News reaching Somerville from Booneville, Mississippi, the past week tells of the birth of a boy to Mr and Mrs Robert Day in that city, where Mrs. Day was with her parents.

Pete Pierce, youngest son of Mr. and Mrs. J. R. Pierce of Memphis, was here for a short visit the past week end. He has been in Washington, D. C. the past year in school.

The county high school in this city had a holiday last Friday to give teachers an opportunity of attending the annual meeting in Memphis of the West Tennessee Teachers Association.

WANTED—A good cook, male or female, one that can take care of garden and chickens. J. B. Claxton. 4-22

The first strawberries of the season to be served locally from a garden here were by Mr. and Mrs. R. L. Jones who ate their first Wednesday, April 6, unusually early for this section. They were of the Excelsior variety, a very early kind and one of the best.

Miss Anne Hester Tucker who is a graduate nurse in a Memphis hospital has been spending several days recently with her parents, Mr. and Mrs. E. A. Tucker, at their home here.

We read a few days ago that if one will get a sulphur stick and place it in the bucket while milking that will certainly kill the taste of wild onions in the milk. After the milk is strained soak the sulphur stick in clear water a few minutes and rinse it off and it is ready for use next time. We have not had occasion to try it, but it appeals to us as a reasonable method.

Two young men were brought to Somerville last week from Moscow by secret service agents of the S. O. road after being committed to jail here from J. P.'s court at that place for robbing freight cars. The young men who are about twenty years old refuse to give any information that identifies them in any way and they are confined to jail here in default of bonds of \$1,000 each which they have not been able to give.

Dr. James McLaren assisted by the senior class of the High school will deliver his dramatic recital of Joan of Arc at Lipsky Opera house Monday night, April 18.

J. Q. Shaw, manager of the plant and business of the Somerville Ice & Storage Company in this city, is authority for our stating that the plant and machinery has just been thoroughly gone over by an expert plant man and is now in the very best condition for opening for the season. He advises that the plant will begin making ice at an early date and that he has arrangements made with nearby towns so that about all the plant's surplus ice this season will be sold as fast as made. He is looking for a good season for the concern.

SALESMAN WANTED—To represent Moorman Mfg. Company, Quincy, Illinois, in Fayette and adjacent counties selling a line of stockmen's supplies direct to farmers. Excellent proposition. No investment. No collections or deliveries to be made. You are home every night and are given every assistance by a highly developed sales and advertising organization. Write G. C. Robison, Box 84, Jackson, Tennessee. 4-15

The weather man smothered our garden notes this week. We just did not have the nerve to offer a suggestion in face of weather we have had since the last issue of The Falcon. From freezes and frosts to floods. The notes will come again with the sunshine.

The Como Club gave another of their interesting and enjoyable dances at Lipsky opera house last Friday night. Besides the local people there were present numbers of visitors from Memphis and other nearby places, and the affair is said to have been one of the most enjoyable dances of the year.

J. L. Day and Herbert Howse who so successfully conducted the American picture show in this city last season have again arranged for its operation the coming season and will open for the year on the evening of April 28 with Madame Mazimova as the star. It will be a satisfaction to Somerville movie lovers that this popular place is to be open at an early date and run regularly thru the season.

Mrs. Katie Knox Leavell died at the home of her father, F. M. Knox, in this city Tuesday night after an illness of a month. She was born and reared in Somerville and has lived her entire life here. She was popular with her wide circle of friends and was a devoted and careful daughter. She has no members left of her immediate family except her aged father, F. M. Knox, with whom she has made her home. Burial was in the Somerville Cemetery Wednesday afternoon.

After May 1 state and county taxes become delinquent and interest and penalties will be added. Under the regular tax law these are due and become delinquent on March 1, but the recent legislature passed a special act making them delinquent this year May 1 instead of March 1. After this year, however, they will become delinquent March 1 as in the past, the special act applying to this year only.

From the Nashville Banner The Falcon gets an account of the presentation a few days ago by employees of the Nashville postoffice of a gold headed umbrella and a Memorial Book to John T. Lattin, who is retiring from the postal service after following it for forty years, a greater part of which time has been spent as Assistant Postmaster at Nashville. Mr. Lattin was a resident of Somerville at one time and up to a few years ago was a regular subscriber to The Falcon.

And again Monday of this week there was a heavy frost and plenty of ice. The cold is said to have done considerable damage to early gardens. Snap beans and tomatoes were worst hurt. Corn and potatoes that were cut severely ten days before were not hurt this time. The cold and the continued rains are setting farmers far behind with their work.

