Mr. and Mrs. F. L. Manley Return Home After Spending Winter in Florida

Mr. and Mrs. Frank L. Manley, Mr. and Mrs. Will Chenoworth and children returned to their homes on Saturday after spending the winter in Florida. The trip to Fort Myers, Fla., and return was made in Mr. Manley's car—Overland '83. The round-trip totaled about 2,500 miles and about 100 gallons of gasoline was used each way.

The route taken by Mr. Manley and party to Ft. Myers was by way of Chattanooga and Atlanta, returning the same way. They left Ft. Myers, returning, on April 20, stopped over at numerous places and reached Paris on April 29. They had no trouble with the car at any place on the trip, and the car was in as good condition when they reached Paris as when they left here late last November.

The entire party report a nice time, and Mr. Manley states that he will probably spend next winter in Florida also.

Life's Biggest Occasion Is At Hand

Graduation from High School is the biggest occasion in the life of the average young person. Next to this, comes the birthday. It is the one day of the year that seems to belong solely to the individual who was born on that day, but each year holds a birthday; while graduation from high school comes but once in the whole lifetime

Its a time when life's problems begin to receive serious consideration, a time when appreciative parents and friends put their congratulations and good wishes in some material form.

Jewelry has always led as graduation gifts. Graduation comes at a time in the lives of young people when jewelry is particularly acceptable. Many a woman and man today when asked about some odd bit of jewelry, say with much pride: "My father and mother gave that to me when I graduated."

Why not follow the accepted custom and mark your boy's or girl's or friend's graduation day with the gift of a diamond, watch, brooch, scarf pin, dorane, or some other odd piece of jewelry that they can keep through the years to come as a pleasant memento of this occasion.

With all the splendid quality, our jewelry costs from 50c up. You can pay as little or as much as you wish. Whatever the price our guarantee goes with each article, that it will endure as a constant reminder of this memorial event and of your pride and appreciation as shown by such a splendid gift.

You will wonder at the beauty and varied assortment of things suitable in our new store. Call and see them. Inspection involves no obligation to buy. In fact, we'll be glad of an opportunity to serve you, while you listen to the sweet strains of the Victrola.

Mrs. Kate Simmons Passed Away At Her Home.—Other Como News

Our community is saddened by the death of Mrs. Kate Simmons which occurred at the family residence on Tuesday April 27 after an illness of pneumonia. She was about 38 years of age, a member of the Baptist Church at Thompson's Creek, to which she was devoted, and also was a charter member of the Wcm-an's Christian Temperance Union at this place to which she gave loyal support. She was true to the Master's teaching, as she went about doing good, in ministering to the sick and distressed and gave freely to all who were in need. She was a blessing in her helpful deeds and we shall miss her greatly. She leaves a husband, two brothers and four sisters to mourn her loss. School Officials Say Rally Success

The following communication to the citizens of Paris has been issued by County Superintendent Joe Routon, Prof. W. T. Robinson and Prof. M. M. Phillips in regard to the rally day celebration here last Friday:

To the Citizens of Paris,

The School Rally Day, Friday, April 28, was a success in every way. The school interest and enthusiasm took on new life. The day opened bidding fair to be one of pleasure, profit and good cheer to everybody. The various athletic contests on the fields, the addresses, the abundance of dinner, declamatory and debating contests were thoroughly enjoyed by everybody and made the day a gala day for Paris, Grove High School and the county. The success of the day is due to the untiring efforts of the good people of Paris, the various committees, the ladies of town, the teachers, Revs. Lavender and Hancock, our town papers and many outside friends as our guests and to you every one, we, as the leaders of the school interests of our town and county, wish to extend our deepest appreciation. We believe with all this enthusiasm and co-operation upon your part, that the dawn of a new day in education in our town and county is upon us.

JOE ROUTON,

Supt. Co. Schools.

W. T. ROBINSON,

Prin. Grove High School.

M. M. PHILLIPS,

Supt. City Schools.

Tax On Hope

"I wouldn't mind paying a tax on my income if I had one," said the newspaper poet, "but I do object to paying a tax on my hopes. That's what it amounts to when I pay postage on the manuscripts I send out to editors."

Frequently the Latter

"Poetry should be written on one side of the paper, shouldn't it?" asked the budding bard. "That depends on the poetry," replied the editor, wearily. "Lots of it shouldn't be written on either side."
