

Big Prizes for Grape Fruit Growers

\$50 First Prize and \$25 Second Prize, Offered by the E. O. Painter Fertilizer Company

We offer the above prizes to stimulate interest in the exhibit at the meeting of the American Pomological Society to be held in Tampa in January, 1911.

The prizes are offered for single boxes of grape fruit, though as many boxes as desired may be exhibited. No entrance fee is charged. The competition is limited to Florida products.

We also offer other prizes for Florida-grown products, amounting to nearly \$350. Write us for particulars.

If you are going to enter this competition you will find the Painter brands of Fertilizers a great advantage to you. They are **Time Tried and Crop Tested.**

Buy only what your land needs. That is the Painter plan. We supply you with the soil ingredients in which your land is deficient. And with the fertilizer your particular crop requires.

Because we ship you just exactly what your land needs, and your crop needs, ours are the most economical fertilizers you can buy. You do not have to buy a lot of fertilizer you do not need, to get what you do need.

Write for our 1910 Almanac now and get all the particulars of the Prizes and Competition at the Tampa Convention.

The Proposed Prohibition Amendment

Article XIX—Section 1. The manufacture and sale, barter or exchange, of all intoxicating liquors and beverages, whether spirituous, vinous or malt, are hereby forever prohibited in the State of Florida, except alcohol for medicinal, scientific or mechanical purposes, and wine for sacramental purposes; the sale of which alcohol and wine for the purposes aforesaid shall be regulated by law.

Section 2. The legislature shall enact suitable laws for the enforcement of the provisions of this article.

Section 3. This article shall go into effect on the first day of July, A. D., 1911.

(Note—This amendment will be voted upon by the people of Florida at the November election of 1910. If it fails to receive a majority of the votes cast on it, the present local option article of the constitution will stand. If it receives a majority of the votes cast on it, the bar rooms will go out of business on July 1, 1911.)

The Navy Department is considering the question of assigning a captain to the new battleship Florida, when she is completed in the near future. According to the rate of progress being made on the Florida, which is about 75 per cent completed, that vessel will be ready for service next July. The more the question of hog raising in this state is studied, the more does the profitableness of it appear. The climate, the soil and the products of the soil are all particularly adapted to their growth. Scores of farmers in the northern counties not only raise meat enough for their own consumption, but sell thousands of pounds. It is quite common to see a herd of from fifty to 200 head of hogs in the peanut fields.

According to statistics Florida has more automobiles than any other Southern State except Tennessee which has 3,500, and Virginia, which has 4,400. Florida has 2,000, while Georgia has only 1,300.

That's the reason your baby is ailing, cross, pasty faced and thin. Give it White's Cream Vermifuge. It will expel the worms and act as a tonic for the child. Sold by St. Lucie Drug Co.
