The Best Laxative.

To keep the bowels regular the best laxative is outdoor exercise. Drink a full glass of water half an hour before breakfast and eat an abundance of fruit and vegetables, also establish a regular habit, and be sure that your bowels move once each day. When a medicine is needed take Chamberlain's Tablets. They are pleasant to take and mild and gentle in effect. Obtainable everywhere.—adv.

Maxwell cars have greater, actual, delivered horsepower, per pound of weight, than any car built.

F. O. B. DETROIT

POWER must be reckoned in reference to the weight involved. This is the big underlying truth that is often overlooked in careless statements about horsepower.

We repeat that Maxwell cars have greater horsepower, per pound of weight, than any car built.

This has been proved within the last six months by four competitive tests made in the two leading scientific schools of the United States.

The point for you to remember is this:

Maxwell cars will take you anywhere that any car will take you and they'll take you as fast as you'll dare to travel.

We are ready to prove any and all of our statements.

NON-RESIDENT NOTICE.

VISTON TAYLOR, Trustee
vs.
MOLLIE TAYLOR, Et Al.
In Chancery Court at Charlotte, Tennessee.

In this cause it appears to the Clerk and Master from the bill, which is sworn to, that Frank Wolf and Hershel Wolf are non-residents of the State of Tennessee, so that the ordinary process of law cannot be served upon them.

It is therefore ordered by me that the said Frank and Hershel Wolfe appear at the courthouse in the town of Charlotte, Tenn., on or before the FIRST MONDAY IN SEPTEMBER, 1916—it being the first rule day in September—and plead answer or demur to the bill filed against them in this cause, or the cause will be proceeded with exparte as to them.

It is further ordered by me that a copy of this order be published in the Dickson County Herald, a newspaper published at Dickson, Tenn., for four consecutive weeks, the last publication to appear more than one week before the first rule day in September, 1916.

Given under my hand at office in Dickson, Tenn., July 31, 1916.

One Experience Convinced Me of its Value

"One of our salesmen demonstrated the value of the Long Distance Telephone to us. He was at Huntsville, Ala., and upon his own responsibility put in

Long Distance calls for fifteen merchants within a radius of several hundred miles.

"In less than one hour he had sold 2100 barrels of flour at a total cost to us of less than six dollars.

"Since then we have applied the Long Distance Bell Telephone to every feature of our business with most profitable results. The service is fine, the rates are reasonable and there is more satisfaction in one Long Distance Telephone talk than in half a dozen letters"