Questions are being asked already about the county primary election that will probably take place the coming summer or fall. In past years it has been called for some date between August and November. Next August year there will be elected a Sheriff, a Trustee, a Register, a Circuit Court Clerk, a County Court Clerk, and it has been the custom to hold the primary for nominating these officers during the preceding summer or fall. Democratic committees in several West Tennessee counties have already called their primaries, but no steps have yet been taken in this county and very little has been heard about one.

Hon Hugh Crawford arrived home in Williston Tuesday night from Nashville where he has served as Representative from this county in the Sixty Second General Assembly of the state. While there has been a great deal of criticism over the state, in this county along with others, of the doings of this body, there has been no criticism of Mr. Crawford's acts as the representative from this county, so far as The Falcon has heard. He voted against deferring taxpayments, against the \$450 bonus steal for members of the legislature, and has voted generally in a way that meets the approval of many constituents who have not hesitated so to express themselves.

Thru the local banks the sweet potato growers association secured funds recently and bought 100 bushels of seed potatoes which were distributed to farmers agreeing to plant, the seed to be paid for in the fall. This puts the concern on an actual working basis and sets it in shape to go right ahead with the work of growing a crop of yams for market. Some farmers are buying seed on their own account for bedding and the outlook is for at least 50 or 60 acres of market potatoes to be grown in this vicinity the coming season.

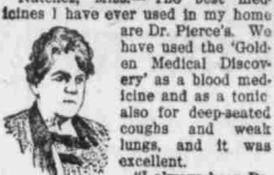

Officers from Memphis have been out to see the young men in jail here on a charge of breaking into a Southern freight car in the southern part of the county and one of the young men has been identified as Roy Brown who has a long criminal record. The Memphis officers and the special officers of the railroad declare these two young men belong to an organized band of crooks and that both are desperate characters. Several different criminal lawyers from Memphis have been out here to see the young men since they have been in jail, this indicating that their friends in Memphis are looking after and helping them.

Word came to town the first of the present week that Manuel Moore, who is wanted by officers for shooting Officer Tom Reeves two weeks ago, was hiding in the third district not far from Dancyville and Sheriff Ross and a posse spent some time Monday and Tuesday searching for him but found no trace, further than information that Moore had been there a few days before. His friends over the county will be glad to learn that Mr. Reeves' condition continues to improve at the hospital in Memphis and that he seems now sure of recovering from his very serious wounds inflicted by the black.

The residence of C. G. G. Higgins on South Main street in this city caught fire about nine o'clock Tuesday morning in the ceiling of the kitchen and it was with considerable difficulty that it was finally put out and the building saved, with considerable damage to the kitchen, the fire being held to the one room in the rear of the house. The boys of the County High School nearby were the first to reach the scene and did fine work in controlling and extinguishing the fire. No other part of the house was damaged, the some injury was done to furniture in hurriedly removing it from the building.

The Falcon has heard of a movement being started to keep A. A. Pryor as the County Agent in spite of the fact that the County Court at its recent term failed to make appropriation for his salary. Details of the plan have not been worked out, but it includes plans for a permanent marketing association thru which he is to work and it is being sponsored by several of the leading farmers of the county. We hope to get full details of the plan by next week. And in the mean time Mr. Pryor is still at work, as busy as any man in the county. He told us Tuesday that cream checks coming to farmers in the county each week now run between \$75 and \$100, this sum going to small farmers having two or three cows each in the main. Mr. Pryor proposes, if he stays to work up this dairying interest further and believes it offers the very best possibly plan right now for increasing farmers' weekly income.

A Strong Witness

Natchez, Miss.—"The best medicines I have ever used in my home are Dr. Pierce's. We have used the 'Golden Medical Discovery' as a blood medicine and as a tonic also for deep-seated coughs and weak lungs, and it was excellent. I always keep Dr. Pierce's Pleasant Pellets in my home for use when needed. I have given them to my children since they were quite small. They can be given with safety to the smallest child, owing to their being free from any injurious drug. They regulate the stomach, liver and bowels in a mild, but very effective way. I cannot speak too highly of Dr. Pierce's medicines."—MRS. J. B. GILBERT, 212 St. Catherine Street. All druggists.

This Bank Has Grown

The Somerville Bank & Trust Company is next to the youngest bank in the county, started business eleven years ago with a paid capital of \$10,000 and has increased that paid capital to \$25,000 without the stockholders paying any more money, the \$15,000 additional capital being taken from the accumulated net earnings from time to time. The capital stock, \$25,000, is now fully paid, making this the second largest bank in the county. On the progressive and business-like plan which has made this growth possible, we invite the business of Fayette county people.
