## NEWSPAPER DISCUSSES CONGRESSIONAL FIGHT

Carroll County Paper Thinks  
Long Service Is Most  
Valuable Asset

Democratic candidates are being nominated for congress. In the majority of the districts in Tennessee the present members have opposition. This is natural, for there are always those who are ambitious to fill office, and it makes little difference how efficient a member may be or how diligent he may have been in performing his duties he will most likely find one or more aspiring to fill his seat.

There are times and conditions when it does not make so much difference who represents a district in congress and there are times also when it makes a very great difference. There has not been a time in many years when it was so important as now that our most efficient and best equipped men should be sent to congress. The democratic party is on trial, big issues are being considered, questions of international importance are to be dealt with, and the president, needs the service and advice of the very ablest men.

Long service fits a man for important action under trying conditions. When a great crisis comes capable and experienced men are needed. When great issues of government are to be considered, as they are being considered by the present administration it is important to

have men of training, experience and familiarity with the work, to aid in giving to the country the very best results possible. The success of the democratic party and the material development of the country depends largely upon the energy, ability and the effectual service of our representatives in congress.

In the eighth district Mr. Sims, one of the most capable members of the present congress, with a record for service that should commend him most favorably to the entire district, is being opposed by a clever young man, Mr. Dudley Porter, of Paris. While Mr. Porter possesses some ability and in the course of time might make a successful member of congress, yet this is more or less problematical, for he has no record of public service from which to judge and his ability is not so extraordinary as to make certain a brilliant or useful career. There are no doubt many in the district who would like to be honored with a seat in congress, but this is not the time for inexperienced and untried men. The nation and the party need men of experience and known ability and for this reason if for no other Mr. Sims should be re-nominated and re-elected.—Carroll County Democrat. Adv.

## EVERYBODY KEEPS COOL NOW AT DIXIE THEATRE

Everybody keeps cool at this Dixie theatre, which has just installed a new, exhaust fan. No more will the heat be felt at this popular theatre, and the patrons are congratulating Manager H. L. Lawrence upon his enterprise and for his interest in the comfort of the "movie fans."

## DUDLEY PORTER GAINS GROUND VERY RAPIDLY

Many Turn Out To Hear Him  
In Former Stronghold Of  
Congressman Sims

M'KENZIE, TENN., July 17.—Hon. Dudley Porter, candidate for congress in this district, who is opposed by the incumbent, Hon. T. W. Sims, arrived here Saturday afternoon from Christmasville, where he spoke to over 300 people Friday night. Christmasville in the past has been one of Congressman Sims' strongholds, but this outpouring of citizens to hear and see Mr. Porter and the further evidence of the enthusiasm among his friends is clearly manifest that Mr. Porter is gaining ground rapidly on the obese congressman.

Mr. Porter spoke here Saturday afternoon to about 400 people. He was in trim and delivered a very forcible speech. Mr. Porter is strong in this district and it is predicted that he will carry it by a substantial majority.—Tennessean and American. Adv.

## PORTER CLUB ORGANIZES

HOLLOW ROCK, TENN., July 17.—A Dudley Porter club was organized here Saturday afternoon with over two-thirds of the democrats of this district joining. Dr. Watkins, president; Dr. Compton, vice-president, and Mr. Frye, secretary. Mr. Frye is cashier of the local bank.—Tennessean and American. Adv.

## HARRIS' PLACE NOW OPEN FOR BUSINESS

Harris' delicatessen and soda fount on the South side of court square is now open for business, and the modern and up-to-date furnishings are causing much favorable comment.

Everything is arranged with a view to sanitation and cleanliness, and neither time nor expense has been considered when it came to fixing the place up, making it the equal of any in the State.

The oven which is used for all baking is a 1916 Bennett, made by the Bennett Oven Co., Battle Creek, Michigan, and is so arranged that it is impossible for the bread or pastry to be other than absolutely sanitary. Coke is burned.

A sanitary proof-box is used after the bread has been mixed and if it fails to prove up all right it is not baked. Only Gold Medal flour is used.

The water for the soda fount is filtered before it is carbonated, which makes it absolutely pure.

The total cost of fixing up the business, equipment, etc., will exceed \$5,000. "Sanitation and Service" will be the motto of the proprietors.

