

Should any wind, except a cyclone, blow it down, we either refund the money or give another Silo to purchaser. The price is right, so why take a chance on other silos?

Now, man has succeeded in conquering the hoop trouble in a bucket, tank, barrel or a Silo, consequently the **Tung-Lok Silo** is a Wood Silo superior to all other makes. Why? Because anybody can construct it. Five dollars pays for the scaffolding. No hoops or guy wires to have to adjust every time the weather changes. It don't draw moisture from the silage, holds an even temperature from wall to wall, can increase height to any capacity, any time desired, won't blow down, won't fall down, perfect when put up according to specifications.

### SOCIAL.

One of the most enjoyable affairs of the week was the entertainment given Saturday evening by Miss Martha Nix in honor of her fifteenth birthday. The house was beautifully decorated for the occasion with cut flowers. The color scheme of green, pink and white were skillfully carried out in the decorations and refreshments. At 6:30 a delicious menu of several courses was served. The following young ladies were seated at the table with the hostess: Misses Agnes Ezell, Cozette Maiden, Rozelle Mayo, LaVergne White, Louise Holbrook, Maggie Little, Lillian McElwath, Hattie Swain, Frances Mitchell and Master Jimmie Irvine. During the evening the young men called and escorted the young ladies to the Kozy. After enjoying the show they returned to the home of the hostess, where an ice course was served.

### Demurrer of Petitioner Overruled.

In the case of C. H. Cayce vs. Lula M. Cayce, for divorce, the demurrer of petitioner to answer of defendant was overruled, to which action of the court C. H. Cayce excepted through the action of his counsel. The motion of the defendants, Osborne Cayce and the Cayce-Turner Publishing Company, to dismiss bill as to them, was also overruled and disallowed, to which action of the court they excepted through action of their counsel, but motion was allowed by which the Cayce-Turner Publishing Company is permitted to file for registration the deed of C. H. Cayce and others to said company. The case has not yet been heard on its merits as to the issue for divorce. Messrs. A. B. Adams and R. E. Maiden represent C. H. Cayce, and Messrs. J. W. Rankin and L. C. Hanning, the defendants. The case will be heard next week.

### Pretty Weather; Automobile Sales

The past few days of open weather, bringing good roads and a season for driving, has resulted in a number of automobile sales, the Martin Auto Co. reporting the sale of five cars this week—one Monday and four on Tuesday.

One of these cars sold Tuesday comes to Dresden, being purchased by H. V. Johnson & Son for delivery service. This car is equipped with electric lights and electric horn, making three Ford cars owned by Johnson.

Jim Welch, manager of the Dresden branch of the Martin Auto Co., informs the Enterprise that the demand for Ford cars is booming, that he expects to make a number of deliveries during the next week or ten days and that every owner is thoroughly satisfied.

### WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bowne, Bloomfield, N. J.

### Dresden to Have First-Class Bakery.

Along with many other things that come to a progressive town is a first-class bakery, and one of this character is now being installed here by Mr. Calhoun, lately of Paris. Mr. Calhoun has leased the Baxter building, east side, and is hard at work putting in his oven, etc. He comes highly recommended as being a first-class baker and a gentleman.

The Dresden bakery will make a speciality of fine breads, cakes—in fact, everything made and kept in an up-to-date bake shop. Mrs. Calhoun will be with Mr. Calhoun in the management of the bakery and they promise nice bread and baked in the most approved sanitary manner.

The bakery here will enable citizens of the surrounding community to get fresh bread every day, or when they want it, and especially on Saturday for Sunday dinner. The Enterprise trusts that Mr. Calhoun will be accorded the liberal support an enterprise of this character merits and that he will prosper in Dresden.

#### To My Debtors.

To Those Who Are Debted to me for Medical Services in the Past:

Now, for sixteen months I have been unable to do any work of any kind, yet to some of you I have gone when you called me, though not able. All this sickness has cost me quite a sum in two ways—one by not being able to keep up my work, and the other by paying out money trying to get relief. Therefore, my funds are running low. Now, this morning, I am leaving for Hot Springs, Ark., seeking further relief. You who are owing me an account are aware of the fact and I am asking you to please pay me your account, or at least half of it. Mr. Kindred, at the store, will look up your account, or the Martin or City National Bank either will receive and receipt you for any amount you pay them for me.

Now, if you do not voluntarily pay me at once you cannot blame me if I ask an officer to sue you your account. When you called me I came to your relief as quickly as I possibly could. Will you treat me now as you wished me to treat you then?

Very truly yours,  
E. E. SAWYER.
