We Have Still Just a Few More Words to Say

ABOUT
THE
Jensen
Pineries
OF
Jensen
Florida

WE HOPE THAT OUR readers as yet have not been foolish enough to part with their crops for a mere song. Some six weeks ago the writer went over the Pineapple Section thoroughly from Fort Pierce to Miami investigating every point. The facts of the matter are that 85 per cent of the entire Pineapple crop will be shipped between Stuart and Fort Pierce, inclusive, which shows you that YOU have the pines in your section and they are nowhere else. These conditions alone will tell you that it is not advisable to sell at \$1.50 a crate this year, which is 10 cents a crate less than we averaged for all sizes last year, when there is only a small part of a crop. We would be glad to go over the matter thoroughly with you upon your request.

NATHAN G. READ **JENSEN PINERIES,** JENSEN, FLORIDA
Manager
Keenly observe our weekly letter in this space, which started in Issue of February 22.

WHITE-BLAKESLEE MFG. CO.

DOLLARS DOUBLED
BY USE OF
"Blakeslee" Gasoline Pumping and Irrigation Outfits

The practical service these outfits have given in the hands of fruit and truck growers is proven by the fact that our customers made large profits this season, while their neighbors, who did not irrigate, were not able to mature their crops, and lost money. It will pay you to investigate this, and write us for catalog \$2.30, telling you how it is done.

White-Blakeslee Mfg. Co., Birmingham, Ala.

WANTS

W. C. Braddock went to Fort Lauderdale the latter part of the week.

Mrs. Baily and children left for Jacksonville Friday, where they will make their home in future.

A Criminal Attack.

on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." Its generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis, and establish regular habits of the bowels. 25c at Fort Pierce Drug Co.,

To The Pineapple Growers

There has been some contradictory reports regarding the extent of the frost which visited us on December 23-24 and 25, extending as far south in the pineapple belt as Miami. Having personally covered every foot of ground since the above dates we gladly give the growers in general a truthful statement, as follows: South of Stuart the crop is damaged to a greater extent than the country lying north of Stuart, the older fields being damaged to the full extent. Everything points that the crop from Miami to Stuart will be small in size, also in quantity.

We have had several offers from commission men throughout the United States, who desire to contract for now from 10 to 40 cars of pines, which naturally tells the grower that they (the commission men) fully understand the existing conditions. We would suggest that you not be too anxious to dispose of your crops. If you are unable to obtain the top market prices for your product this season, we would advise you to get in touch with us.

Most respectfully yours,
JENSEN PINERIES,
N. G. Read, Manager.

Indian Hemp and Catalepsy.

A single grain of the resin of Indian hemp will produce catalepsy in a man. A few hours are required for the effects to reach a climax, when his limbs may be placed in almost any position without difficulty, and when once placed they remain in the given position indefinitely, although the natural influence of gravity would cause them to fall. During the catalepsy the body is usually insensible to all impressions.

Why

have a torpid liver when Herbine, the only liver regulator, will help you? There is no reason why you should suffer from Dyspepsia, Constipation, Chills and Fever or any liver complaints, when Herbine will cure you. F. C. Waite, Westville, Fla., writes: "I was sick for a month with chills and fever, and after taking two bottles of Herbine am well and healthy. Sold by Trowell Drug Co.
