HOMESEEKERS ADVANTAGES

(continued from page 1)
climate while they labor for the daily bread and "nest egg."

Florida has kept its light hid under a bushel. If the State had pushed itself forward and advantages as persistently and judiciously as California has it would be one of the richest and most populous States in the Union, but, at last, our mines of wealth, soil, climate and comfort have been discovered, and now the State is destined to experience a great era of material progress.

We extend to all the glad hand and welcome all who will come. We have enough of sunshine, balmy breezes, health, soil and comfort to divide with all, and then have some to spare.—Clay County Times.

Democratic Executive Committee

There will be a meeting of the Democratic Executive Committee of St. Lucie County at the office of F. L. Hemmings, in Fort Pierce, Tuesday afternoon, March 15th, at 2 o'clock, for the purpose of issuing call for the primaries and such other business as may regularly come before it.

JOHN SCHOTTLER, Chairman.
W. R. JACKSON, Secretary.

WALTON.

The Sunday dinners at the Inn are again a feature of that establishment.

The Fortnightly Assembly will keep open doors on Thursday evening the 10th at the W. C. C. Good music.

A large party of young people visited the flat woods the first of the week. Going in above Walton, returning by Eden, F. S. Waters acting as guide.

Messrs. Tiela and Bonnett have their bachelor's quarters in readiness for callers. The latch string is out. A little rush of young friends were happily received a few nights ago.

Mr. and Mrs. J. D. Hale, and daughter, left Walton for Daytona Tuesday morning. They will remain at this fashionable resort several days before going north, expecting to sail by Clyde line March 17th.

Miss Hull very happily entertained a small company of friends Thursday evening. Messrs. Racey and Williams, of Jensen, were present. The other guests were visitors of the Inn, and prominent Waltonians.

Mr. and Mrs. J. G. Wey, Eden; W. B. Crocker, Fort Pierce; Arthur E. Saeger, Ankona; Mrs. W. W. Jennings, Harrisburg, Pa.; Mr. and Mrs. Harry Jennings, Miss Jennings, Sam Jennings, city, were among the late arrivals at the Inn.

Mr. and Mrs. Maltbie and family are now registered at the Breakers, Palm Beach, where they will pass a few days. As they return will again favor Walton with their presence where their many friends will accord them a hearty welcome.

A social party held at the Inn in honor of the Misses England and Maltbie, proved to be a very happy event. The large dining room beautifully decorated with moss and palms was given over to Terpsichore. The whole affair was quite informal, reflecting great credit on the originators.

Mrs. Joseph Kennedy, who has been in Palm Beach for the past five weeks, arrived at Lula Pinery Tuesday morning, giving her old friends, Mr. and Mrs. J. T. Waters, an agreeable surprise. Mutual recognition took place, which seems marvelous, the parties not having met in twenty years. Mrs. Kennedy is the wife of Dr. Joseph Kennedy, of Adamsville, R. L., a noted practitioner of that city.

Last Thursday afternoon at the W. C. C., Mrs. William Walter Luce entertained, and as honor guest, her mother, Mrs. Jenney, of Stowe, Vt., was present. The inclemency of the weather prevented many from participating in the event, which otherwise would have been a large affair. Choice refreshments of chicken salad, bread and butter sandwich, olives, coffee, etc. were served. Games a d dancing helped the hours to fly swiftly and darkness descended before the good bye's were said.

Mrs. L. L. Segar and her guests, Mr. and Mrs. Willard, of Muncie, Ind., had the pleasure of a launch ride in the Mizpah, to Fort Pierce and return Tuesday. Miss Sawyer and W. H. Lennard were also of the party, making a very happy quintette. The day was one of the finest, and the visiting party saw Indian river in one of its happiest moods, therefore at its best. The whole affair a most pleasing little episode for the visitors to take with them, in memory, to their western home.

It is not often the rainy season is preferred for performing many stunts while crossing the city wharf. All will remember the high wind and heavy rain of last Saturday and which continued through the evening. It was then one of Walton's most estimable citizens embraced the opportunity of performing high diving in connection with other gymnastics feats. The effect of the denizens of the deep was such that none of the finny tribe or their cousins, the crabs, have been seen in that neighborhood. For those that the information may prove of value, the net racks are good life preservers. If there should be any question in regard to the matter it should be referred to —, —, —, who can speak from actual experience.

STUART.

Mrs. C. E. Roberts has accepted the principal of the public school, taking the place of Miss Harriet Patch, resigned.

The cruiser Melbourne, of Melbourne, has been in our harbor the past week with a party of ladies and gentlemen aboard.

The heavy rain storms of last week cleared the atmosphere, and this week was the best of the season and our tourists are delighted.

The handsome ocean-going yacht, Roxana, formerly owned by John W. Gates, but now by Lars Anderson, was in port Wednesday, coaling.

Mr. and Mrs. Morgan, of Nashville, Tenn., registered at the Danforth, and have chartered Captain Cleveland's motor boat for fishing purposes.

A birthday social will be held in the League rooms tomorrow night where you will be taxed a penny for each year you are old. Everybody invited.

Mr. and Mrs. Byrd, and daughter, and Mr. Shaw, of Boston, Mass., are spending a few weeks here. They are staying with Miss Susan Kitching.

