

NORTH END OF THE COUNTY NEWS

FORT DRUM.

J. J. Norman, of Sebastian, has recently moved out here.

M. W. Knight has been very busy preparing land for his winter garden.

A. J. Drawdy has a nice cane patch, which we think can supply Fort Drum with syrup.

J. A. Harris has moved to the Narrows for the winter months, where he will engage in truck farming.

Mrs. M. E. Knight has just returned from Whittier, where she has been for several days attending sickness.

Everybody says THE TRIBUNE is the best county paper they ever saw. It is the opinion of all at Fort Drum.

H. A. and R. D. Holmes returned Sunday from Fort Pierce, where they have been visiting for several weeks.

Mrs. John F. Parker has just returned from Sebastian, where she has been visiting her mother, who has been ill.

Mr. and Mrs. J. M. Lee left Tuesday on a camp hunt, to be gone several days. We wish them a pleasant trip.

J. F. Parker and wife have returned home from Fort Pierce, where they spent some time. They report a most pleasant trip.

W. W. Webb is working in the hammock this week for G. W. Drawdy, Jr. He finds it quite pleasant hoeing orange trees there all alone.

G. W. Drawdy, Jr., has been in Fort Pierce for nearly two weeks. He went there to spend a couple days, but Mrs. Drawdy thinks it is a long time now.

G. W. Drawdy with three or four hands commenced work in his fine hammock orange grove Monday. This grove is four miles east of Fort Drum.

Charlie Chandler preached here last Saturday night, Sunday and Sunday night. Quite a good many attended and he preached a very nice sermon. We hope to hear him again.

John Barton, of Cypress Creek, intends moving back to the little town of Fort Drum, during the school months as he has four children of school age. If he returns it will be to the pleasure of his many friends.

VIKING.

The school will commence next Monday. Owing to some misunderstanding the school could not open on the 18th as was ordered by the school board.

Mr. and Mrs. H. A. Wright and Miss Marian Wright were the guests of Mr. and Mrs. P. Nelson last Sunday for dinner.

The pineapple growers who have planted new fields are nearly through setting. Hallstrom Bros., Erickson Bros., and I. Edwards have finished and the Minnesota Co-operative Company will finish planting in a few days, as will also H. A. Wright.

Mrs. H. A. Wright and Miss Marian Wright will leave Friday (today) for their old home in Glenwood, where Miss Marian will commence school next Monday. Their many friends will regret their departure very much, but will look forward to their early return next year.

The sociable features are on the rise, Mr. and Mrs. John Helseth have, since Mrs. Helseth's arrival from her trip to Norway, entertained some of their friends and neighbors every Sunday. Last Sunday they entertained at dinner Mr. and Mrs. M. B. Daniels and children and Mr. and Mrs. Sam Daniels. Mr. and Mrs. Elias Helseth and O. Helseth were also the guests of Mr. and Mrs. John Helseth last Sunday.

The cemetery association held a meeting last Sunday afternoon at which time some urgent and most important business matters were considered and acted upon. All members except Jacob Erickson were present. After adjourning, M. B. Daniels, John Helseth and Axel Hallstrom called on Mr. Erickson, who has been quite ill for a long time. His friends were glad to find him a little better, and all hope that he may soon recover.

VERO.

The dance Saturday night was well attended and all had a nice time.

T. W. Jeffers and W. J. Grice were visiting the county seat the first of the week. A. B. Wilkinson, of Hawks Park, was visiting friends here last week.

There were several from the island attending church at Vero last Sunday.

Tim McCall, from Jasper, Fla., is visiting his father, but says he doesn't like the "skeets" familiar ways.

Three weeks more of school and the study and play will stop with the little folk, and work in dead earnest will begin on the farm.

Mr. and Mrs. Fulton and family of Jasper, Ga., are visiting Mrs. Louis Harris. They will spend the winter here and may locate permanently.

F. C. Poppell and family moved back from his homestead the last of the week. Mr. Poppell was not so well, but we hope he will soon be himself again.

Capt. E. V. Walker was over to his place on the east side last week preparing to plant beans. Ed says he has found "the" girl at last, even if she does say he waited until she moved.

