Prof. and Mrs. M. L. Cozine have this week taken charge of the County High School Dormitory on South Main street which was recently purchased from Mrs. W. A. Rhea and will put it in shape for the accommodation of high school students who want boarding accommodations during the coming year. The school authorities are fortunate to be able to make arrangements with a member of the high school faculty to have charge of the dormitory. The institution will be operated on a co-operative basis, the boarding students getting their board for just what it costs, with no added profit. This should furnish pupils with the very least expensive living possible to be obtained in any institution of learning and should bring the high school many pupils from the county.

The first general rains that have visited this county since May fell during last week and covered the entire county. From the spring rains in May till last week only local rains had fallen and several parts of the county had very few of these. Crops had suffered for want of moisture, but it has been said by most everybody this week that the suffering was far less than was estimated. Early corn lost most and can make no recovery as it is too nearly matured. The later corn is generally good and the cotton in most parts of the county is fine, well worked, clean and very promising. It is generally said that the rain of last week came in time to save the lespedeza crop and that with seasons from now on the hay crop will be good. The way the crops held up under the long and severe drouth with the extreme heat of June and July is marvelous, and with seasons from now till frost there will be a good harvest of most all crops in the county.

**In which we double-cross a master mind**

TALK ABOUT dime novels.  
THEY SENT Jim down.  
TO TEXAS to investigate.  
SOME OIL wells there.  
WHICH THEY might buy.  
IF JIM said O.K.  
AND HE was to report.  
BY WIRE in secret code,  
NOW—ENTER the villain.  
A SLIPPERY crook.  
GOT WIND of it.  
AND TRAILED Jim down.  
COPIED OFF his code.  
AND BRIBED a boob.  
IN THE telegraph branch.  
SO THE crook could get.  
THE EARLIEST word.  
AND CORNER stock.  
AND WORK a hold-up.  
IT LOOKED like easy coin.  
BUT JIM got wise.

AND THREW away his code.  
AND WHEN he sent.  
THE FINAL dope.  
HE FOILED the villain.  
THE MESSAGE just said.  
"CHESTERFIELD."  
AND HIS directors knew.  
THAT ALL was well.  
WITH THOSE oil wells.  
FOR OIL men know.  
THAT "CHESTERFIELD" means.  
"THEY SATISFY."

YOU'LL know you've "struck it rich" when you discover Chesterfields. You'll say "they satisfy." A wonderful blend—the pick of Turkish and Domestic tobaccos—put together in the Chesterfield way—that's why "they satisfy." And the Chesterfield blend can not be copied!

Did you know about the Chesterfield package of 10?
