in order to give an opportunity for seed mills to clear out the seed that has accumulated during the rush of ginning while the weather was pretty during the fall. An embargo on shipping cotton was an excuse for putting the price down and the ginners and authorities thought closing the gins would serve to relieve the situation. Every day has been like Sunday, so to speak, this week, with the gins idle and little business going on.

Sherrill T. M. Ross caught George Price, colored, last Sunday afternoon as he was enroute from an N. & C. train at Warren to his home just north of Somerville, carrying a quantity of liquor concealed in a suitcase. The officers have for some time suspected Price of bootlegging and have kept a watch on him, but he has been able to evade them until Sunday when he was caught with the goods on him and now will have to face Judge Baptist and General Abernathy the fourth Monday in November. This county certainly gives warm endorsement to the efforts of Sheriff Ross to stop the illegal sale of liquor in the county and a substantial majority of the people are pleased that he is making an effort to enforce the laws against the nefarious violations of these bootleggers.

Telegrams have been received in Somerville announcing the death Tuesday at Leland, Mississippi, of George Morris who was reared near Asbury just south of Somerville, the son of Dr. Walter Morris. He has lived at Leland for some years where he has been practicing Veterinary Surgery and where he has been splendidly successful in his work. Burial is scheduled to take place this morning, Thursday, at Asbury where his mother was placed to her last rest a number of years ago. He leaves his father whose home is at Knoxville, a brother, Walter Lee Morris, also of Knoxville, and a number of other relatives who reside in this county. Tho he has been away from here for a number of years he has many friends here who will join the bereaved ones in grief for his death at so young an age.

Guns just west of Somerville several days last week and this were signals to men who are fond of quail shooting that some body in this vicinity was ignoring the law and hunting out of season. The open season for shooting quail in Fayette county begins November 22 and closes March 5 and no law-abiding citizen will shoot them without these dates. There seems to be a fairly good crop of quail this year, and shooting should be good enough when the season opens if all will abide by the law, but if hunting begins now and continues thru the next three weeks of open weather before the lawful season opens, then law-abiding hunters will find nothing to shoot when that time comes. It will be easy enough to find who the shooters referred to above are and the grand jury should be put after them when court meets here the fourth Monday of this month and we are hoping it will.

**Fayette County Schools to Open Monday**

The county health authorities have notified the County Superintendent that all schools in this county may open for regular work on next Monday, November 4, the influenza having subsided sufficiently to warrant the opening without endangering the children after that date. Notice, therefore, is hereby given to all schools to resume their work on the date named unless continued closed for other reasons, this instruction applying to the white schools only, or to such schools as were running when the order of the Health Authorities was made to close.

Very truly

**"NEED ONLY CREED" SAYS GIPSY SMITH**

"Need is the only creed over here," declared Gipsy Smith, the famous evangelist, speaking to enormous audiences in southeastern cities, where mass meetings have been held in the interest of the United War Work campaign to open on November 11.

**Greatly Benefited by Chamberlain's Tablets**

"I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I began taking them I was suffering a great deal from distress after eating; and from headache and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since taking two bottles of them my health has been good." writes Mrs. M. P. Harwood, Auburn, N. Y.

**HOW TO RAISE ORCHARD GRASS FOR THE SEED**

Orchard grass yields 8 to 12 bushels of seed to the acre on an average. It is usually bundled in small bundles with a binder, and shocked in the same way as wheat. It may be threshed with the common wheat thrasher by using special riddles. About September 1 sow one bushel of seed to the acre, broadcast, and harrow it in lightly.—J. C. McAmis, division of extension, University of Tennessee.

**LIVER DIDN'T ACT DIGESTION WAS BAD**

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few doses of Black-Draught."

Seventy years of successful use has made Thedford's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way, Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose All druggists. J. 26

**Middle Aged Women**  
Are Here Told the Best Remedy for Their Troubles.

Freemont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

North Haven, Conn.—"Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed when passing through change of life. There is nothing like it to overcome the trying symptoms."—Mrs. FLORENCE IALLA, Box 197, North Haven, Conn.
