

IT PAYS TO GET GOOD PAINT!

Protection and Beauty are the two great objects in painting. Paints that will peel or crack and let in moisture gives poor protection—and is a bad investment. Paint that has cheap colors which fade cannot give beauty—and is a bad investment.

It costs no more to apply "High Standard" than poor paints, and it gives perfect protection and beauty. Lowe Brothers "High Standard" Liquid Paint sets in a close tight coat that gives perfect protection and long wear. Only fadeless colors are used, and you get lasting beauty.

That's why we sell and recommend "High Standard" We know it will give you best results.

Floor Paint

This is a strong, hard-drying paint for floors, boat decks and all places having hard wear, and is very durable. It comes in a variety of colors.

Floor Varnish

There is a difference in varnishes for floor use. Lowe Brothers Durable Floor Varnish is very tough and elastic, does not easily scratch or mar, and resists hard wear and dampness.

Mellotone is the most perfect wall finish. Its soft tints are very beautiful, and absolutely fadeless. It is also washable, does not easily scratch or mar, and lasts much longer than wallpaper or other finishes. More beautiful, more durable more economical in the end. Ask for color cards.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

May Divide Circuit.

The last quarterly conference for this year of the Big Sandy circuit Methodist Episcopal Church, South, was held Saturday at Flatwoods, Benton county. Rev. Dr. L. D. Hamilton of Paris, presiding elder for the Paris district, presided over the deliberations of the conference. There are 11 charges in this circuit, and it is very likely that it will be divided and two preachers assigned to the work. This will be done when the annual meets at Paris in September next. Stewards elected for the Big Sandy church are: D. J. Graham, Dr. Earl Goyr, D. G. Curd, Capt. Leon Carway and W. B. Akers. D. J. Graham was elected recording secretary for the circuit and W. B. Akers superintendent of the Sunday school at Big Sandy.

Card of Thanks From Lax.

I want to thank the Democratic voters for their support in my race for the nomination for representative. I had an opponent, a good Democrat and a nice gentleman, for whom I have the highest of feelings. I fail to find words to express my gratitude to those who gave me their support, and to those who were against me I have nothing but the best of feeling. I hope, if elected, by earnest service to repay your confidence.

Yours,
J. E. J. LAX.

Value Received.

All the great amusement enterprises in this country that have achieved fame and fortune—all whose titles have become a household name—may trace their success to the generous quota of REAL show value that they give their patrons in return for the price of admission charged. So it is with the W. I. Swain Show Co. The best talent available, at any price, for the presentation of plays, courteous treatment of patrons and luxurious surroundings have given them a following enjoyed by no other shows of their kind. The W. I. Swain Shows will be in Paris for one week, commencing Monday, Sept. 21.

Vaughn-Jackson.

On last Sunday at 11 o'clock a marriage ceremony was performed at Blood River church, near Buchanan, in which Mr. Kenneth Vaughn and Miss Fay Jackson were the contracting parties. The ceremony was said by Rev. W. E. Morgan in the grove near the spring in the presence of many admiring friends. The bride is the beautiful daughter of D. C. Jackson and is regarded as a belle of the community. The groom is a splendid gentleman, a carpenter by trade and a brother of Contractor Witt Vaughn, of this city. They will reside near Buchanan, where they are surrounded by many friends.

Farmers' Institute.

The Henry County Farmer's Institute will meet at the Court House in Paris, Saturday, Sept. 9th, at 1 o'clock. Prof. D. M. Clements will deliver an address of general interest to practical farmers. Delegates to the division institute at Jackson will be selected at this meeting, and in compliance with resolutions passed at Jackson last year providing for an auditorium building at the Experiment Station, I have been directed by Mr. R. T. De Berry, Assistant Commissioner of Agriculture to make up the list of delegates from men who contribute \$1.00 toward the building.

To Erect Coaling Station.

Nashville, Chattanooga & St. Louis Railway has just authorized the erection of a new steel coaling station at Hollow Rock Junction on the Paducah and Memphis division of the road at a cost of between \$15,000 and \$20,000. Should the station prove as efficient as claimed it is probable that similar stations will be erected at convenient points on other divisions of the road, according to General Manager Carson. These coaling stations have only recently been adopted by the leading railroads in the country and the N. C. & St. L. is among the first in the South to adopt them.

Cairo, Illinois.

When the devil got busy in this part of the world gaining recruits for the great army he expected to take to hell he established Cairo, Illinois, as headquarters. A traveling man once asked an old negro at the depot the population of Cairo. "Well, I'll tell you boss," replied the negro, "including the white folks its about 20,000."

Cairo has become such a mean, vile, detestable place it is said that all self respecting tramps have marked it off their maps. Now, it would be an injustice to Cairo unless the writer would admit that there are some good people there—the graveyard contains several thousand.

Cairo contains more tin-horn gamblers, sports, (male and female) thugs, thieves, strongarm and confidence men to the block than was ever crowded into the first ward of Chicago in the palmy days of Hon. Hinky Dink.

The town grew from bad to worse until finally the Illinois Central built a bridge three miles above the town, so respectable passengers could give the gang the high ball without becoming contaminated.

The bi-partisan ring of Republicans and Democrats run the town to suit themselves until a few years ago. They had white men and colored gentlemen on the police force. One night a young white lady was kidnapped and murdered. Then the respectable people came in from neighboring towns, took the brute from the sheriff and hung him to an arch over Commercial Avenue after cutting his heart out and sending it to the editor of the morning paper as a souvenir.

When you go to Cairo be sure your air ship has enough gasoline to carry you north of the cross levee before alighting. You will then be near the preparatory school for hell—but in Illinois.—Greenfield Times.

The Soldier's Farewell.

Adjutant-General Nathan B. Forrest, of the United Sons of Confederate Veterans, told at a banquet in Memphis a military anecdote.

"A handsome young soldier," he said, smiling, "laying in the last agony upon a battlefield. To the friend bending over him he murmured hoarsely:

"Tell Caroline my last thoughts were of her. Say I died with her portrait pressed to my lips."

"He gulped and added:

"Tell Minnie and Grace and Harriet the same thing."—Ex

WOMAN AND \$10 BILL.

Give a woman a ten dollar bill, and what is the first thing she will do with it?

Will it be a "bee line" for the store?

Not much!

Will it go down into the feminine "bank"?

Possibly—for temporary security.

But that ten spot will afford her more ecstatic pleasure than a man could draw out of a hundred, or a clay pipe.

First she will hunt up the last issue of the local paper and see what it has to offer in the way of bargains—anything, just so it is a bargain.

These will be carefully and painstakingly checked off with a two inch pencil, and then it will be a hunt for a pair of shoes, or a summer hat, or any one of a thousand other things.

The number of articles she will squeeze out of that ten spot is amazing. Where a man would spend it all in one throw, a woman will have a list a foot long.

But woe unto the merchant whose advertisement is not in the paper when she goes out to part with that ten. He is a back number.

For she will have every article catalogued before she ever extracts the long green from her "bank." She has probably consumed six hours in compiling the list, has killed another half dozen in the stores, and will go home with six months pleasure tucked away under her arm or reposing in the back end of the buggy.

But then that is her way, because she is a woman.

And women are women, and because they are women they are entitled to the best of all things in life.

Give your wife a ten spot.—Ex.
