Miss Anné Clay has returned to her home at Oakland after her visit to the National Stock show at Chicago last week. Her trip was won by her in the state bread making contest under the county home demonstration agents. She is the daughter of Mr. and Mrs. J. N. Clay, and an account of her winning was given in these columns in the early fall. Her winning was quite an honor to herself and to the county.

There is considerable interest here this week over the movements of the oil men who have been working in this county for many months past. As stated in these columns before, most of the lands have been leased for oil purposes and the machinery has been at the depot at Laconia for several weeks. Monday morning this machinery for boring was unloaded from the cars and has been hauled to a point on the Laconia and Fayette Corner road on the farm of Joe Perry and timbers are being hauled there, and it appears to be certain that boring will be begun at once at that point. The whole community will await developments with much interest.

The Folsom-Lipsky Company has just installed a brand new gasoline pump at their station in this city and it is something of a novelty in this line. The new apparatus carries a number of new features, the most notable of which is a big glass reservoir on top, graduated by gallons, into which the gasoline first is pumped and the buyer sees exactly what is getting. From there it goes by gravity into the car tank. Another feature worth while is the filtering device by which the gasoline is filtered, preventing any water or other impurity going into the car tank.

Suggestions for Feeding Poultry

Mrs. Kate M. Wells, poultry specialist, Division of Extension, makes the following suggestions for feeding poultry for egg production:

"The average hen will eat from 5 to 8 pounds of food per month. She will drink about 6 pounds of milk per month. On limited range she will eat two pounds of grit and three pounds of oyster shell a year. This will vary with different hens, but is a fair average. Here is a simple and cheap ration:

- SCRATCH FEED
 - 400 pounds cracked corn
 - DRY MASH
 - 150 pounds bran
 - 50 pounds meat scraps
 - 4 pounds fine charcoal
 - 3 pounds fine salt
- "Forty pounds of tankage may be used in place of meat scrap or 40 pounds of meat scrap and 16 pounds of G. P. oil meal may take the place of the 50 pounds meat scrap. Feed so that hens will eat as many pounds of dry mash as of corn scratch feed."

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for constipation.

How's Your Stomach? and Your Liver?

Health is Most Vital to You

Durham, N. C.—"As for Dr. Pierce's Golden Medical Discovery which I use constantly, I don't believe there is a better liver medicine made. I use it for headache, stomach disorders and torpid liver. It is not unpleasant to take and does not leave a constipated condition as so many of the liver pills and medicines do. It does its work and leaves one feeling like a new person."—Howard Holden, 1306 Glenn St.

You can quickly put yourself in A-1 condition by going to your druggist and obtaining this Discovery of Dr. Pierce's in tablets or liquid, or write Dr. Pierce, president Invalids' Hotel, in Buffalo, N. Y., for free medical advice.

Go In Comfort

Go at your pleasure—go where you choose and when you choose, with your family or your friends. Enjoy the boundless beauties of nature, the pure air, a lunch in a shady wood, a fishing excursion, a rest by a cool lake or stream.

You can in a Ford. Millions have learned by experience that to own and operate a Ford is not an extravagance; they have learned that the many pleasures derived from a Ford takes the place of other pleasures, and the saving thus made often pays for the car and its maintenance.

Let's talk this matter over. Get the facts and figures.
