"FATHER IS IN FINE SHAPE NOW," HE SAYS

Georgia Farmer Suffered For Twenty Years and Paid Out Thousands.

"My father has suffered from chronic stomach trouble for over twenty years, and has paid out thousands of dollars on medicines and doctors," said G. W. Slayton, a well-known Cobb County farmer, who lives near Smyrna, a short distance out of Atlanta.

"We tried nearly everything trying to cure him, and he went off to the Springs, thinking maybe the water would help him, but it just looked like nothing would reach his trouble. Then he tried dieting and lived on liquid food until he almost starved, but even that failed to do any good, and he just kept going from bad to worse.

"I don't guess there ever was a case as stubborn as his, and if there ever was a confirmed dyspeptic he was one of them, and I guess he would have been one yet if it hadn't been for this Tanlac.

"The first we heard of this medicine was when my father saw an advertisement in the papers from parties he knew in Tennessee, who were friends of his, and he knew what they said about it was the truth, so he got it right away and began taking it.

"Well, sir, it acted just like magic, and everybody notices the change in father now. Why, he is just like a different man, and sits down to the table and eats like a farm hand. Only yesterday he ate pork and turnips for his dinner, and ate so much we were actually afraid he was overdoing the thing, but he laughed and said nothing hurt him now, and that he was hungry and expected to eat and make up for lost time.

"Now, when a medicine will do things like that, I think people ought to know about it, and I want to say right now that I would not give one bottle of Tanlac for all the other medicines and health resorts in the country put together."

Tanlac is sold in Dickson exclusively by Matthews Drug Co.—adv.