We hear much said about abstracts, and while we are not a lawyer, nor the son of one, yet we do feel that as it is a thing of long endurance it is better for the county to keep them than for a private company to do so.

Mr. and Mrs. G. A. Braddock of Sebastian came down Saturday to visit F. C. Poppell and family. As Mr. Braddock was summoned to court Mrs. Braddock and babes are enjoying a stay here, visiting relatives.

OLNEY.

W. V. Rogers made a business trip to J. P. Padgett's yesterday.

We are not having so much rain now but warm weather is plentiful.

Miss Rebecca Padgett and her nephew Dennis Padgett while driving home last Sunday from Fort Drum came upon a large rattlesnake in the road. The horse nearly stepped upon the snake and was badly frightened. In running backward it nearly overturned the buggy. The snake escaped.

A Startled Guest.

Mrs. Patti took elaborate precautions against burglars at Craigy-Nos, her castle in Wales. A guest there who was spending a sleepless night rose before dawn to open his bedroom window. Immediately there was a violent ringing of bells in different parts of the castle. The visitor made his way downstairs, only to find himself in imminent danger of being lacerated by a whole troop of snapping and snarling dogs. It turned out that he had unwittingly set the diva's patent burglar traps going, the dogs being released from their chains by an electric connection with the window.

Cats' Eyes.

What is the correct color for cats' eyes as related to the color of the cats? is the question which has been answered as follows: A black cat or one known as a "blue" cat should have amber or orange eyes. White cats must have blue eyes, chinchillas green, though orange are permissible; orange, cream or fawn cats must have orange or hazel eyes; smokes, orange eyes.

Related Advice.

"That coat looks shabby," remarked Hicks to his intimate friend, the poet. "Why don't you have it turned?" "Do you think this coat has three sides?" asked the impecunious one sadly. And nothing more was said on the subject.

Rev. D. J. Blocker has been appointed dean of Stetson hall at the DeLand university.

The Clyde Line's New Ship.

The Times Union of Jacksonville, September 21st., gave a lengthy description of the new passenger ship Huron of the Clyde Steamship Company, arriving in Jacksonville September 20th. on her first voyage as a passenger ship.

We are informed that the Huron is a strictly first class ship in every respect and her passenger accommodations are equal to any ship on any line.

She is about two years old and up to this time has been exclusively in the freight service but she was recently altered and made a strictly first class passenger ship.

The Clyde Line are keeping abreast of the times in their Jacksonville service and they deserve the patronage they have earned by maintaining the finest line of coastwise vessels afloat.

Their business is steadily increasing and they are not only retaining their old patrons but are gaining new friends and customers all the time.

The Steamer Huron landed in Jacksonville with a very large list of passengers and they are loud in their praises of the good ship and speak in the highest terms of the splendid service.

Bear on Railroad Track.

Engineer Totten of the F. E. C. railway relates that on his last trip down he narrowly missed sending a bear into the hereafter. The bear apparently dazed by the electric headlight attempted to cross the track just ahead of Engineer Totten's engine, which was coming down the country at a high rate of speed. It cleared the engine by a fraction of an inch and disappeared in the palmetto scrub beside the track. It is a frequent occurrence for engineers to report deer on the track, but bears seem to be more wary. —Miami Record.

Will Not be Represented.

De Soto county will not be represented by a county exhibit at the State Fair in Tampa. Out of twenty-two precincts, only Arcadia, Avon Park, Charlotte Harbor and Cleveland voted in favor of an appropriation; hence the county commissioners did not feel authorized to make an appropriation for getting up an exhibit. —Punta Gorda Herald.

Reasonable.

Little Walter was eating lunch when he gave his arm a sudden shove, and splash, down went his glass of milk! "I knew you were going to spill that!" said mamma angrily. "Well, if you knew," queried Walter, "why didn't you tell me?"

Gentle Hint.

Our trees are grown on hig, pine land, set far apart, and are stronger and hardier than those grown under other conditions. We have no white fly, cushion scale or like insect pests. We have been in the business for twenty-five years, and have sifted out the less important varieties until we think we have all you need in a very small number. It is a big mistake to plant too many kinds, as you thereby have too many odds and ends in shipping. Late, Midseason and Early are all you need, if you get the best. Send for circulars and prices. WE PAY THE FREIGHT.
