The Cotillion, for which invitations had been issued by the Mid Rivers Club for Tuesday evening, was of necessity postponed and will take place this (Friday) evening on account of the weather bureau neglecting to provide suitable preliminaries for that event. Pleasant weather was all that was neglected in the program of an unusually fine time. Delicious refreshments with fine music had been provided for the occasion, but a stay of proceedings may prove a benefit to all concerned. The disappointment of not being able to carry out the first plan, the second will be far more enjoyable.