There will be a baseball game on the local diamond tomorrow afternoon (Saturday) between Jensen and Stuart. Everybody come out and help the boys a little.

The Hardison family, who have leased the Santa Lucia bungalow for the season, have also chartered the power yacht Egypt, Captain Stanley Kitching, and go out daily, bringing in large catches of blue fish, sea trout, and other members of the finny tribe. They recently landed seven trout weighing respectively

ly 12, 11, 8, 5, 4, 3 and 2 1/2 pounds, a total of 46 pounds. This happy family consists of Mr. and Mrs. W. T. Hardison, Mrs. M. Montgomery, Mrs. Boyer, Mrs. Escott and Miss Ann Leach, all of Nashville, Tenn.

Pineapples and grapefruit and oranges are being shipped daily and are bringing good prices. Pines are netting two dollars a crate and grapefruit and oranges four dollars a box. The citrus fruits of this section are positively not hurt by the frosts of this winter.

A stranger was found wandering in the Woodmen forest Tuesday night, who, after being safely piloted through the many dangers lurking in his path, finally arrived at the camp where he was identified at J. E. Madson. John says we have a right husky goat.

The yacht, "Mary Jane," of New Smyrna, Captain Frank Sams, with Mr. and Mrs. Brown, of Chicago aboard, returned Sunday morning from a week's fishing trip up the North Fork. Mr. and Mrs. Brown are delighted with the fishing in the waters of the St. Lucie.

We now have a ferry across the St. Lucie river. The boat, which is large enough to accommodate two automobiles at once, having arrived last week. It will be in operation from now on, and we understand that passengers will be carried free of charge, the expenses to be shared equally by St. Lucie and Palm Beach counties.

Mr. and Mrs. Geo. W. Perkins, of New York, arrived last week in their private car, Detroit. Mr. Perkins is a member of the firm of J. P. Morgan & Company, and makes Stuart his winter headquarters. He has a handsome new cruiser, the Susie Swan, this year, and makes daily fishing trips accompanied by his friend, H. W. Bessey, of this place.

Mr. and Mrs. Hopkins, and two sons, of New York City, and Mr. and Mrs. Herbert Hervey, of Bay Head, N. J., arrived last week on the beautiful cruiser, Adeline I, of Bay Head, N. J. They have found the fishing here better than at any point between Jacksonville and Key West, and they have decided to stay another week. Mr. Hopkins and son expect to leave the yacht today and take the train for New York.

LOCAL OVERFLOW

B. J. Ford, representing the Clyde Line, is in this section this week.

J. Mortimer Smith, of Stuart, and John J. Britt, of Eldred, were in town Monday.

Bowman Carlile and Philmon Stewart, of Titusville are spending a few days in Fort Pierce.

D. E. Auston, Thomas Hellier and J. J. Pitchford, of Jensen, were business visitors in town Monday.

Mrs. L. M. Merwin, of Providence R. I. who is spending the winter in Eden, was in Fort Pierce last Saturday.

Mrs. Harry Jennings, of Walton, and her sister-in-law, Mrs. W. W. Jennings, of Harrisburg, Pa. were guests in town last Friday.

Large quantities of beans, tomatoes, oranges and pineapple are now going forward to the market every day from Fort Pierce.

The Fort Pierce Band will give an open air concert at their stand near the post office this (Friday) evening, weather permitting.

County Court has been in session since Tuesday morning, and several minor cases have been tried. A large number of the citizens of the county have been in attendance as jurors and witnesses.

Gen. and Mrs. Dennis F. Collins, of Elizabeth, N. J., are guest of Mrs. Collin's mother, Mrs. M. Klein. Mrs. Collins has not been here in eight years and observes extensive improvements in Fort Pierce.

The millionaires of the St. Lucie club crossed bats with the local baseball team Wednesday afternoon, the game resulting in a victory for the visitors by a score of 14 to 7. The local did not feel like discouraging great wealth.

The attention of our readers is especially called to the new ads of P. P. Cobb's grand millinery and drygoods opening; W. J. Nesbitt's showing of spring millinery, and W. R. Jackson's clearance sale of dressers and washstands. It is the successful man who takes advantage of these opportunities.

The Kentucky Military Institute baseball team was defeated again here last Saturday afternoon by our boys by a score of 8 to 7. The game was snappy and enjoyed by a large crowd in spite of the rain, and now everyone is commencing to believe that Fort Pierce has a sure enough ball team. The visiting team was entertained at the Fort Pierce Hotel while here.

We have just received a copy of the dainty booklet entitled "Ideal Results From Ideal Fertilizers," recently issued by the Wilson & Toomer Fertilizer Co., of Jacksonville. This is a most attractive souvenir of Florida, showing thirty views of beautiful groves and gardens throughout the state, and teaches a great lesson as to the vast possibilities open to energetic workers of the soil. We are sure that many will avail themselves of the kind offer of this enterprising firm to send copies free on request.

Our announcement columns contains two new announcements this week—both for the office of Representative in the Legislature—those of Fred Fee and Claude F. Olmstead. Mr. Olmstead has represented this county on two occasions, and satisfactorily performed the duties which he was obligated to execute. Mr. Fee is a young man well known to every voter, and is competent to make a splendid representative. He is clean and of moral habits which would not form any alliance that would endanger the county's interests.