## Charles P. Hudson Passed Away Here On Tuesday Night

Charles P. Hudson, age 50, president of the Commercial Bank, member of the city board of public works and one of Paris' most progressive citizens, passed away at his home on Hudson avenue Tuesday night.

Mr. Hudson was a son of William H. and Mary M. Hudson, and was born on September 27, 1865. On March 12, 1908 he was married to Miss Maude Ann Coley, of Milan, who survives him.

Funeral services were conducted at the residence Thursday morning at 10 o'clock by Rev. L. D. Hamilton.

## ROAD LAW ATTACKED IN SERIES LEGAL ACTIONS

Following Decision of Judge  
Harwood, Suits Will Likely  
Be Filed.

Within a short time a series of suits attacking the constitutionality of the Henry county road law will more than likely be filed, according to reliable information, following the decision of Judge Harwood in the case of Ernest Atkins, who was charged with failure to work the road. In this case the suit was dismissed and judgement rendered against the Ninth road district for the costs. This is the third case of its kind to be tried and in each instance suit has been dismissed.

According to information, Attorney G. L. Fryer has been retained by several well known citizens of the county to bring a number of legal actions in which the road law will be attacked, and it is said that these suits will be filed soon.

In the Watkins case, Judge Harwood decided that the notice served on Watkins was insufficient, or it was not shown that the notice had been served, and he did not decide the case on the question of whether or not the Robertson-Haywood county road law automatically repealed the Henry county law, although this point was raised by the defense.

Circuit court finished the docket here Wednesday and adjourned. Among the cases disposed of at this term of the court were the following:

Hallie E. Erskine vs. Wm. K. Erskine, divorce, petition dismissed without prejudice and defendant taxed with costs; State

against O. E. Robinson, tipping, \$50. and 4 months on judgment heretofore suspended; State vs. Manuel Tharpe, \$50 and 4 months appealed; State vs. W. W. Lewis, tipping, not guilty; State vs. Buddie Burney, tipping, \$50 and 6 months; State vs. F. E. Lacy, et al, bondsmen, former judgment of \$1,000 reduced to \$200 and costs; State vs. Gus Henry, col., dismissed at defendant's cost; State vs. Toy Haynes, failing to register dog, dismissed at defendant's cost; State vs. Sam King, col., tipping, not guilty; State vs. Rome Oakley, furnishing liquor to minor, submitted, judgment suspended; Jack Green, col., tipping, \$50 and 30 days; Harrison Haynes, tipping, \$50 and 60 days; Cynthia Bolin, col., perjury, 1 year in county workhouse; George Brown, larceny, 3 months; Guy Asher, running gambling house, not guilty; Ed McCutcheon, col., tipping, \$50 and 4 months; Jim Hudson, col., tipping, \$50 and 4 months; Robert Brown, larceny, plea of guilty, 3 to 10 years in penitentiary; George Brown, larceny, 3 months in workhouse; O. E. Robinson, et al, judgment of \$1,000 reduced to \$50 and costs.

The cases of Jim and Sam Love, murder; Altie Vandyck, rape, Lottie Starks, murder of husband; Spencer Cavitt, murder of wife, all colored, were continued, as were a number of other minor cases.

## MILLER-CASH

William A. Miller and Miss Sadie Agnes Cash, were quietly married Tuesday night. Rev. Howard Cady officiated. The bride is a daughter of J. L. Cash and a beautiful and accomplished young woman, while the groom, who is a son of Dr. and Mrs. A. H. Miller, is a well known young business man.

## THOS. K. REYNOLDS IS FLOTERIAL NOMINEE

Whitlock Received Vote Of  
Henry County.—Thanks  
His Friends

T. K. Reynolds, of Dresden, was nominated for Floterial Representative by the Democratic convention at McKenzie on Friday of last week by a vote of 45 to 25 over T. H. Whitlock. Henry county supported Whitlock. Dr. A. H. Miller was chairman of the Henry county delegation; F. E. Bryant represented the county on the resolutions committee and A. A. Oliver on the credentials committee.

Following the convention, Squire Whitlock stated that he wished to thank his friends for their support. "I had rather be defeated with Henry county for me than to win with the county against me," he said, "and I will ever appreciate the fight my friends made for me, giving me the instructions from Henry county with a dissenting vote."

## PORTER SPEAKS AT PARIS ON AFTERNOON OF JULY 29

Dudley Porter, candidate for Congress, will speak at Paris on Saturday, July 29, at 1 o'clock.
