

## DICKSON'S SCHOOLS OPEN NEXT WEEK.

### The Prospects for a Prosperous School Year in Dickson are Flattering.

Next Monday, and Wednesday will be school days for Dickson. Monday the public school opens, Wednesday, the Dickson College School will also open.

We are informed by the teachers having both schools in charge that the prospects for a prosperous school year are flattering. There is no excuse for any child in Dickson to not receive a first-class education under the present excellent school facilities.

Every one in Dickson County should be proud of the development Dickson has made in the last few years in educational progress.

In the public school, under the management of Prof. W. P. Morrison, the children of Dickson will get the advantage of school work from the first to the twelfth grade, while in the Dickson College school, the principal, W. M. Bratton, will have all branches taught, but makes a specialty of training school work.

Every citizen of Dickson interested in the future growth and development of Dickson should give their encouragement and support to our two schools by attending the opening exercises at the public school building Monday morning at 9 o'clock, and at the Dickson College school Wednesday morning at 9 o'clock.

### Announcement.

To the Voters of Town of Dickson. In again announcing myself for re-election to the office of City Marshal, I desire first of all to thank the People of Dickson from the depths of my heart for honoring me with one of the highest and most responsible positions within their gift for a number of years. While I realize that I have made some mistakes, I want to assure one and all they were of the head and not of the heart, and I stand ready at all times to correct any mistakes that I may have made. My books and accounts have been audited by competent men from time to time and have always been found correct.

I also wish to call the attention of the people of Dickson to the fact that during these long years of service none of my acts have cost the town of Dickson one cent in lawsuits, and should you again see fit to re-elect me I shall as I have in the past do the best I can to serve you honestly, and at all times work for the up-building of Dickson.

Again thanking one and all for the honor you have bestowed upon me in the past and the confidence you have had in me, I remain your obedient servant.

JOHN SHELEY.

### The Dixie Players.

As previously announced, the Dixie Players rendered a pleasing musical program at Oakmont school last Friday night for the Parent-Teachers' Association. The six boys dressed in dark trousers and white shirts with black bow ties, with their leader in white, made a pleasing appearance on the stage, and from the time they were introduced until the last strains of "Home, Sweet Home" closed the program, the audience was delighted. The program consisted of fourteen numbers, including many of the late song hits, as well as several of the favorite classics. Two of the most pleasing numbers were "Alita," as a violin duet, and "I Love You Truly," as a trombone and a cornet duet. The feature of the entertainment was Miss Sarah Stone's singing. This was a surprise on the program, and she was brought back repeatedly.

Many have expressed themselves as wishing to hear the Dixie Players in another program, declaring they equal any lyceum number ever in Dickson. They played also in Burns last Saturday night to an appreciative audience, and have many other engagements during the next month.

### At Baptist Church.

The pulpit at the First Baptist Church was occupied by Rev. G. E. Moore last Sunday, who preached a magnificent sermon on the text, "At Evening Time it Shall Be Light." The pastor is expected to fill the pulpit next Sunday, but in case his health will not permit his return, arrangements will be made to have services at the eleven o'clock hour.

## ERNEST D. SCOTT FATALLY INJURED

### Falls Off Train Through Trestle, Near Camden, Last Thursday Morning.

Ernest D. Scott, age forty years, son of our townsgman, Dr. W. S. Scott, was fatally injured last Thursday morning, when he fell off a moving freight train and through a trestle into a small stream, near Camden. He was taken to Nashville on the noon train, but died in the hospital Friday morning about 4 o'clock, never regaining consciousness. His remains were brought here Saturday morning and after funeral service, conducted by Rev. D. E. Hinkle, at the M. E. Church, South, Saturday afternoon, his remains were laid to rest in the Union Cemetery, in the presence of a large concourse of relatives and friends. A number of his fellow trainmen accompanied his remains from Nashville.

According to the information received, Scott was riding on one of several extra cars which were being shunted into a gravel pit ahead of the engine near Camden. Through some unknown cause just as the car on which he was riding crossed a bridge over a small stream, Scott fell from the car. He struck the trestle, went through, and fell heavily into the water below. His fall was seen by the firemen and engineer on the engine, and the train was immediately stopped, and the two ran back to the rescue of Scott. He was unconscious when found.

Ernest began railroading some twenty years ago on the N. C. & St. L. Ry., but for the past several years he has been employed on the main line as brakeman, and resided in Nashville, and was highly respected by his employees and fellow workmen, and in fact, by all who knew him.

He is survived by his wife and one little girl, father and several brothers and sisters.
