

WHAT WOMEN CAN ACCOMPLISH.

Within two months from the first mention of the necessity of securing a proper building for the several societies composing the Association of Clubs, that organization has not only secured a handsome building on a handsome Boulevard but has made a substantial payment on the same.

Now, with no wish to make invidious distinctions, the Enterprise cannot refrain from giving our ladies credit in a matter in which men folks have totally failed. Since childhood we have been hearing our men folks discuss the economy and convenience of owning their own lodge buildings and at the same time aiding in the upbuilding of the city, but so far as carrying their ideas into effect we fail to see that as much as a single brick or piece of lumber has yet been purchased for such purposes. Perhaps the example set by the women of the Association of City Clubs may stimulate the membership of the lodges and cause greater effort. Our women have proven as truth what General Grant is credited with having said, "the way to do a thing, is to do it."

The educational institutions of our city have drawn hither a very large percentage of young people and it should be the aim of all good citizens to surround the youth by strictest moral influence, and to this end the Woman's Enterprise will bend its best efforts. Should youthful minds yield to baneful influences through the medium of the press, no blame shall ever attach to the Woman's Enterprise.

As we stated above, those who wish to be furnished such vile and filthy reading as appears almost daily in public print they must seek other sources than our columns.

If among the citizenship of Baton Rouge there be those who seek news or reading of a sensational or salacious character they must seek elsewhere than in the columns of the Woman's Enterprise to gratify their perverted desires. There will be no filthy Silliman disgusting details, nor will there be Kaber murder or like nauseating events recorded. The Woman's Enterprise will never assist in spreading such vile, filthy news fit only for the columns of journals catering to the lower elements of society.

Communications will be welcome to the columns of Woman's Enterprise, provided they are free of spiteful personalities or other offensive subjects. By no means will we permit the paper to become a vehicle for the dissemination of personal grievances. In writing, all those, except contributions authorized by the Association of Clubs, will be required to furnish their names as anonymous letters will receive no attention but find sepulchre in the waste basket.

If the good people of Baton Rouge consume all the watermelons brought to town their tastes in that direction must surely be gratified. Daily, wagon load after wagon load are to be seen on the streets and all seem to find ready sale. Our colored friends prefer the juicy watermelon to all fruits or vegetables and the quantity they consume is almost beyond computation.

As an advertising medium the Woman's Enterprise is unsurpassed, with its two thousand edition circulated by the Association of the City Clubs it will reach every home in this city and many in the country wards. It will not be a free circulation by any means but that every copy will be purchased goes without saying. The ladies will see to that.

Now as it is well understood that the women folks do seventy-five percent or more of family purchasing, the advantage of advertising in a woman's journal can readily be seen. At all events the wide-awake merchants who advertise in this issue seem to realize the fact that a woman's publication is a place from which to get results.

**This Summer—
A VICTROLA**

You gain a kind of pleasure from the Victrola that nothing else can give. To enjoy at any moment the actual music of the foremost artists is possible through the Victrola alone.

You may carry this delightful privilege with you in the summer months. We have convenient models for traveling and outdoor use that will make it easy.

Call on us today.

EAST BATON ROUGE LEAGUE OF WOMEN VOTERS.

By DAISY BADLEY.

The Woman's Suffrage party automatically became The League of Women Voters upon the ratification of the Nineteenth Amendment, August 19, 1920.

The object of this organization is to foster education in citizenship and to support improved legislation. The League urges every woman to become an enrolled voter, but as an organization it shall be allied with and support no party or faction.

Women as individuals may support any candidate and join any faction or party, but as an organization it is non-partisan. The officers are: Miss Daisy Badley, Chairman; Mrs. H. K. Strickland, Vice-Chairman; Mrs. H. C. Yarbrough, Recording Secretary; Mrs. Kemp Smith, Treasurer; Mrs. G. P. McNeel, Chairman Legislation; Mrs. D. W. Thomas, Chairman Child Welfare; Mrs. A. G. Reed, Chairman Membership.

The East Baton Rouge League of Women Voters held six public meetings in 1920. The candidates for the Constitutional Convention appeared before the women and gave their views on the different questions which were coming up in the Convention. Dr. R. L. Tullis also gave several very instructive lectures on the ballot.

In 1921, the League petitioned the police jury to have a greater number of polling places, on account of the congestion caused by the increase in population. This was granted.

In May the Governor was petitioned to appoint two women on the School Board because of the increase in population in the First and Third Ward; this was also granted. Mrs. Alvin K. Albritton and Mrs. N. B. Brown are the first women to sit on the School Board in this parish.

The League was instrumental in having two ordinances written into the new constitution "Mother's Pension," and "Absentee Voting."

The League is at present cooperating with the Civic League in the effort to have medical inspection in the local schools.

Of special interest at present, is the campaign to have all women pay their 1920 poll taxes before the end of September. A house to house canvas will be made for registration next January.

The East Baton Rouge League of Women Voters is independent and not connected with any state or local organization in any way.

SODALITY OF THE CHILDREN OF MARY.

By CADIE AMISS.

This society is composed of young ladies from fifteen years of age up. Its object is two fold:

1st. The spiritual welfare of its members. The fostering of a spirit of filial love and devotion for the Mother of God, and the practice of piety among those who compose the society.

2nd. The second aim of the Sodality is the spirit of charity for the poor and suffering, visiting the sick and consoling the dying.

The members take a special interest in donating and working for the orphans. The Sodality has just begun a Building Fund for these little ones and the members are anxious to have as many join this fund as they can get to donate to this good work.

The members hold monthly meetings at which important business transactions take place and the minutes read.

Spiritual gatherings are held every Sunday and on second Saturday of each month.

REPORTER GETS IT.

There is a strosy appeal in Marshall Neilan's mile-a-minute melodrama of newspaper life, "Go and Get It" for overseas men who have or are contemplating returning to civil life in the adventures of the hero Kirk Connelly. During the war Connelly's task—much against his will—was that of cook. But he found time between meals to do some real hero stuff and get wounded. On his return to private life Connelly gets a job on the editorial staff of a big daily newspaper in the hope of becoming a reporter. But to his great disgust the managing editor sets him to writing cooking recipes. But fortunately for the young veteran this condition does not last long. He is eventually assigned to a story and it leads to one of the most amazing assignments a reporter has ever had fall to his lot. And the ex-cook book editor acquits himself in a most creditable manner and "gets the story" and a "scoop." But you will have to see this picture at the Elks Saturday and Sunday in order to appreciate how truly big it is. It is a First National Attraction and is considered by them as one of their best releases.

KAHN-KRAUSS CO.

Splendid Values and Delightful Selections in Silk and Muslin Underwear can always be found at our store

Kayser Silk Underwear

Here is an opportunity to lay in a supply of these wonderfully attractive Undergarments at extra special savings in price
