Booze is Not a Good Cure.

When a man comes to you all doubled up with pain and declares he will die in your presence unless you procure him a drink of whiskey, send him to a doctor or else give him a dose of Chamberlain's Colic and Diarrhoea Remedy. There is a mistaken notion among a whole lot of people that booze is the best remedy for colic and stomach ache.—From the Ames Iowa *Advigencer*.

PROHIBITION TO BRING COMMUNITY PLAYHOUSE

Miss MacKaye Advises Using Buildings as Centers for Drama, Community Sings and Entertainments.

Why not turn the corner saloon into a community playhouse when the law effects the closing of these gathering places, asks Miss Hazel MacKaye, director of the Department of Pageantry and Drama of the National Young Women's Christian Association?

"I went over on the West Side of New York one night recently to attend a community drama meeting," Miss MacKaye says in explaining her theory, "and as I was riding along I noticed how many saloons there were—one on every corner and another in the middle of the block. It seemed, all just blinding with lights. Those lights ought not to go out with prohibition. They ought to shine for something worth while to all of the people, and what better than community drama and singing?"

Miss MacKaye feels that the war has given a great impetus to popular interest in drama and that through pageantry and drama a great deal in the way of Americanization can be effected.

Through the community center, if it be in a district populated largely of our foreign nationality, these people could present pageants of the life in their mother countries, translating them into English, so that Americans and also the younger English speaking members of their household could understand and appreciate their traditions. American art would be greatly enriched thus through the drama of all of the nations whose peoples have settled in this country. On the other hand American ideals, American history and American festivals, even laws such as child labor and minimum wage, could be interpreted to these people by means of pageantry.

"People have been learning not only to work together, but to play together," Miss MacKaye says, "particularly since the war, when the people stood together in drives and large patriotic community entertainments. The opportunity to build up a great community organization is now at hand, and the time is ripe for it. Why not utilize the corner saloon?"

Mr. Wisler Cured of Indigestion.

"Some time in 1900 when I had an attack of indigestion and everything looked gloomy to me, I received a free sample of Chamberlain's Tablets by mail. I gave them a trial and they were such a help to me that I bought a package, and I can truthfully say that I have not had a similar attack since." writes Wm. B. Wisler, Duganville, Pa.

A better way than this to start the pig can not be found. And yet how many sows are put in unfit surroundings, the expected to grow their pigs well. If the sow did not have good care and food, these pigs would not look so well. Boys who are members of pig clubs in Tennessee today are doing the work of pig raising right; that is if they are listening to the instruction of the county agent. Pig clubs are today interesting more boys than ever before.
